## CHASING THE HUN OUT OF THE SALIENT

The three stages of the fighting on the great salient from Soissons to Rheims are shown on the above map. The double line marks the farthest advance of the enemy on his early drive at Paris. The barred line, from Oulchy-le-Chateau to Neuville, is his position last Saturday, and the solid black line shows where he is now fighting desperately to avoid being driven back behind the Vesle river or even perhaps to the Aisne.

### BUREAU AT DESERONTO

Of the Late Lieut. Coleridge of the R.A.F.  
Deseronto, July 30.—The funeral of the late Lieut. C. Goss Coleridge, 81st Squadron, R.A.F., Camp Rathburn, took place from St. Mark's church (Anglican), Deseronto, Friday, July 26th. The service was a very impressive one. ARRANGE TO FINANCE WESTERN WHEAT CROP  
Grain Commission To Fix Price—Banks To Extend Needed Credits.

LONDON DIRECTORY  
(Published Annually)  
enables traders throughout the World to communicate direct with English

(Canadian Press Despatch)  
Ottawa, July 31.—Representatives of grain, milling and banking interests had an interview today with Sir Thomas White and Hon. Mr. Crea, respecting the matter of financing the western wheat crop. As the result the question of a fixed price will immediately be taken under consideration by the grain commission. The matter of financing will be taken up by the Minister of Finance with the Imperial authorities and the Bankers' Association. It is likely that to give financial and commercial stability to the grain situation the Government will give its guarantee of a fixed price upon the whole new crop. This will enable the banks to extend needed credits to grain and elevator firms so that buying may promptly commence when grain is ready to move.
