Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

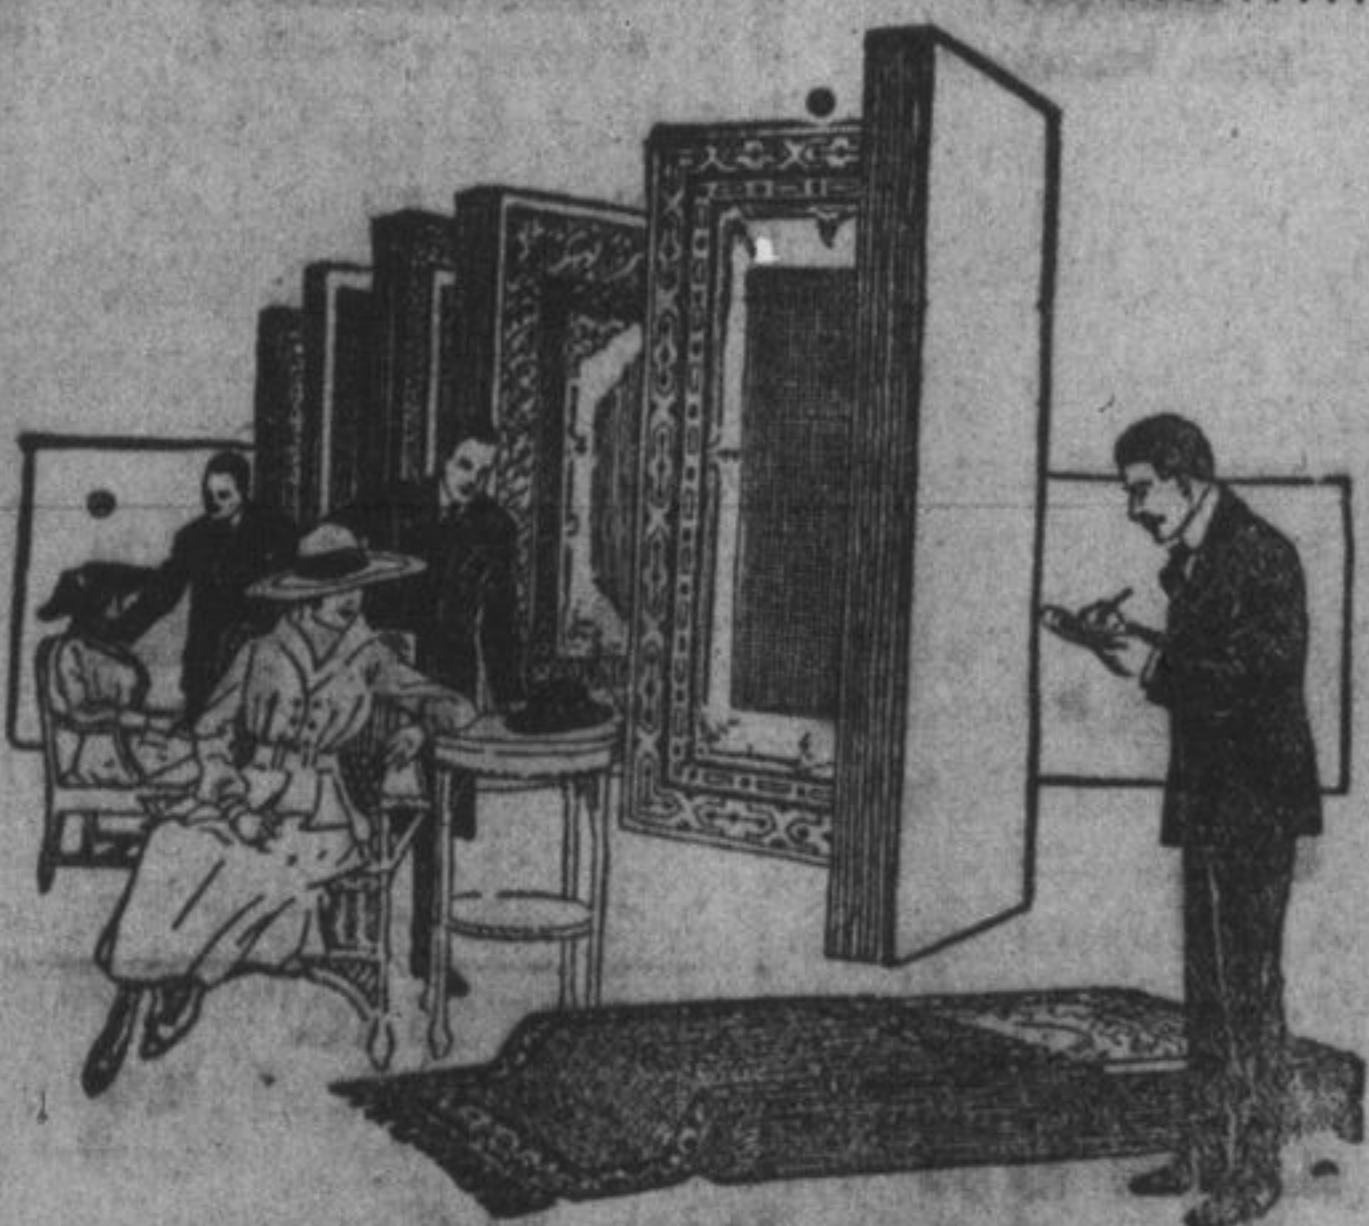

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

YOUNG FARMERS TO REPORT FIRST

And Then Return to the Farms For Two Weeks.

NEEDS OF ALL PROVINCES

TO BE MET SAYS MINISTER OF MILITIA.

Hon. Adolphe Lemieux's Announcement That Quebec Was Enlisting Strongly in Royal Flying Corps Received With Cheers.

Ottawa, May 3.—In the Commons yesterday afternoon Dr. Edwards asked the Minister of Militia whether young men from the farms who were aged 20 to 22, and who had been called upon to report for service, would be allowed to return to the farms after doing so. He asked this question in view of the announcement by the Minister that young men from the cities would be called before the farmers.

Gen. Mowburn said that registrars had been requested to send out notices to men in urban centres calling upon them to report before notifying the farmers. In some cases this had not been done, and in others there had been some difficulty in distinguishing between men in urban centres and farmers. Every effort was being made to give the young men who were engaged in seeding operations time to finish their work, and they would be allowed to return to the farms after registering for about two weeks.

P. Michaud said that in New Brunswick the seeding season did not end until the middle of June, therefore two weeks was not long enough to release the young farmers. He wanted the Minister to extend the time.

Gen. Mowburn replied that every effort would be made to meet the needs of the various provinces.

Replying to Mr. Proulx, Hon. Mr. Doherty said that the Military Service Act had entailed expenditure up to date of \$1,803,581. The registration of Class 1 men under the Act was \$397,571. The registration of Class 1 men under the Act was \$397,671. Of these, \$9,760 had been actually placed on service.

Hon. Rodolphe Lemieux read a telegram from Quebec stating that applications for enlistments in the Royal Flying Corps were pouring in at Quebec. This announcement was received with cheers on both sides of the House.

RUSSIAN AIDED ESCAPE.

Young Manitoba Farmer Imprisoned in Germany Reaches Home.

London, May 3.—A dramatic story of his escape from Germany is told by Pte. Allan Wilson, now convalescent with his grandmother in Parish Craigie, of Kilmarnock. Pte. Wilson enlisted from a Manitoba farm. He was taken prisoner at Ypres, in June, 1916. He twice attempted his escape, the first occasion being unsuccessful. He was confined in a dark cell for seven days and compelled to stand at attention with his face to the wall. He says prisoners are fed black bread with soup made from turnips, practically just hot water, and only allowed two slices of bread daily.

Pte. Wilson eluded the warder under cover of darkness and made his way to a wood where he remained until the following night. It took a whole week by night stages to reach safety. One night two of them had a terrible scare. They were hiding in a hay shed when two Germans and two Russians came to lift the hay. A Russian saw them covered them with hay. This thoughtful Russian's action prevented their recapture. They covered 140 miles of endless privations and hardships. Pte. Wilson lost nearly 90 pounds in weight. He happily is now regaining his health, and will shortly resume farming pursuits in Manitoba.

SHELL SHOCK CAN BE CURED.

Eminent Neurologist Says Functional Disability Not Warrant Discharge.

Ottawa, May 3.—That by exercising self-control and entertaining a determination to recover completely, a soldier suffering from a functional disability caused by shell shock can always be cured, was the declaration made before the special committee of the House on Pensions yesterday by Col. Colin Russell, a neurological expert on the Board of Consultants of the Militia Department.

OBITUARY

Late Mrs. William Chapman.

At an early hour on Friday morning there passed to rest Mrs. William Chapman at her home on Queen street. The deceased had been in poor health for the past few months, but had been ill for only a few days. She was a native of Kingston, and was thirty-seven years of age. The late Mrs. Chapman was a member of Cooke's Presbyterian church, where she took an active part. The funeral will be held on Saturday afternoon.

Late Sapper James McNulty.

On Thursday a young soldier passed away at the Mowat Memorial Sanatorium in the person of Sapper James McNulty. The deceased was born in Birmingham, England, twenty years ago, but for several years before his enlistment he was a farm laborer near Ottawa. In June, 1916, he enlisted with the First Canadian Railway Corps and saw several months' service in France. He contracted pulmonary tuberculosis, and was confined to the sanatorium since February last. The deceased was a Roman Catholic, and is survived by a brother in St. Philippe la Priere, Quebec.

The Late W. J. Nobes.

William J. Nobes, formerly of Montreal, died at 10 a.m. Friday after an illness extending over a year. He was forty-nine years of age. His wife, two daughters and one son, Sgt. Frank, who is serving overseas, survive. The funeral will be conducted from his late residence, 322 Queen street, on Saturday.

INCIDENTS OF THE DAY.

Local Notes and Items Of General Interest.

A valuable cart horse, the property of C. Andrieu, backed off the dump at Steeple Point trucks into the water on Thursday afternoon and was drowned.

S. Roughton, district superintendent of the Mutual Life Insurance Co. of Canada, left Friday for Waterloo, where he will attend the funeral on Saturday of George Wenzel, late managing director of the company. Tribunal No. 144 had one case to deal with at a session held Friday morning. J. Kelly, engineer for the C.P.R., Smith's Falls, was allowed exemption until such time as he ceased to be an employee of the company.

MOVE OFF THE STREET.

By-law Prohibiting Parking Vehicles Is Not Enforced.

Last year a by-law was passed by the City Council which made it an offence to leave an automobile or other vehicle standing on Princess street or any of the business streets for more than ten minutes. With a repetition of the conditions now which caused the by-law to be passed, action should immediately be taken to have the law enforced and accidents prevented. Big trucks, cars and horse-drawn vehicles are constantly parked on this thoroughfare, making the street unsafe for the ever-increasing traffic.

NABBED GERMAN AGENT.

Said to be Head of Enemy Propaganda in U.S.

New York, May 3.—The Federal authorities arrested here a German naval lieutenant commander who is said to be the head of enemy propaganda in America, having been delegated to this work by Count von Bernstorff when the former German ambassador left this country. Pending other expected arrests this prisoner's name was withheld.

CATTLE BURNED.

Almonte Farmer Lost Stock During Electric Storm.

Almonte, Ont., May 2.—Alexander Bain, a farmer on the Calabogie Road, near Almonte, had all his outbuildings destroyed by fire and lost ten head of cattle Monday night during the thunderstorm, which passed over this locality. The loss is covered by insurance.

Lincoln and His Own Son.

Philadelphia Public Ledger.

A wise remark by Lincoln in reference to a commission for his son Robert is worth recalling in times when more or less influences are likely to be brought to bear to procure the rank and pay of an officer.

Lincoln wrote to Grant:

"Please read and answer this letter as though I was not President, but only a friend. My son, now in his twenty-second year, having graduated at Harvard, wishes to see something of the war before it ends. I do not wish to put him in the ranks, nor yet give him a commission to which those who have already served long are better entitled and better qualified to hold.

"Could he, without embarrassment to you or detriment to the service, go into your military family with some nominal rank, I and not the public, furnishing his necessary means? If not, say so without the least hesitation, because I am as anxious and as deeply interested that you shall not be incumbered as you can be yourself."

Announced.

Kirsty Macdonald, who lived in a remote Highland parish, had a visit from her Edinburgh niece, who went to spend a week or two with the old lady. So she determined to show them off on Sunday at the village kirk of Lochaber. The young ladies wore costumes of the purest snowy white. At one point of his sermon, the minister, in speaking of the angel of heaven, said: "And who are they in white array?" To the consternation of the congregation, Kirsty said: "It's ma two nieces, sir, from Edinburgh."

Have a care lest your good opinion of yourself makes you ridiculous.

SATURDAY BARGAINS

ON SALE AT 9 O'CLOCK

"Steady's Thrift Sales" are continually proving of great worth to women who know real value from the trash that is advertised under the guise of quality merchandise. We do as we advertise, and if any article sold is mis-represented we will gladly refund the money.
