New British Trade Commissioner in Canada and Newfoundland.

### 17 YEAR OLD BRIDE PASSED AWAY TUESDAY

Her Husband, Father and Brother Are Serving in Forces in France.

With her father, only brother and husband serving with the forces in France, Mrs. Frank Langford, a slip of a girl of seventeen years and eleven months, passed away in the General Hospital on Tuesday morning. The late Mrs. Langford was born in England and came to Canada with her parents about five years ago. She had been in poor health for the past two years, and about twelve months ago she was married to Pte. Frank Langford just before he went overseas with the Permanent Army Medical Corps. Ten weeks ago she became seriously ill, and during that time had been confined in the Kingston General Hospital, where her condition gradually grew worse.

The deceased was a bright and happy girl, and her passing is indeed sad. She is survived by her parents, Sapper and Mrs. Frederick Blaney, one brother, Pte. George Blaney, who went overseas with the 14th Battalion, and one sister, Alice, residing with her mother at 24 Clergy street west.

### TO REPAIR BUILDING

In the Fair Grounds With Part of Holiday Proceeds.

Ald. S. S. Corbett, chairman of the city property committee, arranged with the Gentlemen's Driving Club not to charge any rental for the fair grounds on Monday provided it would agree to fix up the old poultry building for horse stalls. The Driving Club also gave R. J. Bushell fifteen per cent. of the receipts of the grand stand for repairs to those structures. Mr. Bushell is now asking the club to put up the whole of the grand stand receipts for repairs. The Driving Club is going to be an important factor in putting the fair grounds and buildings into condition. It is hoped that hereafter all baseball games and athletic events will take place up there.

### BIG CROWD BATHING.

Hot Weather Drives Many People to the Water.

The hot weather is driving a big crowd to the bathing house near the old malt house. Hundreds of people, men, women and children, were in for a "dip" over the week-end. Saturday and Sunday the crowd was unusually large.

"Come on in, the water is fine," was the popular slogan. Saturday night upwards of two hundred "kiddies" were in bathing at one time, and they had a great time.

### Leaguers Got Wet.

It was a happy day of Queen street Methodist Epworth Leaguers that started for Collins' Lake Monday morning to enjoy the day picnicking and fishing. All went well until old Jupiter Pluvius started a storm going just as the picnickers were finishing supper. There ensued a wild scramble for places of shelter. As soon as the storm abated somewhat the party made a dash for Inverary, about a mile distant. Through the hospitality of Mrs. Gibson, the leaguers were soon seated around a roaring fire and imbibing hot tea. Some of the members of the party were outfitted with dry clothing and the start for Kingston made about ten o'clock.

### Injured By Automobile.

Russell Gilmour, a young lad residing on Earl street, was cut about the face and head on Monday afternoon when he was hit by an automobile on Barrie street. The lad was coming up the street on his bicycle on the wrong side of the road and evidently he could not manipulate the wheel. The car knocked him off; a chum assisted in taking him to the hospital, where his injuries were dressed. He was able to walk home.

The doubles in the tennis tournament at Queen's University Summer School commenced on Monday.

There was much interest in the dog show, and the ringside was well crowded during the judging. The officials were: Superintendent, William Twigg; Secretary, Sergt. Pritchard; ring clerk, Sergt. Bould; Judges T. Carson, C. Bowen, Harry Guy; assistant superintendent Gen. Shea.

The dogs were all benched in the palace, and the judging ring was in the centre of the west wing. Dog authorities say there is no place in Canada which lends itself so well to a good dog show as the palace at the fair grounds.

### A Portsmouth Damage Case.

On Wednesday, July 31st, a case of damage to property will be heard by Justice of the Peace Hunter. Mrs. Sparling, of Portsmouth, is the complainant and George Ford the defendant. ## At the Theatres

At The Grand.  
 The large holiday crowd at the Grand yesterday thoroughly enjoyed the five-reel Vitagraph feature, "The Marriage Speculation," which had Mildred Manning Miss Manning was the role. Supporting Wallace MacDonald and a great many other screen favorites. The story dealt with a beautiful young girl who was approached by a rich old gentleman with a very peculiar proposition. If he were to invest \$10,000 in her education and introduction into society, would she in return win a rich man who would keep him without want for the rest of his life. How this agreement was entered into and how the bargain was nearly broken made an interesting story that proved to be something new and original. Besides this novel photoplay there was also the Pathe News, a very amusing comedy and other reels. The vaudeville was Roy and Wilson, entertainers de luxe, who provided an act that was away above the average. This bill will be shown again to-night and also Wednesday both matinee and night.

Coming, "Lest We Forget."  
 "Lest We Forget" is the great screen drama for which the world has been waiting. Its historical significance will make it of value as long as the world stands, for it shows in visible form the causes that brought America into the war. The story tells of the violation of Belgium and the leading of its citizens into captivity, the wanton destruction of magnificent cathedrals and the inhuman treatment of innocent women and children shown both on land, and in the sinking of the mammoth ship, the Lusitania. These are all shown in this thrilling production. The star of "Lest We Forget," beautiful Rita Jolivet, was herself a passenger on the ill-fated boat when it was torpedoed, and that made Miss Jolivet the logical star for this tremendous feature. Her vivid recollections of the details of the tragedy enable her to give the picture many touches of realism that otherwise would not have existed. Don't miss this wonderful film which will be presented at the Grand Thursday, Friday and Saturday of this week, along with a two-reel comedy and the Pathe News.

At Griffin's.  
 In spite of the inclemency of the weather prevailing last evening many people wended their way to this popular place of amusement and witnessed with undisguised admiration and delight a truly exceptional programme, headed by the scene's greatest actress, Pauline Frederick, in what is termed the supreme triumph of her artistic career, "Resurrection." This is one of the "big" productions of the year, and stands out as a masterpiece in the annals of the motion picture industry. A story that is dramatic, bordering on tragic, and one that will stay in one's memory long after witnessing the picture. Coupled with the superb art of Pauline Frederick, this picture becomes one that should be seen by everyone, not only for the genuine entertainment it gives, but also for the lesson it teaches.

### TRESPASSERS BEWARE!

Visitors to Fair Grounds Without Invitation Are Unwelcome.  
 Following the theft of a large quantity of copper wire from the buildings at the Fair Grounds, R. J. Bushell, manager of the Kingston Industrial Exhibition, has taken the matter up with the civic officials. The result of the conference is that a warning is to be placed on the grounds that trespassers are to be prosecuted, and the frequent visits of the policemen should prevent further damage to the buildings. No mercy is to be shown to those who wish make the dilapidated buildings any worse than they are at present.

### DESTROYING LAWNS.

Horses and Cows Allowed to Run at Large.  
 Complaints have been made to the Whig about horses and cows being allowed to run at large in the vicinity of Frontenac school. Lawns have been trampled, also flower gardens. The horses and cows have been allowed to stray around the neighborhood at night, and as a result much damage has been done. "It is a shame the way the horses and cows are allowed to stray around," said one citizen to the Whig. "Some action should be taken to keep them off the street so they will not cause all this trouble."

The conductorettes had a busy day handling the crowds on Monday. Lake Ontario Park was a pleasure spot on the holiday.
