CLIPPED FROM THE WHIG'S MANY BRIGHT EXCHANGES.

In Brief Form the Events in the Country About Kingston Are Told—Full of Interest to Many.

The home of Henry Hagerman, Athens, was struck by lightning on Sunday. Alfred Scott, Athens, lost two cows, killed by lightning, and the home of David Cavanagh, at Elbe, was slightly damaged.

George Wilkins, a farmer residing in the township of Killery, one mile northeast of Toledo, was severely shocked on Sunday and rendered unconscious by a bolt which landed near his house.

The death occurred on Monday of George Washington Grant. He had been poorly for the past year. He was born in 1846.

Burton Gamage, sixteen year old son of James Gamage, Chatham, passed away in Huntingdon township near Madoc following an operation for appendicitis.

Mrs. John Cowan, Ottawa, announces the engagement of her daughter, Gertrude Agnes, to Frederick J. Edwards, son of Mr. and Mrs. W. H. Edwards, Brockville. The marriage will take place quietly the 17th inst.

Mr. and Mrs. J. R. Flaker, Pembroke, announce the marriage of their second son, Gordon, to May, only daughter of Mr. and Mrs. W. T. Spencer, at Upton church, Slough Bucks, England, on June 26th, 1918, at 2.30 p.m.

After a long and trying illness death came on Tuesday to an estimable Pembroke lady, Mrs. Thomas Shaford, at the age of seventy years. She had been an invalid for nearly five years, spending most of her time in bed. Mrs. Shaford, whose maiden name was Diantha Spier, was born in Leeds county.

GANANOQUE

(From Our Own Correspondent.)

July 17.—Quite a large number of residents of the town were present on Monday evening, when the new club room of the G.W.V.A., which has just been renovated and neatly furnished by the Ladies' Auxiliary, was thrown open to the public for inspection. A fine programme of addresses and musical selections was furnished and enjoyed by the gathering. A number of Kingston G.W.V.A. men were present, among them Dean Starr, who gave a really rousing address that was heartily enjoyed. Among the soloists were the Misses Gussie Dempster and Marie Squire, Mrs. Robert D. Gordon, and Messrs. T. Edmund Shields, and Sergt.-Major E. T. Bovey, secretary of the local organization.

The annual meeting of the shareholders of the Skinner Company, Limited, was held on Saturday at the offices of that company, and was quite representative. At a recent meeting of the local branch of the Red Cross Society it was decided to hold a big lawn social on the spacious lawn at "Blukoppin" in aid of local Red Cross funds.

Miss Jane Cowin has accepted a position in the office of the local branch of the Steel Company of Canada, Limited, and entered on her duties on Monday. David Benham, Jr., Brock street, spent a short time during the past few days in Kingston on business of importance. Mr. and Mrs. Alfred Chapman, former residents of this town, for some time past located at Pontiac, Mich., have arrived in town for a short holiday. Mr. and Mrs. John Kidd, Mr. and Mrs. Wesley Stollifer, and Isaac Stollifer, of Gananoque, motored to Hastings this week and visited Mrs. Samuel Kidd. They went by steamer Yennek to Clayton, N.C., passing through Watertown, Utica, Little Falls and Amsterdam, N.Y. They returned home on Monday evening.

WON THE CANADA MATCH

(Continued From Page 5.)

The games at Queen's bowling green in the annual tournament of the St. Lawrence Lawn Bowling Association were continued on Wednesday morning until the heavy down-pour of rain prevented further play. The players were confident that Old Sol would put in an appearance on Wednesday afternoon and that the matches could be concluded.

A meeting of the executive was held during the morning and it was decided that the consolation match would be eliminated owing to the pressure for time and that the prizes would be given to the winners of the doubles and singles.

The only Kingston rink that was left for the St. Lawrence match was defeated when Skip H. B. White, Brockville, won from Prof. J. Watson by 21 to 13.

It was learned at the rink on Wednesday morning that the men as well as the ladies, like to have their ages kept as low as possible. J. Hoey, of the Hoey family team, was quite shocked that he could be taken for a man over the three score and ten limit, and he asserted that instead of being seventy-five years of age he was still a youngster of sixty-nine years. That was one time that a Scotchman wouldn't take more than he deserved.

The ladies who are in charge of the Red Cross refreshment booth are being liberally patronized by the bowlers and the money for patriotic work is steadily coming in. The names of the ladies assisting are Mrs. E. Green, Mrs. R. Hazelton, Mrs. H. E. Law, Mrs. F. Clow, Mrs. J. Dickson, Mrs. C. Ferguson, Mrs. H. Nicholson, Miss L. Allen, Miss Lulu Drury, Miss Edith Powell, Miss Ocea Wood, Miss Mable Hazelton. Over one hundred dollars has been collected up to the present time.

A KING OF INDUSTRY

JOHN WANAMAKER.

From a \$1.25 a week clerk to a multi-millionaire king of industry, John Wanamaker has set a standard equalled by few, if any, the world over. A splendid example of American manhood, the great merchant has just concluded his eightieth year of labor and service. Mr. Wanamaker, at the age of eighty, remains a leader in American commercial life and in movements for the betterment of humanity.

WILL NOT RETURN ISLANDS

MINISTER SAYS THAT HIS PEOPLE WILL NEVER CONSENT.

Massey in Accord—Hopes Flag Planted on Samoa in 1914 Will Remain.

London, July 17.—Speaking at a luncheon of the British Empire League here, the Right Hon. W. F. Massey expressed the fervent hope that the flag planted on Samoa in 1914 would remain. (Cheers.) He mentioned that the most important business hitherto decided by the Imperial War Conference was that the dominions would have the opportunity of considering the terms of peace. This was a great step forward. (Cheers.)

The Right Hon. Sir J. G. Ward, Bart., K.C.M.G., Minister of Finance, in referring to the question of the Pacific Islands, said:

"We say plainly on behalf of the people of New Zealand, and also the people of Australia, that under no circumstances must Samoa, New Guinea and the Marshall Islands revert to Germany. (Applause.) Should such a calamity befall us the majority of our people would feel inclined to desert of the Mother Country and the bonds of the Empire would be brought to a straining point. God forbid that such a calamity should arise, but it is best to be frank. (Applause.)"

"We dislike the German methods of colonization and treatment of the native races; we dislike the German economic methods and the underhand and cut-throat devices of trade competition; we are opposed to the reappearance of the German in the Pacific, because Germany's predatory instincts are a standing menace to peace and prosperity. (Applause.)"

CONDUCTORS SATISFIED.

C.P.R. Trainmen Also Willing to Accept McAdoo Scale.

Montreal, July 17.—The announcement is made on behalf of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors here that these organizations had practically come to an agreement with the C.P.R. to accept the McAdoo award. It was also stated that these two unions would not interfere in any way with the negotiations between the shipmen and the railways and any fight that afterwards might take place.

PROHIBIT MILITARY ARRESTS.

New Move Is Made Against M.S.A. Order.

Montreal, July 17.—The Military Service Act is to be attacked from a new angle. It was announced by L. Lefebvre, attorney for a few draftees, that he proposes to petition for a writ of prohibition against the military authorities to restrain them from proceeding to make any further arrests under the Order-in-Council pending a decision by the courts on the constitutional issue.

Position For Dr. James Miller.

Edmonton, July 17.—Dr. James C. Miller, director of technical education of the province of Alberta, and principal of the institute of technology and art in Calgary, where the province is training returned soldiers, has been called to the service of the federal board of vocational education of the United States and is severing his connection with the Alberta department of education to take the new position.

Recovered Much Money.

Toronto, July 17.—In books tucked away in his library, \$2,100 has been found by the heirs of the late Von Archdeacon Samuel Johnson Huddy, M.A., for over forty years rector of St. Peter's church, now deceased about thirteen years. It is presumed that the money was received in wedding fees and put in the books in a state of absent-mindedness, to which the venerable cleric was subject.

Mitchel Leaves Mother \$10,000; Rest to Widow.

New York, July 17.—The widow and mother of Major John Purroy Mitchel, former mayor of New York, who was killed July 6th in an airplane accident at Gerstner Field, Louisiana, are the sole beneficiaries named in his will, which was filed for probate here. Major Mitchel left \$10,000 to his mother and the remainder of the estate to his widow. Aside from several large insurance policies Major Mitchel owned property of an estimated value of \$25,000.

MARKS AN EPOCH.

England Launches First Rivetless Steel Vessel.

London, July 17.—The first steel vessel built without rivets, so far as known, has just been launched on the south coast of England. The production of this vessel, it is considered, may mark an epoch in shipbuilding, the plates being fused together by electric welding in one process. General adoption of this process. It is held would speed up production, which an estimated saving of from twenty to twenty-five per cent. in both time and material.

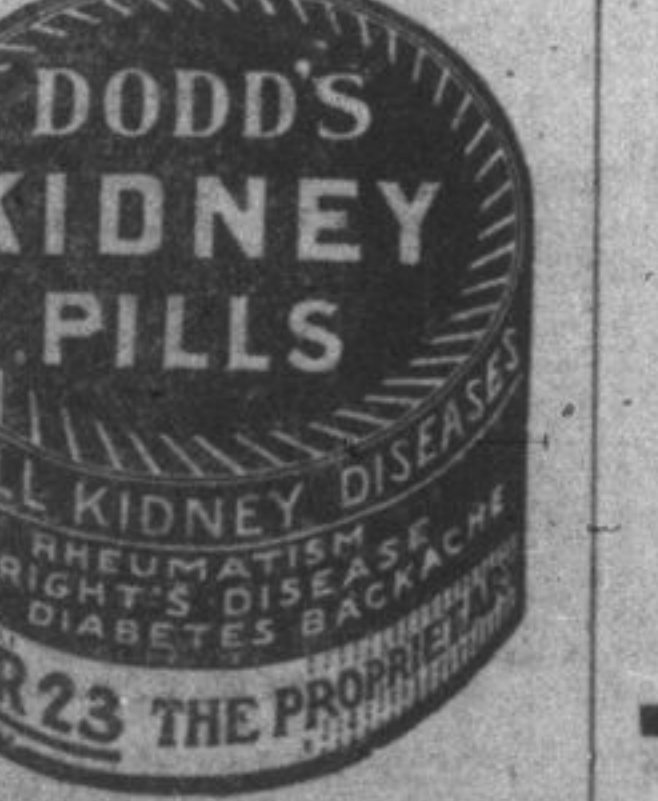

Placed on Pension.

Toronto, July 17.—Under the chairmanship of Dr. A. E. U. Colquhoun, Deputy Minister of Education, the Superannuation Commission considered applications from school teachers for pensions and placed twenty-eight on the list at allowances of from \$1,000 to \$265. This brings the total number of teachers placed on the superannuation list to fifty-six.

Appropriateness in Printing

IF we were called upon to produce a piece of printing for an art, or a millinery store, or a jewelry or fancy goods store, and that particular work required the use of decoration, we would take great care to use a dainty border of decoration in order to be in keeping with the nature of the business; and this idea has a broad application. That is what one might term the *fitness of things*. This result is obtained through something more than mere mechanical knowledge of printing. It requires the eye of an artist and some personal supervision.
