ST. GEORGE'S GOOD YEAR

CATHEDRAL VESTRY MEETING HEARD ENCOURAGING REPORTS.

Full Mission Apportionment Met—Debiture Fund Reduced—Priest Vicar's Stipend Increased.

The adjourned meeting of St. George's cathedral vestry was held in St. George's hall on Tuesday evening. Dean Starr was in the chair. In the rector's report it was remarked that despite the anxiety consequent upon the war, the activities of the cathedral had been more, as shown both in the much increased number of communicants at Christmas and Easter, and also in the mission givings, the cathedral apportionment of which was met in full (\$1,850) and a goodly sum extra, as well as in special efforts put forth to improve the general financial condition of the church.

The dean referred to the following who had made the great sacrifice: Col. D. I. V. Eaton, R.C.H.A., at Vimy; Major Stanley Waidron, C.F.A., at Vimy; Lieut. William Garrett, C.F.A.; Sergt. "Jack" Mills, P.P.C. L.I.; Sergt. Irwin Conley, 38th Battalion, and Sergt. Frank Daly, in Canada.

The report of the church wardens showed total receipts of \$12,493.24. There is an overdraft of only \$399.08, showing an improvement over last year of nearly \$800.

The report of St. George's mission showed total receipts of \$136.92. Through a donation previous to the vestry meeting, there would be \$1.09 to the good. St. George's Mission Sunday school had total receipts of \$25.55 and a credit balance of \$9.95. It had contributed \$4 to missions; \$2 to Armenian Relief, and increased its roll to 45. It was also reported at the same time that in the year 2,641 articles had been made for the Red Cross Society by members of the mission congregation.

R. J. Carson and P. D. Lyman were re-elected church wardens; P. D. Lyman, S. C. Calvin, C. C. Hodgkins, Charles Kirkpatrick, Charles Smith, W. Sawyer, H. Price, N. Gill, John Taylor, and William Jackson were elected sidesmen; R. E. Burns and C. C. Hodgkins, auditors, and Charles Kirkpatrick, vestry clerk. The finance committee appointed consists of the dean (ex officio), the priest-vicar, Messrs. Carson, Lyman, Calvin, Hodgkins, Tandy, Burns, J. Johnson and Price.

The reports of the Sunday school showed an increase of 10 per cent. in attendance and a balance of \$40. Mile box returns, over \$45; contribution to Armenian Relief of \$20, and to Halifax Relief \$18.75; total receipts, \$208.86.

The Church Warden's Aid Society had a banner year: Total receipts, \$691.94; a grant of \$500 was made to the debenture fund and two \$50 Victory bonds purchased; balance, \$30. St. George's ward in Kingston General Hospital was provided with \$100 worth of linen.

The A.Y.P.A. granted \$75 to the debenture fund and purchased one \$50 Victory Bond. Besides a fair amount of Red Cross work, this organization provided entertainment for soldiers in the city at least once every month.

The various branches of the Woman's Auxiliary showed excellent returns and evidence of increased membership and interest. The thank-offering from the Cathedral W.A. was \$159.

The finance committee met regularly monthly, its most important effort being a canvass to raise money for the debenture fund which produced over \$800, which is to be contributed for two more years, until the duplex envelope system is more generally adopted.

A bequest of \$200 from the estate of the late Mary Adams, a devoted member of the congregation, was reported. This money will be applied to the defraying of the expense of wiring the hall and placing suitable brass plate in the cathedral.

The stipend of the priest-vicar was increased by the sum of \$200.

DAYLIGHT SAVING COMING

CLOCKS TO BE TURNED ON AN HOUR SUNDAY MIDNIGHT.

News of Legislation Passed at Ottawa Received Here With General Satisfaction—A Boom For Increased Production.

At last we are to have daylight saving. At midnight on Sunday, the hands of the clock will be pushed on an hour. The necessary legislation was put through at Ottawa on Tuesday and the news was received in Kingston with general satisfaction, for it is something that the people, as a whole, have been heartily in favor of. In view of the demand for increased production, it will work out fine, as it will allow for an extra hour's work in the garden in daylight and in these days of war, when the cry is produce, produce, produce, it will mean much to the city gardeners.

The Board of Trade, at a recent session expressed itself as being heartily in favor of daylight saving; so this means that the business men generally are in favor of the measure which is about to be put into effect.

Francis-Cockade Wedding.
The marriage of Miss Villatte Cockade, daughter of Capt. William Cockade of the Kingston Fire Department, to Walter R. Francis took place on Wednesday at the home of E. E. Wathen, 143 Nelson street. Rev. T. W. Savory, rector of St. James' church, officiated. The wedding was of a private nature, only a few friends being present. The bride was given away by her father. Mr. and Mrs. Francis left on the 1.45 p.m. train for Windsor and Detroit and will return by way of Toronto. They will reside on Collingwood street. Mr. Francis is manager of the New England bakery here.

King George has signed a Royal warrant providing that promotions to the rank of general in the British army shall be by selection instead of by seniority.

The Theatres

Tonight, "Gus Hill's Minstrels."

Gus Hill's big minstrels will be the attraction at the Grand Opera House to-night. Mr. Hill always has the best obtainable in the minstrel line and the local playgoers can feel assured of two solid hours of song, story, fun and beauty, color and music. From every standpoint, the show is as the show bills say, "biggest and best ever." This season's offering is said to be a pleasing combination of all the elements necessary to make up a successful minstrel show, with a predominance of that element which always makes the Hill shows display great originality. Hill has gathered around him the best minstrel men in their various lines and the result is the best show of its kind ever organized. The first part is entitled "A Study in Colors," a most magnificent and beautiful and beautiful. The ensemble of the company of sixty is great and gives zest to the show from every standpoint, from the rise to the fall of the curtain.

At Griffin's.
Talented Billie Burke again captivated the audience at this popular place of amusement last evening in the up-to-the-minute American play, "Eve's Daughter," a rippling, peppery picture, dominated by the piquant personality of bewitchingly pretty Billie Burke. Jack Pickford and Louise Huff in "The Varmint" proved to be a splendid attraction, which kept the audience in a most enthusiastic mood from beginning to end. To-night these two good features will be given a final presentation, along with the fourth episode of that most melodramatic serial, "Vengeance of the Woman." This is a bill you can't afford to miss.

At the Strand.
The bill at the Strand last night was well patronized, despite the counter attractions, and the large audience was well pleased with the presentation of Constance Talmadge in "The Honeycomb," in which the troubles of a wife of a day when she finds her young husband in the dressing room of an actress in the theatre where they are staying, are well shown. The scene is laid at Niagara Falls, and many pretty and interesting views in and around the Falls are shown. Mrs. Vernon Castle, the best dressed woman in the world, was also seen in "The Mark of Cain." These two features, with comedy reels, will be shown for the last time to-night. For the last three days of the week William S. Hart in "The Georgia" and "Toto," the boneless clown, will be shown together with comedy reels, and these features will be well worth seeing.

Algonquin Park.

This wonderful Government reserve of nearly 2,000,000 acres of forest, lakes and rivers set aside for a playground for the people has become one of the principle objective points of the summer tourist, the camper and canoeist. Good hotels and log cabin camps with most reasonable rates, situated in different parts of the park and operated by the Grand Trunk Railway System offer first class accommodation for those who do not desire to live in the open. Unlimited canoe routes for the camper, splendid fishing, beautiful country, and pure and invigorating air is found above sea level. Illustrated descriptive literature and all particulars may be had on application to any Grand Trunk agent or to J. P. Hanley.

HON. JUSTICE DUFF MAKES RULE PLAIN

A Claimant for Exemption Must be Indispensable in National Work.

Ottawa, April 10.—The claim of a waiter for exemption from military service on the ground of his employment, has been refused by the Central Appeal Judge. The waiter, Albert Ladouceur, was employed in a Joliette, Que., restaurant. He was granted exemption by the local tribunal so long as he remained in his present employment.

In another judgment, the Central Appeal Judge discusses the position of an employe in a munition works. The subject of the application, E. J. O'Carroll, is employed at Canadian Vickers, Limited, Montreal. He was granted exemption by the Lower Court on the ground that continuation in his present employment was of national importance.

"The Central Appeal Judge," the ruling of Hon. Justice Duff continues, "has taken occasion more than once to point out, what must indeed be obvious, the two factors in the material necessary to establish such a claim. First, the national importance of the work, and second, the indispensability of the individual. The subject of the application appears to be an accountant, and there is no evidence whatever to show that he is indispensable."

Red Cross Appeal.

On Sunday next, through all the churches, an appeal is being made for special contributions to the British Red Cross Fund.

The total expenditure of the British Red Cross for the first year of the war, to October 20, 1915, was \$8,500,000; for the second year of the war, to October 20, 1916, it was slightly over \$9,000,000. Today it is approximately \$300,000 a week, or \$16,000,000 a year.

These figures give force to the statement of the chairman of the executive, namely, "If Canada fails us now we must curtail many of our activities, for the province of Ontario gave in 1915, \$1,515,000, and in 1916, \$1,680,000."

The real appeal to Canadians this year is, therefore, contained in the one sentence, "This great work must go on."

There was a large increase of deaths in Paris during March, resulting from pneumonia, ascribed to people taking refuge in cold cellars during air raids.

Rev. W. H. Sedgwick, Hamilton, and Rev. R. Menzies, M.D., Hanan, China, were given the honorary degree of D.D., by Knox College, Toronto.
