**MAKING PERIODICAL CALLS REMOVING WOODEN BRIDGE**

ALMOST ALL MEN PHYSICALLY FIT PUT IN UNIFORM. WHICH HAS GIVEN GOOD SERVICE OVER THE HARBOR.

Now Discussing Which Class Will be Called Next—Periodically Calls To Be Made.

That there will be a continuation of the calling up by classes or categories of men under the Military Service Act is assured in local military circles. Out of the province of Quebec, which has already occasioned so much trouble, almost all of the easily available men in Class I are now in uniform. In this district, the only remaining men in Class I not in uniform are deserters who failed to report when called or men granted extended exemption. In the former class the Dominion Police are making heavy raids and every day bringing in a gang. In the latter, the Military representatives are making the most minute inquiries and endeavoring to prove that the exemption should not be allowed. A questionnaire is being sent out to all of these men and questions are being asked of relatives and friends. In all cases where the first evidence is not borne out by these facts, the case is reviewed and almost every time a new decision is given.

The work of securing more men who are physically fit or in Category A, are used for combatant units. The men in category B, who are not good enough physically for combatant service but needed in such work as forestry and railway construction, are now being called. These men are now being sent a questionnaire which asks all manner of questions. On this their exemption will be decided. If the men are disallowed they will be called in the same way, that the category A men were drafted.

In connection with the exemption of these men, Judge Lavell stated on Monday that he expected to have a number of these cases before him in the near future.

The authorities here do not know whether the next class will be for category C men, for those above the Military Service Act age limit (thirty-four years) or for married men without children. As category C men are useful only for home service it is unlikely that they will be called. The increase in the age limit is possible but the medical authorities claim that thirty-four is the limit of a man's physical usefulness. The call to married men would not be as well accepted by the public as either of the first two classes.

There will certainly be continued work for Major H. P. Cooke and his staff in any event, as more men are to be called periodically.

**ACHING HEAD, PAINS IN BACK**

Heart Action Was Weak and Nerves Greatly Exhausted—Now in Extra Good Health.

Tweed, Ont., Apr. 17.—This is a cheering letter from Mrs. Wagar, because it describes the condition in which many women find themselves and tells how cure was effected.

Once the food cure was resorted to the system was gradually and certainly built up and reconstructed. The old symptoms disappeared, because the reason for their existence had been overcome. It is well worth while to give Dr. Chase's Nerve Food a trial when such results are obtained.

Mrs. H. E. Wagar, Tweed, Ont., writes: "My system was in a run-down condition, I could not sleep well and was very nervous. I had frequent headaches and pains through my back, and my nerves used to twitch. I took weak spells, was short of breath and my heart action seemed weak. I was in very poor health generally. I went to a doctor and he advised me to take a rest, and gave me medicine, but it did not help me. My husband got me some of Dr. Chase's Nerve Food one day, and this treatment gave me such relief that I took many boxes—I cannot tell just how many, but enough to build up my system, and rid me of the old symptoms. I gradually began to get stronger, until I could get around and do my own housework. I am not bothered now with sick headaches, and am enjoying extra good health. I would recommend Dr. Chase's Nerve Food to all suffering from nervousness of any kind."

Dr. Chase's Nerve Food, 50c a box, a full treatment of six boxes for \$2.75, at all dealers, or Edmanston, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.
