

CITY COUNCIL PROTESTS

AGAINST BORROWING POWERS FOR UTILITIES COMMISSION

Adopted Wage Increases to the Firemen—Garbage Changes Will Save \$3,000—Mayor Hughes Back Again.

The City Council put through a lot of business in three quarters of an hour on Monday evening. It registered objection to the proposal that the Ontario Government should amend the Power Act giving Public Utilities Commissions power to borrow or guarantee moneys without consulting the municipal council or ratepayers. It also passed the fire committee's new wage schedule.

Mayor Hughes, who has just returned from California, was in the chair again. His worship remarked that he had a pleasant holiday and he wished the thank Aid. Kent for acting as mayor in his absence, and Aid. Newman for meeting the returned soldiers. The mayor also stated that he had spent an evening in Los Angeles with Edward Crumley, a former well-known Kingstonian, who was deeply interested in the affairs of his native city, and who asked him to extend to the Council his congratulations over the advances that had been made by the old Limestone city in various ways.

Finance and Accounts. These recommendations of the committee on finance and accounts were adopted: That the accounts as rendered by the fuel commissioner be paid. That tenders be called for printing the auditor's report of 1917. That the communication from the Great War Veterans' Association asking that a returned soldier be appointed as accountant in the public utilities office be referred to the Public Utilities Commission. That whereas Mr. Krebs, Mr. Powers and Mr. McCallum of the Hydro-Electric Commission have advised the chairman of the Public Utilities Commission of this city that they would endeavor to have the act amended whereby the local Commission could borrow or guar-

antee money without consulting the Council or ratepayers of this city; and whereas this city have made application to the Hydro-Electric Power Commission of Ontario asking them to endeavor to obtain amendment to the Municipal Act, which would give the Public Utilities Commission of this city power to make small capital expenditures out of revenue, that this Council hereby instructs the city solicitor to oppose such legislation, as the ratepayers have already guaranteed a large debt on these plants and said debt should not be further increased without their sanction, and that the power to make capital expenditures out of revenue is detrimental to the interests of the consumer.

That the following accounts be paid: Board of Works. Pay list, March '12 \$1,355.86 W. F. Alairie 5.75 Thomas McAuley 5.00 James McFadden 2.25 James Richardson 116.59 \$1,486.39

Fire and Light. S. Anglin & Co. 34.78 J. S. Armstrong 248.50 American LaFrance Co. 3.60 John Kelly & Son 39.30 J. A. McFarlane 20.00 Pay list, help at fires 13.00 W. J. Vince 14.90 Public Utilities Commission 12.64 \$286.72

Garbage. Savage & Co. 1.25 Fred Thomson 125.00 \$126.25 Amusement Tax, Printing, Etc. Canadian Express 25 British Whig Publishing Co. 17.05 The Jackson Press 46.50 T. McAuley 26.95 City Registry Office 6.23 \$107.49 Public Utilities Commission \$14.75 W. H. Phillips \$650.00

Garbage Saving. The following recommendations of the garbage committee were adopted: That on account of several changes and reforms which have recently taken place in connection with the collection and disposal of garbage, the following be made: That whereas considerable amount of garbage is now being gathered by collectors, other than the city system, the services of the four helpers be dispensed with. That whereas collection of paper, etc., is now on a systematic basis, that the team and wagon be displaced by a horse and wagon; that the services of the helper for that work be dispensed with and the wages of the collector increased from 33 to 36 cents an hour. That whereas the boiler has been removed and an engineer is not now, and will not be needed in the future, the services of the engineer be dispensed with.

That a man be placed in charge of the work of burning the garbage at 25¢ an hour to be appointed by the inspector. That a spare man be appointed by the inspector. Aid. Newman explained that the garbage committee's recommendations meant the saving of \$3,000, and next year it was hoped to charge the citizens three-quarters of a mill instead of the present rate of a mill for garbage collection. The mayor and Aid. Corbett remarked that the garbage committee should be complimented upon its good work.

Firemen's Increases. The fire and light committee's recommendations with regard to firemen's wage increases were adopted without discussion. The increases are the same as recommended to council at its last meeting and which were referred back for further discussion. Schedule A, of by-law No. 45, 1909, Section 4, was amended by adding after the word "duties" the following: "including all necessary alterations, repairs, etc., to the stations and apparatus, as in the opinion of the fire chief they are capable of doing."

Aid. Wright moved, seconded by Aid. O'Connor, that the application of the Canadian Oil Company to install a gasoline tank under the sidewalk at 228 Ontario street, be granted. Aid. Newman gave notice that he would move at the next meeting that the garbage and refuse department's name be changed to the City Health Department.

Aid. Linton announced that the civic reception to returned soldiers was to be held on the evening of the 11th, and he asked that aldermen having motor cars keep that evening open and lend their cars to convey the soldiers to the city hall. On motion of Aid. Simmons, the application of Robinson and Wiltshire to install a gasoline tank on Bagot street, was granted.

In attendance were Mayor Hughes and Aids. Armstrong, Anglin, Black, Chown, Corbett, Hewitt, Kent, Linton, Newman, O'Connor, Peters, Simmons, J. W. Smith, White and Wright.

GUARD YOUR CELLAR; LIQUOR THIEVES BUSY Two Cases Reported to Have Been Taken From a Citizen's Cellar. Now that the "lid" is on tight, regarding the bringing into the city of intoxicating liquors, citizens who have a stock of the "precious stuff" will do well to have it put away. A ready one has been reported to the Whig where two cases of liquor, one of whiskey and one of brandy, were taken from a citizen's cellar.

The liquor in question was locked up in the cellar, but the thief or thieves secured an entrance and succeeded in getting away with their "cargo" without being molested.

THURSTON THE MAGICIAN

MYSTIFIES LARGE AUDIENCES AT THE GRAND OPERA HOUSE.

"Villa Captured" is a Sensational Sketch—Spiritualism and Hypnotism Are Introduced in Thurston's Programme.

Thurston the magician opened a two-days' engagement at the Grand Opera House on Monday afternoon to a large and appreciative audience. Old and young thoroughly enjoyed Thurston and his many new and old illusions, sleight-of-hand problems, card tricks and the rest of his programme. This visit brings with it new mysteries to his already extensive repertoire and there is everything from all the animals of the farmyard to an automobile in his outfit. Novel scenic and electrical effects and mechanical equipment add greatly to his splendid three-hour entertainment.

"Villa Captured" is a feature of his offering and from its start to its sensational finish, nothing more realistic and thrilling has been offered by a magician here. It is a remarkable, daring and sensational sketch, requiring a large cast and introduces a race through the mountain passes of the Mexican border of a motor cycle and an automobile.

Spiritualism and hypnotism form the basis of two most bewildering stunts. Of them Thurston says: "There have been many true and fraudulent mediums since the dawn of this mysterious force. My object is to mystify and entertain," and he certainly accomplishes this in a most complete way.

The entertainment is in three parts. The first part includes aerial fishing in which pigeons, very much alive, are caught in a net from the stage and auditorium. Hypnotism, the glass trunk, mystic rabbits, the vampire and a comedy entitled "A Bit of Fun," complete the first part.

In the second part Thurston produces an answer to the question: "Do the Spirits Come Back?" This is indeed the best part of the performance, and proves an interesting mystery to even the most doubtful of audiences. It is so conclusive and so bewildering that the audience is held spell bound watching that which seems to be a physical manifestation of spirits. "Flags of the Allies," and "The Wandering Handkerchief" prove very interesting parts of the programme.

A very interesting feature is the introduction of some exceedingly clever shadow work by Theodore Hamberg. The third part is divided into seven sections under the titles of "The Pigeon Pie," "The Mystery Oh," "The Haunted Screen," "Shadows of Life," "The Bangkok Bungalow," "The Lady and the Boy," and finally the "Triple Mystery." This latter includes a thrilling descent from the air of a girl who appears in the last of three trunks, each smaller than the first.

The entertainment is superior to anything which Thurston has previously presented and should draw large audiences this (Tuesday) afternoon and evening.

ASKS THE DOMINION TO SEND MORE MEN Lloyd George "Urges the Government of Canada to Reinforce Its Troops." Ottawa, April 2.—The Duke of Devonshire, Governor-General of Canada, has received the following cablegram from Premier Lloyd George: "I have been inspired during the past week with constant news of the dauntless courage with which the Dominion has withstood the desperate attacks of more numerous German troops. This battle shows that the Empire has reason to be proud of all its sons. Our armies cannot have too many of these splendid men. As already announced, we propose to ask Parliament to authorize immediate measures for raising fresh forces. I would also urge the Government of Canada to reinforce its heroic troops in the fullest possible manner, and with the smallest possible delay. The struggle is only in its opening stages, and it is our business to see that our armies get the maximum measure of support that we can give them. Let no one think that what even the remotest of our Dominions can now do can be too late. Before this campaign is finished the last man may count."

VICTORIES ARE FUTILE Britain and America Unbeatable, Says Vienna Paper. Basel, Switzerland, April 2.—The Arbeiter Zeitung, of Vienna, in its Thursday's edition, a copy of which has been received here, sounds a note of warning to the Teutonic Allies as follows: "Do not be deceived. German's victories will never force the Entente to accept a peace of violence. If the Germans could take Calais and France, and even force France and Italy to capitulate, there will ever remain the English hidden in their island, and America, protected by the ocean. They can always continue the war by sea. The greatest victory cannot impose a peace of violence on America and England."

Will Act When Time Comes. Tokio, April 2.—Japan has made no formal proposal to the Allies about Japanese intervention in Siberia, but if the Russian situation becomes threatening, this Government intends to take quick action, Foreign Minister Motono told the diet here yesterday.

John Morrissey, retiring messenger at the post office, was the recipient of a fine blarney pipe, the gift of the deputy post office inspector, J. C. Strange.

Prof. L. A. Zuffelt, superintendent of the Kingston Dairy School, left on Tuesday for New Liskeard, where he will address a dairy meeting.

Pete Orville Jinks, Peterboro, is suffering from typhoid fever in the Kingston General Hospital.

Honesty always was and always will be mighty good backing.

A man may have social standing and still not be over brainy.

Overseas' Boxes

Safety Razors, Shaving Soap, Antiseptic Soap, Antiseptic Powder, and all the little comforts that go to make life bearable for the boys in the trenches

SARGENT'S DRUG STORE Corner Princess and Montreal Sts. Telephone 41.

Peanut Butter

Clark's fresh made Peanut Butter, 35c lb. Also in glass jars 15c, 20c, 25c, and 35c

Crawford's Grocery

"Good Things To Eat." Phone 26.

Slight Stroke of Paralysis

Down Left Side—Stomach and Heart Affected—Case baffled Doctors For Three Years.

Trenton, Ont., April 2.—A very interesting report has been received from Mrs. Pringle in regard to her recovery from partial paralysis. This was a most extreme case, for doctors had been trying for three years to find something which would restore the depleted nerve force.

One can scarcely imagine stronger evidence of the restorative influence of Dr. Chase's Nerve Food.

Mrs. C. Pringle, Queen street, Trenton, Ont., writes: "About five years ago I was troubled with my stomach, there was sort of paralyzed feeling across it and up my left side, and my heart seemed almost to stop beating. I called in the Doctor, and he thought it was symptoms of a stroke. My stomach kept getting worse. At times the pounding would be intense, almost unbearable, and I thought I would go wild. Sleep was out of the question. I tried different doctors, giving each one a fair trial, and doctoring nearly three years. My case seemed to baffle them. It was a nervous breakdown caused by overwork and worry. During all this time I could not do any work, and my friends thought it was a matter of time how long I would live. Some one advised me to try something to build up the system, and I tried different medicines. Finally I thought I would try Dr. Chase's Nerve Food, and see if they would do me any good. A famous doctor sanctioned my using these pills, and told me they would be good for me. They seemed to be just what I required, as I soon saw an improvement. I took about fifteen boxes, and the results have been very gratifying. I am now enjoying splendid health, and able to do all my work, eating anything I wish, and can go to bed and get a good night's rest. I have recommended Dr. Chase's Nerve Food to many of my friends, who have also secured good results from this treatment."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute, imitations only disappoint.

Teeth Like Pearls

Attract attention and are desired by everyone—get a good brush and a little powder or paste (we can supply these) and a few seconds each day will soon make you proud of your own and justly so. Unclean teeth cause ill health and foul breath, while a clean mouth assures good health and sweet breath. Get the best at
