111 Princess Street. Kingston.

## DEPOT BATTALION IN CAMP

IT IS IN COMMAND OF LIEUT. COL. SMART.

There are four other detachments also at Barriefield—Col. Smart Pleased at the Quality of the Recruits.

The Eastern Ontario Depot Battalion moved into camp at Barriefield on Saturday. The building formerly occupied by the camp paymaster has been taken over by Lieut. Col. Smart, camp commandant, as his administration building. The men are quartered in eighty-six tents and four marquees. Before noon the quartermaster's department and the canteen were in running order; and the whole work of moving from the city and the reception and equipment of 150 draftees was accomplished without a hitch. This speaks well for the efficiency of the O.C. and his staff. The engineers, too, did their work well, as the water system was in perfect order and the electric lights ready for use. An inspection of the camp and ground revealed scrupulous cleanliness and order. Indeed the ground and grass plots about the administration building were very presentable despite the fact that repairs to the building had just been made. The weather was most favorable to Col. Smart and the condition of the ground was ideal.

The other units in the camp are the Army Medical Corps, the Army Dental Corps, Army Service Corps detachment and Ordnance Corps detachment.

About 150 draftees had been notified to report at the Toys building, but an escort was left there to direct them to the camp, where they were received at the Records Office. From there they were sent before the Medical Board and after examination, turned over to the paymaster, who sent them to the quartermaster, who furnished the uniform and kit. Thence they passed into the base company for distribution into the battalions. These details were all carried out simultaneously with the operation of moving into camp, and bespeak the efficiency of the various departments.

Camp Fuel Provided.

A party under Lt. H. T. Hughes of the Army Service Corps is engaged in sawing wood at the camp. During the winter a quantity of wood was cut on the Government reserve. It consists of pine, oak, maple, ash and hickory. There are about thirty cords of wood for fuel and about 8,000 feet of lumber. Much of the lumber will be used in repairs to vehicles. It is estimated that about the same quantity yet remains to be hauled to the camp.

When interviewed, Col. Smart was very pleased over the day's work. He spoke highly of the quality of the recruits he is making into soldiers. They are enthusiastic over their work and adapt themselves to the new conditions very readily. From present indications they will uphold the best traditions of the battalions now at the front. The manner in which the minor duties of camp life are performed is of great importance and is an indication of the proficiency of the future soldier.

The Y.M.C.A. has been allotted suitable quarters and is engaged in making arrangements for the entertainment of the men throughout the summer.

Major Starr is to be camp chaplain and divine service will be held on the grounds each Sunday morning.

At the Baptist manse, Smith's Falls, Ross S. Kilborn, Frankville, and Miss Ovidia L. Dunham, Toledo, were united in marriage on Wednesday.

## Face Covered With PIMPLES

ASHAMED TO GO OUT.

Many an otherwise beautiful and attractive face is sadly marred by unsightly pimples, blotches, flesh worms and various other blood diseases. Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends. Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost and their possessor rendered unhappy for years.

Why, then, consent to rest under this cloud of embarrassment? There is an effective remedy for all these defects.

It is Burdock Blood Bitters. This remedy will drive out all the impurities from the blood and leave the complexion healthy and clear.

Mrs. Katherine Henry, Port Sydney, Ont., writes: "Two years ago my face was so covered with pimples I was ashamed to go out at all. I tried several remedies, but they were of no use. At last a friend advised me to try Burdock Blood Bitters. I got a bottle, and by the time it was used I could see a difference. I then got two more, and when I had used them the pimples were completely gone. I can highly recommend B.B.B."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

There are 176 members of the Salvation Army in Kingston.

Rev. C. O. Johnson called down those who bought their tea, coffee and sugar by the dollar or half dollar, but could only offer the church a penny or so at a time.

## How Would Firemen Take to Knitting?

It Has Been Given to Ottawa Firefighters As Past-time.

How would Fire Chief Armstrong's ladies like to knit for the "soldier boys?"

Down in Ottawa it is stated that knitting has got to be a popular pastime with the boys of the fire department, and that they take to the art, as a child does to candy. Daughters of the Empire are holding knitting classes in the firemen's gymnasium, and this has afforded the firefighters a splendid opportunity of learning the art.

The Ottawa firemen are making a good showing, and it is stated that the only time they drop a stitch is when the gong rings for a fire. Some of these days Chief Armstrong, no doubt, will introduce knitting as a pastime for the local firemen.

# Ladies' Oxfords

## The Old-time Painter Says:—

A painted barn means a well kept farm. There's certain season's a farmer will worry himself grey-headed till he gets his crops under cover. —but he ought to be worrying all year round if his barns are not protected with a good coat of paint.

# IMPERIAL BARN AND ELEVATOR PAINT

preserves the property that protects his crops.

It's a paint that's just made for that purpose—the protection and preservation of barns, silos, stock buildings, fences and the like.

The better appearance it adds to the farm will get a better price when he comes to sell.

As for cost—well IMPERIAL BARN AND ELEVATOR PAINT stands against the weather like lightning rods against lightning, it comes costly to be without either of them some day.

IMPERIAL BARN AND ELEVATOR PAINT is a good preservative paint, keeps its color and will look good and be good for years.
