John McKay Limited 149-157 Brock Street, Kingston.

THE VOICE OF THE PULPIT INCIDENTS OF THE DAY

REV. DR. GORDON PREACHES IN ST. ANDREW'S.

Emphasizes the Necessity of Carrying on—Dean Starr Speaks About the Good News From the Battlefield. Rev. Daniel Gordon, D.D., was the preacher in St. Andrew's Presbyterian church on Sunday morning. The necessity for enduring the trials that come in life was urged. In every endeavor of the individual, the community, the nation there is a tendency to become discouraged with opposition, to weaken in the face of difficulty and to lose enthusiasm when matters fail to turn out as they are expected. These are the times when endurance is difficult to maintain, when progress is hard to make. At this time when the Empire is engaged in a conflict of ideals, Dr. Gordon urged that everyone show determination to carry on so that a holy victory and a righteous peace should be attained.

At St. George's Cathedral. Dean Starr preached an able sermon in St. George's Cathedral Sunday morning. "The good news from the battle front during the past week gives cause for thanksgiving to God, who has brought victory to our arms," said the dean. "This is a manifestation of the power of the spirit of humility awakened throughout the Empire. These are glorious days, after the distress and sacrifice, and call forth thanksgiving and prayer for an early and complete victory." He took for his text Isaiah, 53-5: "He was wounded for our transgressions. He was bruised for our iniquities." The words of the prophet were fulfilled in the case of Jesus Christ, but they applied to the onward march of humanity. The nations are being sorely wounded for the world's sake, and it is by stripes that we are united to the Cross of Christ.

At St. James' Church. Rev. Mr. Green, Belleville, preached at the evening service in St. James'. He took for his text: "The eternal God is our refuge and under us are the everlasting arms." The uncertainty of the life and the vanity of earthly pursuits were dealt with in contrast to the great blessings of the spiritual life. The speaker showed that in the pursuit of wealth or social position or political influence the objects when attained were found to be unreal and disappointing. Life on this earth was a dream of short duration compared to eternity. All here is vanity and vexation of spirit. Those who walk in humble paths are free from such disappointments. Wealth and fame gave nothing that was satisfying to the soul, and it was the inner happiness that was to be desired.

At Queen Street Church. Rev. John D. Ellis preached to good sized congregations in Queen Street Methodist church on Sunday. In the evening he spoke on the reconstruction of the nation and explained difficulties that would confront Canada on the conclusion of the war. He predicted antagonism between the soldier and civilian, between the employer and the foreigner, between labor and capital, and between the various church denominations. To ameliorate the serious conditions this may engender he urged that all should strive for national unity, and that everyone should look for the best in the claims of the various competing organizations. Communion service was held at the conclusion of the morning service.

BOYS GATHERED MOSS

TO MAKE DRESSINGS FOR VETERINARY WORK IN FRANCE

A Trip Made on Saturday to Collins Bay in Motor Cars—A Large Quantity of Moss Secured. Some members of the Boys' Blue Cross Band went out in motor cars on Saturday to the sphagnum swamps on the farm of A. A. Finley, Collins Bay, to gather moss to make dressings to be used in veterinary work in France. Prof. W. T. MacClement, of Queen's University, was in charge of the party, and the boys are most grateful to him for his help. A large quantity of moss was gathered, and the Blue Cross Society hopes to send more dressings than they did last year. This is the first society in Ontario to send sphagnum moss dressings to France and the first in Canada to send it to heal the wounded horses.

After the moss was loaded on the cars the party motored back to Collins Bay to Mrs. Anthony Rankin's house, where they found a most dainty tea set out on the lawn. Mr. and Mrs. Rankin, who are always foremost in patriotic work, have taken a lively interest in the work of the Blue Cross, and this delightful picnic tea is only one of the many kindnesses the society has received from them. The moss pickers left for home about 8.30, tired but happy. Those who so kindly lent their cars were Miss Perry, George Smith, W. T. Fair and David Rankin.

Child Injured by Auto. About 9.30 Saturday evening an automobile was going down Princess street, and when it had almost reached the corner of Sindenham street a child of about six years of age that had stepped off the crowded sidewalk was struck in the face by the fender of the car and knocked down before the driver could stop. A woman, who was evidently in charge of the child, rushed out on to the street and took it up in her arms. Blood was issuing from its nose and mouth. The driver hurried the woman and child off to the doctor.

School Nurse Resigns. Miss Jean McCallum, Kingston public school nurse for the past seven years, has resigned. She is going to settle in Saskatoon, Sask.

Farm Laborers' Excursion. The Canadian Pacific is advertising \$12 rate to Winnipeg for farm laborers.

LOCAL NOTES AND ITEMS OF GENERAL INTEREST.

Happenings in the City and Vicinity—What the Merchants Offer to the Readers of the Whig.

TO DISCUSS FIRE LOSSES

That Have Occurred in Ontario—Kingston's Fire Losses Small. The secretary of the Board of Trade has received a letter from the deputy fire marshal of Ontario inviting representatives to a convention to be held in Toronto at an early date for the purpose of discussing the great fire losses that have been sustained and the consideration of more preventative measures. These losses have been far above the normal fixed by past experience, and call for very serious consideration and the adoption of more effective methods of control. Kingston has not suffered from a great conflagration for many years, and the reason for this is that our buildings are mostly well built, that we have an ample water supply and a good fire-fighting force; but there have been very heavy losses in other cities and towns which the provincial deputy fire marshal will place before the convention. The occurrence of many fires demonstrates the existence of lax enforcement of the regulations and the necessity for a campaign of education.

ST. PAUL'S NEW ORGAN

Is Now Completely Installed—It Cost Over \$3,600. A fine new organ, costing over \$3,600, has been installed in St. Paul's church by Casavant Freres, of St. Hyacinthe, Que. The instrument is said to be very sweet toned and will be a credit to St. Paul's. The old organ has been doing service for more than half a century. The new instrument is fully paid for, a legacy from a deceased member, the late Miss A. J. Kelly, being largely responsible. St. Paul's is wholly free of debt and under the rectorship of Canon W. F. Fitzgerald is becoming a very live congregation. The new organ is to be used for the first time next Sunday, and Prof. W. H. Miller is to give a recital in the evening. It will be consecrated by Bishop Bidwell on the last Sunday of September and Bishop Farthing is to preach at the evening service on that occasion.

Your "TO LET" ad will reach the people who are considering the advisability of "moving."
