ST. PAUL'S VESTRY MEETING

THIS ANGLICAN CHURCH NOW OUT-OF DEBT.

The Work of the Rector, Canon Fitzgerald, Greatly Appreciated—Congregation Increases His Stipend by \$150.

The adjourned meeting of the vestry of St. Paul's parish was held on Monday evening, with the rector, Canon W. F. Fitzgerald, in the chair. Everything was shown to be in first class condition, the church now being out of debt. An increase was shown in all departments, due to the large extent to the devoted and untiring efforts of the rector.

The actual increase of the revenue for ordinary church purposes was \$236.34. The total amount raised for mission was \$233.53; Sunday school receipts, \$263.75; W.A. receipts, \$125.91; Ladies' Guild receipts, \$306.56; A.Y.P.A. receipts, \$67.28. The organ fund shows a cash balance on hand of \$177.06.

The rector re-appointed R. F. Elliott as his warden for the ensuing year. The people's warden, E. M. Loscombe, retired owing to ill-health, and Capt. W. Peters was elected to fill the vacancy caused by the regretted retirement of Mr. Loscombe. A resolution of regret and appreciation of his past services was passed. C. A. Hunt was re-elected as vestry clerk and envelope secretary. W. J. Monk was re-elected as mission envelope secretary.

A resolution of appreciation of the services of the pastor for the past eleven years and of the progress of the church was passed, and the rector was unanimously voted an increase of \$150 in stipend. The sexton, J. Bird, was re-appointed, and given an increase of salary. J. W. Power was re-elected lay delegate to synod for three years. W. G. Ferguson and H. W. Snelling are the other synod representatives.

A vote of thanks was also tendered to R. H. Elmer and Mrs. W. H. Carnovsky, for their success in wiping out the coal bill.

Votes of thanks were passed to the choir and organist, Sunday school teachers, all the ladies' societies, various church societies and all church workers.

IN MARINE CIRCLES.

Navigation Opened for the Montreal Transportation Company on Tuesday morning, when the tug Thomas cleared with the barges Kingston and Lapwing, to load coal at Fairhaven for Montreal. The tug Thomson will return to Kingston and clear with the barges Augustus and Condor to load coal at Charlotte.

The steamers Windsor and McVittie will clear on Wednesday or Thursday for Oswego.

The steamers India, Advance and Shula will clear on Wednesday or Thursday for Ashabua to load for Montreal.

The water was let out of the Lachine Canal on Tuesday and will be out until the end of the month for slight repairs.

The steamer Westmount arrived in Collingwood from Midland on Sunday, and will clear from Collingwood for Fort William on Saturday.

The steamer Cleonmont and the steamer Papezonga, with the barge Thunder Bay in tow, will clear from Collingwood for Fort William today.

The steamer Atikoke will clear from Collingwood for Fort William on Wednesday.

With the breaking up of the ice in the harbor the boats are being made ready for the opening of navigation. The freighter Cadillac, which has been in the Kingston Shipbuilding Company's drydock for the winter months undergoing repairs, was towed to the Canada Steamship Company's wharf on Monday and had steam up on Tuesday morning.

As yet the local office of the Canada Steamship line has not received notification as to the date of the opening of navigation for their boats, but it is expected that word will be received in a few days.

Last fall six of the company's biggest freighters were not down to the ocean for service, but during the winter a number of others have been bought for the inland traffic and a busy season is expected.

The Cheese Factories Are Opening—Pasture Slow.

The cheese factories are opening up gradually in the Brockville and Belleville dairy sections, says the Trade Bulletin, but advises from Belleville on Monday last stated that rain was badly needed to bring on the pastures; but it will no doubt come in due time. The factorymen are now anxiously awaiting the action of the Dairy Produce Commission in fixing the price for the coming season. One factoryman writes to a firm here to the effect that he is making full preparations for the coming season regardless of what the price will be. This is the right spirit in which to look at the question, as the chief object of all factorymen should be to turn out as large a production of cheese as possible during the coming season. The factorymen may rely upon the price fixed by the Dairy Produce Commission being sufficiently profitable to turn out as large a make as possible. They want the cheese, and will be prepared to pay good value for them. The Commission are paying for old cheese 21 3/4c for No. 1, 21 1/4c for No. 2 and 20 3/4c for No. 3; and it is confidently expected that the fixed prices for 1918 will not be below those of last year.
