THE REO MOTOR CARS
 "The Gold Standard of Values."

The Uniform Performance of the Reo

EVER HEAR OF A Reo stopping save on the initia-
 tive of the driver? Why a Reo is as reliable as
 the sun is in its orbit—so the ignition as well as
 the carburetion and the cooling and the lubrication
 systems: the intake and exhaust manifold; the valve
 sizes and the valve action—all—all must be superlat-
 ive to produce this superlative result.

Which is to say that all are the product of Reo ex-
 perience, Reo engineering skill—and Reo good in-
 tent.

Come in and let us show you how the Reo can perform.
