BELIEVES IT HAS SAVED HER LIFE

Superintendent's Wife Gains Thirty-One Pounds By Taking Tanlac.

The following statement made recently by Mrs. Annie Pasco, 57 Spadina avenue, Ottawa, is not only interesting, but altogether remarkable. I have not only gained thirty-one pounds by taking Tanlac, but I firmly believe it has saved my life, and all who know of my dreadful condition are astonished at my wonderful recovery.
Mrs. Pasco's husband is superintendent of the J. R. Booth Paper Pulp Mill.
I had been bothered with stomach trouble off and on for about three years," she continued, "but it was only during the past year," she continued, "that my condition became so serious. I first noticed my appetite falling; everything seemed to taste the same to me, and I had no relish for food of any kind. Then I began to suffer from gas, sour stomach and indigestion after meals. I had terrible headaches and felt weak and sluggish all the time. No one will ever know how I suffered because I cannot describe it. None of my friends or neighbors believed I would live three months.
I had fallen off from one hundred and seventy pounds to one hundred and thirty-two, and got so weak I couldn't walk from the kitchen to the front door without holding on to something. I had to spend over half my time in bed, and was so nervous I was afraid to be left alone, and I could hardly sleep a wink at night. I took so much medicine without getting relief I became discouraged and out of heart.
"Finally I decided to try Tanlac as I had seen it recommended so highly, and before I finished the first bottle I noticed a decided change in my feelings. My appetite soon got better, the nervousness and indigestion began to disappear, and I could feel my strength returning. Then I began to regain my lost weight, and now I weigh one hundred

ENDEAVORING TO PREVENT COUNTY POTATO DEAL GOING TO COURT TO DECIDE.

Frontenac Council Asks Solicitors to Withhold Further Action Till It Considers Matter—Dr. Spankie's Plain Talk.

The Frontenac County Council is endeavoring to prevent the action entered by the solicitors against those involved in the much-debated seed potato deal of the spring of 1917. W. F. Nickle, K.C., addressed the Council at its meeting on Thursday afternoon and asked the members if they wished him to fight the courts for the recovery of the money the county treasury is short as the result of acting the Good Samaritan when there was a scarcity of seed potatoes over a year ago. It would cost money to take the actions into court and he could not say just how the suits would end. The cases were three in number: 1. Against the townships of Kingston, Portland and Pittsburg; 2. Against last year's reeves of those three townships; 3. Against the members of the Frontenac County Council who signed the round-robin for the purchase of the potatoes.
Warden Reed stated that he had spent two days in trying to effect a settlement of amounts due by the three townships, these amounts representing the loss sustained by the county council in handling the potatoes for their benefit. His efforts, he said, had failed.
Dr. Spankie, the Wolfe Island reeve, who supplied potatoes to his municipality during the "famine" at \$3.25 a bag when the "other fellows" were paying \$4.50, made a fighting speech and declared that if the townships in default did not pay up, the county council should certainly carry the dispute into court. Furthermore, something more than dollars and cents were at stake. There was a principle involved. Money had wrongfully been taken from the county treasury for the purchase of seed potatoes which the council had no right to purchase, and the people of Frontenac wanted to know if in the future something similar could occur.
Dr. Spankie declared that the money was voted for the purchase of the potatoes when it was acknowledged that something illegal was being done and when the price charged in Winnipeg for the potatoes was exorbitant. He wanted to establish if the finances of the county taxpayers were safe when such a thing could occur.
"I don't care if it costs \$3,000 to press the actions," declared the doctor. "I want that principle established and to place the responsibility where it belongs. The parties at the meeting which nullified the expenditure know the transaction was illegal. The man who put the potato transaction on the council members was the member for this county, Anthony Rankin. He knew it was illegal and offered to secure a special act to cover it. Now we are asked to countenance an illegal transaction by those members. Let them come up like men and pay the fiddler. Let them get together and settle the matter this very afternoon. If they do not, then I say 'full steam ahead' to our solicitor and let the chips fall where they may. First let us give the townships one more chance to settle, and if they do not then let the legal proceedings go on."
On motion of Councillors Wensley and Halliday the Council decided to instruct Mr. Nickle to take no further proceedings in the case until it had an opportunity to further discuss the matter.
Mr. Nickle said he hoped the Council would come to a decision shortly as the case could not be allowed to drag now that it was entered. He would like to know the Council's decision within a week or two. Warden Reed replied that a decision would no doubt be reached within that time.
The amounts the three townships owe on the potato deal are: Kingston, \$947.81; Pittsburg, \$999.28; Portland, \$549.33.
A by-law was passed confirming the assessment equalization of the county. The total assessment is \$6,921,500 and the rate of taxation nine mills, an increase of one and a half mill over last year. This increase is due to patriotic and charitable grants and to Kingston College institute charges for Frontenac pupils.
These road by-laws were read: For raising by debentures \$42,000 for the good roads system; for raising \$14,505 for the county high-ways' system, including the suburban road area.
Another by-law was read for the raising of \$62,293 for general county purposes.
These road grants were made: Barrie, \$50; Bedford, \$50; Howe Island, \$50; Hinchinbrooke, \$50; Kingston, \$150; Kennebec, \$50; Longboro, \$150; Oden, \$50; Oso, \$50; Pittsburg, \$100; Portland, \$100; Palmerston, \$50; Storrington, \$200; Clarendon, \$50; Wolfe Island, \$100; Portsmouth, \$50; Indian Lake, bridge \$500 on condition that the Counties Council of Lennox and Addington grants an equal amount.
Councillors Halliday and Truscott moved that the \$4,000 provided in the budget for patriotic purposes be divided as follows: Military Y.M.C.A., \$3,000; Salvation Army, \$1,000. Councillor Spankie asked that this matter be referred to the finance committee for report on Friday morning as there might be other funds that should be helped besides the two above named. Councillor Halliday agreed to withdraw the motion.
J. G. Elliott presented the work of the Department of Public Information to the councillors, pointing out the need of a propaganda to inform the people about the war, to elicit their support and loyalty in all ways and to steady and stimulate the public in times of crisis and alarm. He asked for the co-operation of the councillors in their municipalities to aid in spreading war information among the people in all possible ways particularly through the schools and churches. Mr. Elliott has arranged for the councillors to receive the literature of the department.

ORDAINED AND INDUCTED

REV. H. V. WORKMAN IN A CHARGE AT WOLFE ISLAND

Methodists Take Part in Ordination Service Held by Presbytery on Thursday—Newly-Inducted Minister Has Bright Prospect for Fruitful Ministry.

According to agreement reached by the joint committees of the Methodist and Presbyterian churches for co-operation and for the prevention of unnecessary or undue overlapping in mission fields and receiving congregations which agreement had received the unanimous sanction of the Kingston District, and the Montreal conference of the Methodist Church, and of the Presbytery of Kingston, the supply of gospel ordinances on Wolfe Island was left to the Presbytery.
On June 4th, a hearty and unanimous call to H. V. Workman, who had labored for some time as a student missionary, was sustained by the Presbytery of Kingston, and arrangements were made for his ordination and induction on the crenoon of June 20th.

The Presbytery met for the purpose appointed. Rev. J. D. Ellis, chairman of the district, and Rev. G. S. Clendinning, president of the conference, corresponding with the Presbytery, and taking part in the ordination service.
Mr. Morrison, of Pittsburg, preached the ordination sermon, Rev. James Rattray of Twickenham, Moderator of the Kingston Presbytery presided. Rev. J. W. Stephen addressed the newly ordained minister, and Rev. Messrs. Boyd and Ellis addressed the people. A good-sized congregation assembled and sung the wedding hymns to those who had visited the island for the solemn service.
Rev. Mr. Workman has a bright prospect before him for a happy and fruitful ministry. He is a member of the graduating class of Queen's University this last term.

NINE BOILS

Kept Coming on Neck One After the Other

Anyone who has ever suffered from boils, knows how sick and miserable they make you feel.
When you think you are about cured of one, another seems ready to take its place and prolong the wretchedness. All the poulticing and lancing you may do will not cure them and stop more coming.
Boils are simply bad blood bursting out, and the bad blood must be made pure before the boils disappear.
Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system and removes every particle of foul material from the blood, then never another boil comes and the cure is permanent.
Mr. Geo. Ayers, 302 Gloucester St., Ottawa, Ont., writes: "I wish to tell you what I know about your wonderful Burdock Blood Bitters. In the spring I suppose my system needed a cleaning out, for I had nine boils come on my neck one after the other. I quickly got a bottle of B.B.B., and before it was half finished I felt a great change, and it certainly put an end to my boils, otherwise I might have had a lot more. I recommend B.B.B. to all I can, for I know it to be a great remedy."

Careless Shampooing Spoils The Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.
The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless) and is better than anything else you can use.
One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.
You can get mulsified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.
