FORCED AT LAST TO ADMIT TRUTH

German Newspaper Says That Million Americans Are in France.

Geneva, Switzerland, July 24.

Americans were mentioned Saturday for the first time by The Arbeiter Zeitung of Vienna. The newspaper states that the Americans have changed the situation for the Entente nations, not only in the political but in the military phases of the conflict. The newspaper says:

Figure Out What One Corn Costs

Cost of Having: Figure the hours which a corn may spoil—the best hours that you have. Figure the hours spent in paring it—just to lessen the pain for a time. Figure the torture, the discomfort which nothing can repay. Then remember that all is needless. It is folly, it is out of date. The day of corns ended years ago, when Blue-jay was invented. Millions of people never know a corn ache. Nobody ever should. Those who do either coddle corns, or use some old-time treatment.
