Patrick Hargrove, utility infielder of the Chicago White Sox, has been called into the army. He is the tenth member of the White Sox to join the colors.

Harry Lunte, infielder, drafted by the Cleveland club from the Mobile team last fall, joined the Indians on Saturday. He was injured early in the spring.

Firstbaseman Wheeler ("Doc") Johnston has been purchased by the Cleveland Indians from the Milwaukee club of the American Association.

King Canuck, driven by Nat Ray, of Toronto, was winner of the 2.19 class pacing at Cleveland.

Scott Perry, the pitcher over whom so much fuss is being made, was beaten by the Cleveland Indians Monday after the Athletics had given him three runs to work on in the first inning.

Infielder Roy Schmandt, of the Brooklyn Dodgers, has left the team to enter the military service. Dan Griner, a Brooklyn pitcher, also left the team to enter a munition plant.

Frank Snyder, star catcher of the St. Louis Nationals, has been ordered to report for military duty on June 24th.

"Cactus" Cravath, of the Phillies, continues to slam out home runs. The big fellow knocked one into the bleachers at Philadelphia.

August Moran, former Eastern and American League umpire, has been taken on the staff of the National League.

A Spander, the Swedish runner, at Stockholm ran 2,000 metres in 5 minutes 30.2-5 seconds. The time is said to be a record.

INTERNATIONAL GAMES BEHIND FRENCH LINES

Entries From All Allied Countries—Meet Near Paris in the Fall.

The success of several minor track and field meets not far from the battle lines in France and Italy has led to tentative plans for a real international test of games to be held during the autumn. At present the scheme has only been outlined in a general way, but the interest evinced indicates that such a series of events can be made usually attractive in view of the athletic talent available.

The games, if staged, will probably be held in or near Paris, and will include entries from the English, French, Italian, Canadian and United States army, navy and air forces. Much will depend, of course, upon conditions prevailing at that time, but it can be stated without fear of contradiction that if the opportunity is favorable there will be a remarkable turnout of athletic talent.

The United States forces abroad include a large number of college and club athletes of prominence in their particular athletic specialties, and the same is true of those of Canada and England. France and Italy number among their soldiers many men who have, after several years of service, developed remarkable physical power and endurance, and from these there could be selected performers whose ability on track and field would undoubtedly prove a surprise to other competitors.

Under certain conditions such a meet, if it eventuates, might prove a wartime substitute for the Olympic games, which were scheduled to be held in Berlin during the summer of 1916. The war naturally sidetracked all possibility of these games and there has not been a meeting of the International Olympic games committee for many months. At the last conference there were tentative requests for the privilege of holding the games in 1920 from Cuba, Belgium and Scandinavian countries.

KAUFF'S LAST WEEK

Will Leave Giants on Saturday To Shoulder Rifle.

The New York Giants will sustain the third big blow that has hit them since the beginning of this week when Benny Kauff will quit the club to shoulder a rifle instead of a bat, and prepare to go "over there" to bat 300 against the Prussian madman. Kauff will play his last game with the Giants next Saturday. He has been ordered to join the colors on June 24th next Monday. He will leave the team Saturday night. His loss will be a heavy blow. He has been playing great ball this season and would have had a banner year on the diamond. He stood an excellent chance to lead the league in batting. When he goes New York's best wishes will go with him.

CATCHES BASEBALL FROM AN AIRPLANE.

Charley ("Gabby") Street and Billy Sullivan, erstwhile catchers of the Washington and Chicago American League baseball clubs, must put their ball-catching feats in the second hole of the archives, where records are kept. The feat of catching baseballs tossed from the top of the Washington Monument, a distance of 542 feet, has been beaten, and by one of Uncle Sam's soldiers. Corp. Michael Angelo Beasolo, of the 13th Aero Squadron of the Kelly Field in Texas, is the new record-holder, having caught a baseball tossed from an airplane when it was at a height of 700 feet.

BUYS QUEBEC FRANCHISE

Toronto Man To Take Hockey Chance In Citadel City.
Percy Quinn, the well-known Toronto sportsman, has acquired the franchise of the Quebec Hockey Club and all its rights in the N.H.A., or the National Hockey League, according to a statement made by M. J. Quinn, former vice-president and manager of the club. While it is not definitely known as to what action is about to be taken by the new owner, yet he intimated to Quebec officials that he would probably operate the club in Quebec. The old executive of the Quebec Hockey Club did their best to dispose of the franchise to parties in the city, but were reluctantly obliged to let it go to outsiders. The purchase price is not stated.

Golfer, 75 Years Old, Wins.

Dr. F. M. Caste of Cleveland, won the American Gold Medal Golfing Association championship in the fourth annual tournament played at Glenview Country Club, Chicago. With a handicap of 29, the Ohio surgeon turned in a card of 142 net for 18 holes. Sir James Mackenzie, of St. Andrews, Scotland, won the foreign guests' contest at 18 holes, with a net of 90, his handicap being 10. Sir James is a delegate from Great Britain to the convention, and was one of the leading specialists of London until he retired. He is seventy-five years old.

Tommy Berry is authority for the statement that Miss Bertha Dillon, 2.03.1-4, recently worked a half over a two-lap ring at 1.01. He and several others are picking the Coxie filly to be the trotting sensation of the year.

Followers of the Canadian circuit remember Eddie McBride as one great rooster any time he is "shoot-ing," but it is said that he capped all previous marks at Jamaica on Monday when his former horse, George Smith, won the feature event. The fast sprinter Phocion, belonging to H. Perkins, broke a leg on Monday at Latonia while being worked, and had to be destroyed.

FATHER AND SON GOLF PARTNERS

Geo. S. Lyon and Son, Seymour, in Four-ball Match at Brantford.

A golfing event of more than usual interest will be staged at Brantford next Saturday, June 22nd, when for the first time in the history of golf games for patriotic purposes in Canada an amateur four-ball match will take place. George S. Lyon, of Toronto, the amateur champion, partnered by his son, Seymour, who has completely recovered from wounds and injuries sustained at the front, will be opposed by T. B. Reith, the finest and most finished player in the Montreal district, and Irving S. Robeson, president of the Country Club, Rochester, N.Y., who captured the north and south championship at Pinehurst last April in such a sensational style, with a spoon shot, from the bunker at the 35th hole. A very great deal of interest is being taken in this match by golfers from Hamilton, Woodstock, St. Catharines, Simcoe, Galt, Paris and other neighboring cities and towns will be present to witness the contest. There will be driving putting and approaching contests and other attractions provided and the fourth oldest golf club on the continent is looking forward to the most successful day in its history of nearly forty years of golf. A gallery of several hundred enthusiasts, it is expected, will follow the exhibition game, which starts at three o'clock in the afternoon. As there will be no expense whatever a goodly sum for the Red Cross is certain to be raised.

COBB IS THE REASON.

His Failure With Bat Makes Detroit a Weak Club.
The fans in Detroit are clamoring for the scalp of Hughie Jennings. They have been demanding his removal as manager of the Tigers this year. They attribute this showing largely to the fact that Jennings let some good ball players, including Burns, get away from him. However, Ty Cobb may be largely responsible. The Tigers have long been a hitting club with their attack depending on Cobb. When Cobb fails the Tigers fail. And this year the "Georgia Peach" is hitting less than 300 for the first time in twelve seasons. That seems to be the answer for the Tigers. Cobb will strike his stride soon, and when he does the Tigers will win more games.

The Menace of Fletcher.

Bunking with Arthur Fletcher, of the Giants has its hazards, to wit: Ralph Stroud was his bunkie, and soon afterward Ralph was expunged from the major leagues. Cholly Herzog came up with him next and Cholly was traded to Cincinnati. Then came Fred Snodgrass, now in the minors; Bob Bescher, who lingered with the Giants only a short while, and Tillie Shafer, who is out of baseball.

Herzog returned to the Giants in 1916, and was assigned to bunk with Fletcher. Jokingly, Fletcher reminded him of the Jinx—but Herzog only laughed.
"You can't put the Indian sign on me now, Artie," said Charley. "I'm back with the Giants to stay."
But he's with the Braves now.
And now Holke, the Giants' first sacker, who is doubling up with Fletcher, is worrying.

Miss Bjurstedt Retains Title.

Miss Molla Bjurstedt retained the women's Metropolitan championship tennis singles at New York when she defeated Miss Eleanor Goss, of New York, 6-2, 6-3, at the West Side Tennis Club. The playing was confined chiefly to lengthy drives.

Connie Mack Goes To Law

"Connie" Mack's unusual procedure in resorting to a court of law to nullify a decision of the national commission will not deter the Boston National League club from seeking to gain possession of Pitcher "Scotty" Perry, Daiter E. Haggood, business manager of the club, announced.

The \$10,000 Paper Mills 2.08 trot, which, for eleven years has been the feature event of the Kalamazoo Grand Circuit meeting, has been declared off. Many withdrawals was the cause. In its place has been substituted a \$3,000 2.05 to closing event.
