56 Brock Street,

Kingston, Ont., July 3rd, 1918.

Mr. High Rent Payer, City.

Dear Sir:—

The rents in Kingston have been steadily climbing for sometime and no doubt will go still higher, therefore, it would be a wise move on your part, if you do not already own your own home, to make a start now. You do not have to wait until you have a large amount of money to do so.

We offer for sale lots in "Dovercourt" for \$150 to \$225 a lot, with a cash payment of \$15 and the balance in monthly instalments of \$8 until the full amount has been paid.

This property is located in the west end of the city, adjoining Rideau Ward, the fastest growing ward in the city, and only one block from Princess street.

Remember, these prices include graded streets with 15 foot boulevards, and shade trees thirty feet apart. The property is ideal for building purposes and for gardening.

If you are thrifty, progressive and want to practice economy, now is the time to make a start by buying one of these lots and do as others are doing. The will to own your own home, the wish to be independent are powerful helping forces, and those who have them strongly developed find the fight for a home half won at the start.

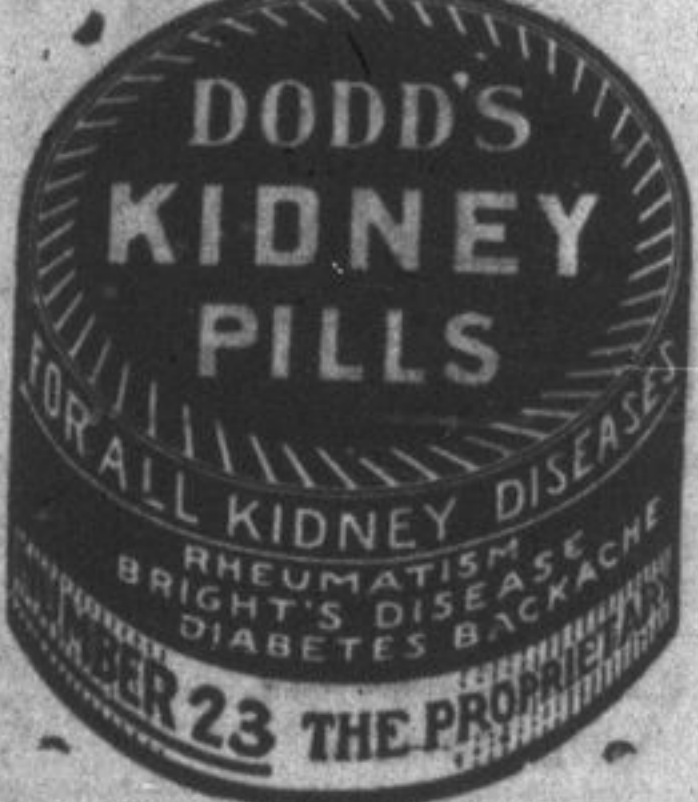

It will cost you nothing to investigate and we will be only too pleased to give you all possible information and show you the property at any time you wish.

Yours very truly,

J. K. Carroll Agency.
