Watch how the little busy bees Combine within their hives To do their work by sure degrees, And live their happy lives.

But we, poor mortals, think we must Run each our show alone And wear our heart and brains and nerves To sit on one small throne.

There, surely, is some better way would give us women space To live our lives; enlarge our brains, And so improve the race. —E. B. FISHER.

## Your Urgent Need of "Help"

Should translate itself into a classified advertising campaign—to run until your need has been met. To most business men it is a new experience to find that almost every good position must "seek the man"—or the woman. Personal efficiency is at a premium. Your competitor advertises for helpers. If you do not he will gain an advantage which cost you, in the end, a great deal.
