"IT WAS LUCKY DAY FOR ME," SHE SAYS

Mrs. Hewston is Glad Her Neighbor Advised Her to Take Tanlac.

"It was certainly a lucky day for me when my neighbor, Mrs. Langford told me how Tanlac had relieved her sufferings and said that if I would only try it she believed it would do as much for me; for I took her advice and it has done all she said it would," recently declared Mrs. Emma Hewston, of 322 Ryding Avenue, Toronto.

"I had suffered from a general run-down condition and stomach trouble for four or five years," she continued, "and my appetite was so poor that I couldn't relish a thing. Everything tasted alike and after eating I had such a heavy, full-up feeling about my stomach and chest that I could hardly get my breath. My heart acted strangely and hurt so bad at times I could hardly stand it, and often I felt like I was going to suffocate. My nerves, too, were in very bad shape. I would roll and toss on my bed half the night trying to sleep and when I got up in the mornings I felt so tired and worn-out and miserable that I would almost drop in my tracks.

"After I started on Tanlac I began to feel stronger and better right away, my appetite picked up, my indigestion was relieved and I soon got so I enjoyed everything I ate. That tight, smothering feeling is gone, my heart never worries me like it did. I have gotten completely over my nervousness and sleep like a baby all night. Tanlac has given me so much strength and energy that I can now do all my housework without a bit of trouble."

Tanlac is sold in Kingston by A. P. Chown, in Plevna by Gilbert Oster, in Battersea by C. S. Clark, in Fernleigh by Ervin Martin, in Ardoch by M. J. Scullion, in Sharbot Lake by W. Y. Cannon.

Y.W.C.A. ANNUAL MEETING

A SUCCESSFUL YEAR REPORTED BY THE GENERAL SECRETARY

The Mortgage Debt Paid Off—Balance in the Bank—Reports From Various Organizations.

The annual meeting of the Young Women's Christian Association was held Thursday evening in the rooms of the Association. Mrs. L. Macdonnell occupied the chair in the absence of Miss McCallum.

Mrs. H. Bressi read the report of the Finance committee which was very satisfactory. The total expenditure was \$7,031.03 and the receipts \$7,081.03 leaving a bank balance of \$50.

Mrs. E. D. McCallum presented the report of the management committee and the announcement that the mortgage had been paid off and received with applause. She attributed this to the great interest and generosity of F. Welch and Mr. Douglas, Mr. Welch had taken a great interest in the welfare of the association which was hitherto greatly handicapped in its work for lack of funds.

The report of the house committee was read by Mrs. A. Strachan. There were twenty-eight boarders all winter, but at present there were eighteen. She dealt with the educational economy of the institution and showed that the high cost of living was a factor of much concern, necessitating the raising of the charge for board.

Miss Lockett reported for the membership committee and Miss Olive Chown that of the educational committee. Miss Barlow gave an interesting account of the juvenile work and expressed high appreciation of the assistance rendered by those who took charge of the domestic science and sewing classes.

Miss F. King of the Fellowship Club, told of the work done for missions, the Red Cross and Military Y. M.C.A. entertainments were given for convalescent soldiers at the Mowat and Osgood hospitals as well as Christmas cheer.

Miss Wilson reported on the work of the recreation committee, which consisted of picnics, auto trips, classes, in nature study, tennis and croquet games. She paid a high tribute to the secretary, Miss Foster, for her work in promoting all entertainments. Miss M. King told of the Sunday Bible classes.

The Secretary's Report.

Miss Foster, the general secretary, gave a very comprehensive report of her work which is in part as follows:

Slight Stroke of Paralysis

Down Left Side—Stomach and Heart Affected—Case Baffled Doctors For Three Years.

Trenton, Ont., May 17.—A very interesting report has been received from Mrs. Pringle in regard to her recovery from partial paralysis. This was a most extreme case, for doctors had been trying for three years to find something which would restore the depleted nerve force.

One can scarcely imagine stronger evidence of the restorative influence of Dr. Chase's Nerve Food.

Mrs. C. Pringle, Queen street, Trenton, Ont., writes:

"About five years ago I was troubled with my stomach, there was a sort of paralyzed feeling across it and up my left side, and my heart seemed almost to stop beating. I called in the Doctor, and he thought it was symptoms of a stroke. My stomach kept getting worse. At times the pounding would be intense, almost unbearable, and I thought I would go wild. Sleep was out of the question. I tried different doctors, giving each one a fair trial, and doctoring nearly three years. My case seemed to baffles them. It was a nervous breakdown caused by overwork and worry. During all this time I could not do any work, and my friends thought it was a matter of time how long I would live. Some one advised me to try something to build up the system, and I tried different medicines. Finally I bought I would try Dr. Chase's Nerve Food, and see if they would do me any good. A famous doctor sanctioned my using these pills, and told me they would be good for me. They seemed to do just what I required, as I soon saw an improvement. I took about fifteen boxes, and the results have been very gratifying. I am now enjoying splendid health, and able to do all my work, eating anything I wish, and can go to bed and get a good night's rest. I have recommended Dr. Chase's Nerve Food to many of my friends, who have also secured good results from this treatment."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmanston, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unrefined coconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get unrefined coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

It is impossible to overestimate the worth of young womanhood in these days, both to the community and to the nation, women not only form the greater part of the workers in our commercial world, but they are filling important positions of trust and responsibility in practically every line of activity—in view of these facts the Y.M.C.A. as a whole is realizing that its obligations are increasing in order to meet these new conditions.

The rates to business girls have been adjusted to their incomes and girls requiring temporary help have been kept at the "Y" till suitable employment was procured for them. Our enrollment was kept five weeks.

In the religious department reality is emphasized. Practical Christianity is all that proves of real value in meeting the perplexing questions and overwhelming difficulties that the average individual has to face in life. Three adult Bible classes were conducted in the association—on Sunday, one on Tuesday and a third on Saturday. Personal work forms a great part of our religious activity. An active part was taken in the "Girls' Work Conference" held in the winter. The object was fourfold, i.e., physical, intellectual, social and religious. It proved a success in every way.

Extension work consisted of visiting the factories and bringing a little of the association spirit to patients in their homes and hospitals.

Our enrollment bureau is worthy of its name, but the demand for workers exceeded the supply. An effort is always made to place a girl where she will best suit the conditions.

Investigation work was done and present conditions in the city call for a forward step on the part of the association, but at present we are waiting for enlightenment as to the nature of just what that step should be.

The secretary has conducted religious meetings at the college and in some of the church societies, co-operated with the local council in arranging for the annual prayer meeting in the City Hall, and represented the association on the local executive of the greater production committee and the executive of the Kingston co-operative summer school.

She expressed high appreciation of the hearty co-operation of board members for assisting in carrying on the work and paid a tribute to the local press for free advertising.

Mrs. Macdonnell, who filled the chair in a very efficient manner, paid a warm compliment to the secretary for the manner in which the work had been carried on. She reported that a new piano had been provided for the boarders.

Miss Ross moved a vote of thanks to the retiring members and a new list of members was presented. They are: Mrs. L. Macdonnell, Mrs. Hedley, Mrs. Henderson, Mrs. Perry, Chown, Mrs. C. Anglin, Mrs. T. Davidson, Mrs. L. Chambers, Mrs. W. D. Taylor, Mrs. Lothrop, Mrs. Castleman, Mrs. G. Harrison. A meeting will be held on the first Monday in June, at which the new officers will be appointed.

A vocal solo was rendered by Mrs. A. Craig, accompanied by Mrs. A. W. Richardson, and a duet by Mrs. Craig and Miss Foster. Miss Telgmann gave a very pleasing violin selection.

COAL HOIST SUNK

It Went Down in Deep Water on Thursday Afternoon.

Shortly after four o'clock on Thursday afternoon the coal hoist Freeman took the final plunge into one hundred feet of water some distance from Swift's wharf. During the winter the boat sank at Swift's wharf and for five months lay on the bottom.

The Pyke Wrecking Company was engaged to remove the boat, and for the past two days gangs of men have been working on the wreck. The boat was hoisted on a barge and towed out into the deep channel to be sunk. It went down, however, so quickly that before some of the cables and chains could be recovered they had sunk with the old hoist.

The steamer Ionic passed up from Montreal to Toronto at 3 p.m. on Thursday.

The steamer Jex and the schooner Abbie L. Andrews cleared for Charlottetown to load soft coal for Kingston. The schooner Katie Eccles cleared for Oswego on Friday.

M.T. Co's bulletin: The tug Laura Grace arrived, light, from Prescott, and cleared with two coal barges for Montreal; the tug Magnolia arrived with the barges Augustus and Lapping, with coal from Charlottetown, and cleared with the barges Brookdale and Gremlin for the Welland Canal; the steamer Paxnes and barges Edwards and Orton are due to arrive to-day, from Lake Erie, with coal for Montreal; the steamer Arabian is due to arrive on Saturday morning, from Port Colborne, and will tranship a cargo of grain into barges.

No More Patriotic Fund Collections.

There will be no further campaigns for the Canadian Patriotic Fund after the end of the present fiscal year, that is to say, after March 31st, 1919.

It is hoped, however, that revenue will continue to come in, but such additional money as after April 1st, 1919, may be required to supplement the income, will be sought in the form of a grant from the Government, to be submitted to the 1919-session of Parliament.

A factor in the decision to suspend Patriotic Fund campaigns is that the War Loan and other Government purposes largely monopolize the usual sources from which the revenue has heretofore come.

Canadian Locomotive Works.

With the approaching close of the current fiscal year of the Canadian Locomotive Company, much discussion is taking place, says the Toronto Mail and Empire, regarding the financial statement to be submitted to the shareholders. Although it is too early to give definite figures, in circles close to the company, it is claimed that the results were most encouraging. The plants have been kept working exceedingly busy, and orders on the books are sufficient to keep this state of affairs for some time to come. "At the end of next month," says one in close touch with the management, "the company will conclude one of the best years in the history of the concern."

Probs: Fine and warm today and on Saturday.

Saturday! Dollar Day

One of the greatest "Thrift Sale" days of the year, with a hundred attractive bargain opportunities. Read this sensational list of special values.

LISLE HOSE
150 pair black and white fine lisle hose, in sizes 8½ to 10. Saturday 3 for \$1.00
