STANDING BY THE TANNERS' INCIDENTS OF THE DAY

TRADES AND LABOR COUNCIL  
BACKS UP THE STRIKERS.

Provides Temporary Fund For Their Families—Davis Company Notified Strikers to Return Friday Morning.

The Trades and Labor Council met Thursday night to consider the case of the tanners union. There was a large attendance. The president of the Council, advised the gathering and pointed out that in union there is strength and that all craftsmen and laboring men should organize and unite with the Trades and Labor Council. "The tanners union was assailed as all unions had been in the past," he said, "but the fight was not the tanners' fight. It was the fight of every union man in the city of Kingston." He encouraged the tanners to stand by their union as they have 1500 men in Kingston to support them. He counselled them to avoid breaking the law in any particular.

The executive committee reported that the Allied unions had fixed a tax on their members to provide for the wives and children of the tanners while out of work. This will provide funds ample to meet the demand. Subscriptions of \$1 each were made Wednesday night for immediate relief. A board of trustees was formed to provide financial support and the following resolutions were passed:

"That the Trades and Labor Council stand by the Tanners Union financially."

"That delegates be appointed from each union and organization in the city of Kingston to place the case of the tanners before the different unions and arrange for financial support."

The company has informed the strikers by letter which was read that their positions which they had left without the firm's consent would remain open to them all Friday morning when their back money would be sent to them and they would no longer be considered as employees.

One workman, an Italian, stated that he was the victim of an accident in the Davis Tannery some months ago, which caused a rupture and confined him to bed under a doctor's care. He applied for compensation under the Workmen's Compensation Act, but his request had not been favorably considered and he placed the matter in the hands of a lawyer. This aroused lively discussion and it was stated that the company was liable to penalties under the law. The Council decided to take immediate action on behalf of the man and the following resolution was passed:

"That a petition be sent to the Compensation Board to consider the case."

A committee was formed to secure the necessary information to prosecute the claim and obtain compensation for the injuries sustained and time lost.

**SCHOOLS ARE CLOSED; PUPILS MAKE MERRY**

Summer Vacation Commenced With Closing Exercises on Friday.

Hurrah! Hurrah! Schools closed today.

Friday was a big day, or rather a "red letter day" for the school "kiddies," for it marked the close of the term. When the schools closed on Friday afternoon books were put away, and there will be no more reading, writing and arithmetic for the youngsters for the next two months. The streets will now be filled with the merry laughter of the little folk.

The older lads will "hike" off to the country to do their "bit" on the farm, but the smaller lads will be around to pay their regular visits to the old swimmer's hole and to hunt the best fishing. For the two months the children will have no studies to worry over, and they will have the time of their lives.

"Just makes me wish I was a boy again," an old citizen was heard to remark when talking about the closing of the schools.

**A SERVICE FLAG**

With Many Stars — Pathe Freres Have 2,080 Stars

Ferdinand Zecca, the new Director General of Productions, who arrived recently from Paris, states that more than 2,000 French, English and Italian employees of Pathe Freres have served in the ranks of the Allies as officers, non-commissioned officers and privates, and that more than 200 died on the battlefields.

More than 500 have been decorated for bravery.

A large number have been wounded and released from service and have returned to the positions they held with Pathe Freres before enlisting.

More than 80 men have responded to the call to the colors on this continent, and the list is rapidly growing.

**Nicholas-Wilson Nuptials.**

A pretty house wedding took place on Wednesday, 20th inst., when Ella Victoria, youngest daughter of William Wilson, 22 Victoria street, became the bride of William D. Nicholas, Kingston, late of the 33rd Battalion, C.E.F. The bride was given away by her brother, Albert Wilson, Cressy. She was gracefully crowned in navy blue silk with white silk trimmings and wore the usual wedding veil and orange blossoms and carried a bouquet of white carnations and maidenhair fern. The bridesmaid was Miss Jessie Morrison, Queen street. She was smartly frocked in white silk and wore a corsage bouquet of white and pink carnations. H. G. Morrill, Vancouver, B.C., was groomsmen. Rev. J. de Penier-Wright, rector of St. Luke's church, officiated. A very large number of friends from Cressy, Adolphustown, Hay Bay, Conway and Portsmouth were present. After the ceremony a recherche lunch was served. The numerous wedding presents testified to the esteem in which the bride and groom are held. Mr. and Mrs. Nicholas will reside in Kingston after the honeymoon.

LONGEST DAY IN YEAR.

Has Come at Last—Now Let's Have Summer Weather.

Friday is the longest day in the year, the sun rising at 4.30 a.m. and setting at 8.20 p.m. by the standard time. Of course now that the Dominion of Canada is setting its clocks under the daylight saving law, it means that the sun rose on Friday at 5.36 a.m. and will set at 9.20 p.m. by the new time. After Friday the days will gradually become shorter, although the change will not be noticeable to any extent.

Summer officially commences at one o'clock on Saturday morning by standard time, when the sun enters the Cancer, and will continue until September 22nd, when autumn begins in Ontario and Quebec at four o'clock in the afternoon, when the sun enters Libra.
