The Man-Power of Canada includes The Young Men of Sixteen

The Order-in-Council not only provides for the registration of the young men of 16, but further states that after the day of registration, every person shall, within thirty days of attaining the age of 16, register with a Post Master.

It need come as no surprise that young people of 16 should be counted in the man-power of the country. War has altered many things, and today a youth is called upon to do a man's work—and is doing it, too!

In farm and factory, office and store, any boy with the right spirit in him will not stay long at the bottom of the ladder. People commence to call him "Brown" or "Mr. Brown", instead of "Willie" and he has got to live up to it!

He cannot go around any longer with down on his chin and upper lip. A boy doing a man's work must have a man's razor.

Do you know such a boy who might hesitate to buy himself a Gillette Razor? Five dollars invested for him now will earn you his everlasting gratitude. Spare him the shaving troubles most men have had to go through before they discovered the Gillette. Give him the strong moral support of a good "clean shave" daily throughout life.

Gillette "Standard", "Bulldog", and "Aristocrat" Sets cost \$5.00. You will find excellent assortments at Drug, Jewelry and Hardware stores.
