WORTH OVER \$500 A BOTTLE TO HIM

"After 3 Years Misery I'm Now Almost a Well Man Thanks To Tanlac," He Says.

"Positively I wouldn't take a thousand dollars for the good this Tanlac has done me and I have only taken two bottles so far," said Edward Costello, of 279 Pape Ave., of Toronto, the other day. Mr. Costello is an employee of Thomas Tomlinson & Son.

"For over three years," he continued, "I suffered agonies from stomach troubles, and although I took all kinds of medicines I got worse instead of better. Nothing seemed to agree with me, and soon after eating I would heat up so with gas, that I could hardly breathe. I had a heavy feeling in the pit of my stomach, and at times it pained me so, I could hardly stand it. My heart would flutter and palpitate, and I would feel just like I was going to faint. After supper when I sat down to read the paper I often felt so dizzy I could have to get up and walk about, and I've even had a step work at the shop many a time on account of an attack coming on. My tongue was badly coated, and I would have an awful taste in my mouth on getting up in the mornings.

"I had taken much medicine that I was disgusted with it, but when I read how Tanlac had relieved so many cases like mine I decided to try it. Well, sir, by the time I had finished my first bottle I noticed a big improvement. I am on my third bottle now, and after three years of misery, I am almost a well man, and feel better than I have in all that time, thanks to Tanlac. I can eat anything I want and have no more trouble with gas or indigestion. That dull, heavy feeling is gone, my heart does not worry me like it did, and I sleep like log all night. I have never given a testimonial to a medicine before, but my relief has been so wonderful that I feel it my duty to give Tanlac the credit, and will recommend it to anybody.

Tanlac is sold in Kingston by A. P. Chown, in Plevna by Albert Gaylor, in Battersby by C. S. Clark, in Farnleigh by Ervin Martin, in Ardoch by M. J. Reullion.

Leland, May 1.—On Saturday the residents of Leland were shocked to hear of the sudden and unexpected death of one of the oldest and most respected persons in the vicinity, Mrs. A. Glace. A short time ago she had gripped, but had apparently recovered and was busy at her household duties, when her summons came. Deceased was seventy-two years of age and had spent all her life in this place. Her husband and two daughters pre-deceased her some time ago. At the time of her death her brother was living with her. Besides her brother, A. J. Whallen, and one sister, Mrs. J. Challen, she leaves two grandchildren, Miss Mildred and Arthur Campbell. The funeral service was conducted in the church by Rev. S. Thorop, after which the remains were placed in Sand Hill vault.

The women have organized a Red Cross society and have decided to meet every Wednesday to help supply the ever-increasing demand for foodstuffs. DISCHARGES IN CANADA.

New Regulations Affecting Canadian Soldiers Overseas.

London, May 3.—Canadian soldiers in future, it is understood, will only be discharged in Canada, except in very exceptional circumstances, and then only when the soldier concerned has been placed by a medical board in category B for discharge or for invaliding to Canada. Men in category B-3 or higher, are not eligible for discharge in the British Isles under any circumstances. Soldiers discharged in the British Isles are not entitled to the three months post-discharge pay which they would receive had their discharge taken place in Canada. Neither will free transport to Canada be provided.

PARCELS FOR GERMANY.

The Newest Regulations Announced From Ottawa.

New regulations governing the sending of parcels from Canada to prisoners of war in Germany have been issued by the Post Office Department in accordance with methods adopted by the British War Office.

The new scheme is known as "personal parcel scheme for prisoners of war other than officers," and provides as follows:

1. Any of the articles noted below may be included: Pipe, sponge, pencils, tooth powder, pomade, cap badge and badges of rank, shaving brush, safety razor, mohair boot laces, gaities (8-ozs.), medal ribbons, brass polish, mittens (one pair a quarter), muff, (one each year), shaving soap (one stick a quarter), health salts, insecticide powder, brushes and belts (provided they are made of webbing and include no rubber or leather), comb, hair brushes, tooth brushes, buttons, chess, draughts, dominoes and cloth brushes.

2. The personal parcel may be sent once a quarter only. The maximum weight is 11 pounds. It is advised that such parcels should not weigh less than three pounds, so as to minimize the risk of loss in the post.

3. The personal parcel must be packed and despatched through the post office by the friend or relative of the prisoner, who received the coupon mentioned below, and the coupon must be affixed to the parcel.

4. A supply of coupons will be issued (a) for prisoners of war belonging to the Canadian forces by the Prisoners of War Department; Canadian Red Cross Society, 14 Cockspur street, London, S.W.; (b) for civilian prisoners of war and prisoners of war belonging to the Imperial and allied forces by the Central Prisoners of War Committee, 4 Thurlow Place, London, S.W.; (c) applications should be made for these coupons immediately.

5. The post-of-ice has the right to the coupon or to designate the person to whom it is to be given.

6. Relatives should be warned that the inclusion in the parcel of any article not mentioned in the above list may entail the confiscation of the parcel.

The above regulations are an amendment to the orders by the Department, dated November, 1917, and published in the December supplement to the Postal Guide, in so far as parcels intended for prisoners of war other than officers are concerned.

The postmaster is informed that the parcels, which will be addressed direct to the prisoner of war, must bear a coupon, otherwise they are not to be accepted. The coupon in question bears a ring printed in blue, inside of which are the words "Prisoners' Personal Parcel."

The Difference.

The contentment commander is a very unpretentious-looking officer, so when a rookie approached him with a question and failed to get a merely snarled answer, the question, and then said in a kindly tone, "Do you know that you are supposed to salute an officer?" The rookie started, then stammered, "Gee, mister, I didn't know you was an officer." The general smiled, kindly, and said, "You should be thankful that I'm not a major-general and not one of those newly-commissioned second lieutenants."

Honored Their Country.

A few days ago Canada's France paid tribute to the memory of the Canadian gunners who fell in action during the Vimy Ridge operation. Then, there occurred a memorial service to the gallant dead by the Canadian corps artillery.

Why Semi-ready Clothes and why not?

Quite apart from a personal interest in Semi-ready Tailored Clothes is the big fact that country-wide, where men have them for choice, they consider them so far ahead that the question of whose clothes come next is of little interest.

Good clothes keep on looking good—grow old gracefully, and not with the sheen of the run-down never-was.

If we could take a thousand men through the tailoring workrooms and the designing rooms and inspecting rooms of the Semi-ready Shops, we would have all the worth-while clothes trade in a short time—for a thousand men who had seen would be so many enthusiastic boosters for the better tailored clothes.

With wool so high in price, it will be the best investment for any man to buy from makers who weave the actual worth into garments and print the price in the pocket where every man can see.

Suits, \$18 to \$50.
