SPORTS AT BARRIEFIELD

CONTESTS PROVIDED A FINE PROGRAMME ON WEDNESDAY.

Boxing Bouts Were a Special Feature and Much Enjoyed—Notes From the Camp.

Because of the uncertain weather of Wednesday afternoon the outdoor sports for Barriefield Camp were cancelled in favor of an afternoon of sport under canvas, so accordingly the big "Y" marquee was cleared for action, and with the present camp strength the accommodation was ample. All the boys enjoyed this work-out under the new arrangement, and the contests arranged by Lieut. Bewes, Sergt. Major Rainbow and Mr. Ward, of the "Y" staff, provided plenty of exercise as well as amusement for the boys. Group races were particularly enjoyed, as well as medium ball and ball passing games, but the feature of the afternoon was the boxing contests, each bout being of a few minutes' duration to allow every man a chance to show his class.

With certain indications of the weather clearing, it was decided to play ball, and the regular league game between C.A.D.C. and E.O.R. was called at four o'clock, the men turning out full strength to foot for their respective teams. C.A.S.C. got away to an early start, and looked to have the game safely on ice when the slugging ability of E. O. R. came to the front and for a while it was rather bumpy for C. A. D. C., but the Service Corps boys got together and put across a win by the score of 9 to 12.

It is predicted that the game scheduled for Friday night between C.A.D.C. and C.A.M.C. will be one of the closest and hardest fought contests seen in these parts for many a moon. Both teams are on edge and anticipate a real battle. Everyone who attends this game is assured of a treat, and it is expected that many ball fans from the city will attend this game. City followers of the game are of the opinion that the brand of ball being played in the "Mary" League this year is equal to the best in this vicinity.

Last night was "movie night" in the big "Y" marquee at Barriefield and the boys surely enjoyed the side-splitting antics of Lonesome Luke. The Pathe Weekly news showing American troops in France also met with hearty approval. A rousing "sing-song" was also indulged in, and the boys displayed plenty of "pop" singing and whistling popular songs.

About forty boys of the Engineers from Brockville, who arrived in camp yesterday, were on hand at the "movie show," and were given a rousing welcome by the units in camp.

\$250,000,000 FOR PENSIONS EVERY YEAR

Britain Has Already 341,025 Men on Lists—Pensions in Sight Up To 1970.

London, July 18.—Great Britain will have to pay \$250,000,000 a year pensions if the war ends by next March, according to an estimate made by A. Bonar Law, Chancellor of the Exchequer. Sir Alfred W. Watson, a Government actuary, estimates that, by 1930, the annual pension charges will have fallen to \$200,000,000 and that each succeeding decade will show a reduction of \$50,000,000, but that these pensions will not have entirely disappeared by 1970.

Fifteen thousand cases of war disabled soldiers are reported each week to the Minister of Pensions. The total number of disabled British men on the list is now placed at 341,025, of which 29 per cent. were cases of injury to the eyes or loss of sight resulting from wounds.

Small industrial and memorial villages for disabled soldiers and sailors are being established in different parts of Great Britain, at one of these near Moreton, Dorset, ten acres have been laid out as a market garden and houses are to be erected for the wounded men.

At the Theatres

At the Grand.
Clara Kimball Young is starred in the striking new World picture, Brady made, entitled "Without a Soul," which will be shown at the Grand for the last three days of this week. In this feature Miss Young has a part in which she must portray two distinct types, and with her varied talent she makes a decided success. If after perfecting a wonderful chemical which will restore life to the dead, your daughter was brought in after being suddenly killed by an automobile, what would you do? This father, although heart-broken, decided to experiment on his child and what happened after the operation makes a climax for this picture, and it will be one that will hold your interest until the very last minute. Besides this exceptional production there will be the Pathe News, an O. Henry story, a regular slide-splitting Lonesome Luke comedy and other reels. The vaudeville will consist of Corbett and Forester in a comedy singing and talking act that is sure to catch the fancy of everyone.

Why He Kept Moving.

A Richmond dandy called upon an old friend, who received him in a rocking chair. The visitor observed not only that his host did not rise, but that he continued to rock himself to and fro in a most curious way, similar to that of a person suffering from a colic.
"You ain't sick, is you, Harrison?" asked the caller anxiously.
"No, I ain't sick, Mose," said Harrison.

A moment's silence, during which the caller gazed at the old-eyed and the rocking figure. "Den," continued Mose, "why in goodness does you rock yo'self dat way all de time?"
Harrison paused not in his oscillations, as he explained: "Yo' know dat 'reod-fur-nothin' Bill Blott? Well, he done sold me a silver watch for five dollars, an' ef I stops movin' like dis, dat watch don't go!"
