

# Boys' Clothes

Youth is nimble, full of sport, strength and spirit; boyhood is the May-season of life.

All boys are real boys in the summer time at least.

But don't restrain the boy, rather bring him here and let us fix him out with clothes that will withstand the severe service he is bound to give them.

There's nothing desirable in clothing for the boy, large or small, that cannot be found at this store of good clothes.

Suits \$6.50 up to \$15.00, and all prices between.

### BACTERIOLOGICAL RESULTS

OF TESTS MADE OF ICE CREAM, MILK AND WATER.

Official Statement from Queen's University Laboratory—No Typhoid Organisms Found in Any Samples Examined.

G. B. Reed, of the pathological laboratory of Queen's University, writes as follows to the Whig:

Enclosed is a statement that I would be pleased if you would publish as a statement from the bacteriological laboratory:

In connection with the typhoid outbreak and the investigations undertaken as a result, the bacteriological laboratory, Queen's University, has been quoted and misquoted alike without authority.

The following is a summary of the laboratory records in respect to these matters:

Ice Cream—The first of August samples of ice cream were collected from the following vendors, and examined in this laboratory, with the following results:

Vendor	Total No. of Bacteria per 1 cubic centimeter (120 drops melted cream)	Colon bacilli per 1 cubic centimeter
Geo. Masoud	4,800,000	10,000
N. Grimm	4,800,000	100,000
Tho. Sakell	45,000,000	10,000
Geo. Sakell	4,000,000	10,000
Green, Johnson street	6,400,000	100,000
Red Cross Drug Store	200,000	10,000
McLaughlin	500,000,000	100,000
S. Cohen	500,000,000	100,000 or over
Mahood's Drug Store	500,000,000	100,000 or over
The Rest	500,000,000	100,000 or over
Prouse's Drug Store	100,000	100
Zbar	500,000,000	100,000 or over
Frasco	500,000,000	10,000 or over
Hambrook	25,000,000	100,000

On other dates some samples have been collected from several vendors and examined with similar results. The colon bacilli referred to always come, directly or indirectly, from human or animal excreta. The organism making up the total count may be from a variety of sources, and many of them are quite harmless. No typhoid organisms were found in any of the samples.

Milk—The only milk which has recently been examined in this laboratory for the city is that supplied to two ice cream makers. These were found to harbour colon bacilli of excretal origin, but such a finding is common.

Water Used by Dairymen—Some forty-seven samples of water have recently been sent to this laboratory by the milk inspector from water supplies used by dairymen. With three exceptions, the bacteriological examination shows them to be in an unsatisfactory condition, in that they were infected with bacteria of excretal origin in amount of one cubic centimeter or under. No typhoid or other specific disease producing organisms were demonstrated however.

City Water—For a period of some months up to July 28th the city water has been in a satisfactory condition, bacteriologically. Since the above date it has shown more or less sewage contamination on seventeen of the twenty-eight days in question.

### Military News

Lieut.-Col. R. W. Smart, O.C. 1st Depot Battalion E.O.R.; Lieut.-Col. F. D. Boggs, A.J.A.G.; and Capt. Powis, No. 3 District Depot, are in Ottawa on duty.

In the list of casualties published to-day the name of Pte. William Bowman appears. His next of kin is Mrs. Mary Bowman, 35 Clarence street, Pte. Bowman enlisted in the 21st Battalion on Oct. 24th, 1914, and embarked at Montreal May 6th, 1915.

Among the casualties the name of D. J. Doran appears and his home is given as Kingston. Doran enlisted at Toronto in the C.M.R.

Capt. W. F. Jackson, A.M.C., is taken on duty in the office of the A.D. M.S., M.D. No. 3.

Lieuts. S. T. Hill, C.A.S.C.; M. J. O'Brien, E.O.R.; and R. O. G. Morton, C.F.A., have completed their conducting duty and have been transferred to the Overseas Military Forces of Canada.

Lieuts. F. C. Badgley, J. R. Newsob and J. A. Durant have been struck off the strength of the C.E.F.

A large crowd of spectators is expected at the Cricket Field at six o'clock this evening to witness the Military Baseball League game between Dentals and Medicals. A close game is expected. The collection is in aid of the Red Cross.

As the expected rush of recruits to join the Expeditionary Force scheduled for Siberia has not materialized, the ranks of that unit are now open to all. All previous limitations which were to the effect that only returned men and men outside of Class One could volunteer, have been removed, and Ottawa has issued instructions that the unit must be brought up to strength without any further delay.

A change has been made in the disposition of amputation cases that are being transferred from England to Canada, which will relieve the congestion in the Toronto hospitals. Heretofore all amputation and orthopaedic cases were sent direct to Toronto, but in future all cases in Military Districts 1, 2, 3, 4, 5, 6, 7 will be sent direct to their respective districts, and the patients will be granted fur-

ough after they have been admitted to hospital. Waiting lists will be kept and the men called for treatment as soon as there is room in the hospitals.

Lieut.-Col. E. H. Belson's name is being mentioned in connection with the command of the Toronto companies that are being raised for Siberia.

### PAID SUPREME SACRIFICE

PTE. HARRY ATTWOOD REPORTED KILLED IN ACTION.

Son of Horace Attwood, of the City Buildings, Fell in the Recent Hard Fighting—Four Other Brothers Are Now Serving Their Country.

Still another young Kingstonian has paid the supreme sacrifice in the great struggle for liberty and righteousness. On Tuesday morning Horace Attwood, of the City Buildings, received a telegram from the Records Office, Ottawa, informing him that his son, Pte. Harry Attwood, who went overseas with the 38th Battalion, had been killed in action on August 10th.

Deceased was thirty-six years of age, and was well known in the city. He was a moulder by trade, and was employed at the locomotive works and the Kingston foundry. He was a fine type of young man and had many friends. From time to time his father received word that he was doing nicely, and the Whig on several occasions printed letters he wrote about the conditions at the front. A year ago last November he was wounded, but after recovering from his wounds he went into the front line again. He was unmarried. For a number of years he was identified with the 14th P. O. W. R. in this city.

Deceased is survived by his father, four brothers, all of whom are serving their country, and five sisters.

The brothers are Pte. Frederick Attwood, of the 109th Battalion, in Toronto, home from France; Pte. William Attwood, who is engaged on troop trains in Canada; Sergt. Attwood, of the 29th Battalion, now in Kingston on sick leave, having been wounded and gassed; and Sapper Roland Attwood, of the 12th Railway Company in France. The sisters are Mrs. George Lewis, of Milhaven; Mrs. Emma, of Montreal; Mrs. Miller, of Great Bend, New York; Miss Hattie, at home; and Mrs. Livermore, of Montreal.

### At the Theatres

#### At The Grand.

"To the Highest Bidder," the Vitagraph Blue Ribbon feature, which was shown at the Grand last night, was a high class society drama, with a powerful love interest, and yet retaining an air of mystery that made the picture one of the best releases of the year and gave popular Alice Joyce, who had the stellar role, much chance to display her splendid acting talent. In "The Highest Bidder" Miss Joyce is presented in what might safely be called her strongest and most appealing role and with her exceptional supporting cast, which included Jean Paige, Robert Walker, Bernard Seigel and others, she did full justice to the wonderful production. Other films on the programme were the Pathé News of the latest current events, a side-splitting comedy that was a sure cure for the blues, and two thousand feet of other good pictures. For the vaudeville, Page and Dorita presented a classy musical novelty that was so original and entertaining that it drew rounds of applause. This bill will be repeated to-night and also on Wednesday, both matinee and night.

#### At Griffin's.

The wonder picture, "The Lone Wolf," attracted a large number of patrons of high-class drama to this popular theatre last evening, who marvelled at the stupendous and awe-inspiring scenes shown upon the screen during the course of the story. "The Lone Wolf" tells the story of a young man whose father belonged to a band of criminals known as "Wolves," and who was betrayed by one of the band, captured and shot. On his deathbed he commissions his son to always work alone, have no confederates, and have nothing to do with women. The son promises all these, and moreover resolves to avenge his father's death. From this time on he is known as "The Lone Wolf," and baffles the police of Paris in his daring escapades, managing at all times to elude them. He has kept the promise made to his father at all times, but after a most thrilling adventure he is thrown in contact with a fascinating and lovely girl, who shows him the other side of life, and who soon teaches him the way to greater happiness. Bert F. Hill, Miss Dawn play the principal characters, and their portrayal is all that could be desired. The second episode of our new serial, "A Fight For Millions," proved especially attractive, and bids fair to become very popular.

#### SASKATCHEWAN'S CROP DAMAGE

Reports Greatly Magnified—Want 10,000 Harvesters at Once.

Reports previously published regarding the damage by frost to the crops in Saskatchewan were unduly pessimistic. Frequent showers and favorable weather have changed the outlook and it is apparent that the great province of Saskatchewan will have a normal crop. This is evidenced by the demand for farm laborers, as not less than 10,000 are required there immediately for harvesting. Final excursions are by Canadian Northern regular Winnipeg train leaving Toronto 10 p.m. Aug. 28th and 30th. Harvesters from outside points to use connecting trains to Toronto.

#### Muirhead-Egan Wedding.

At the Archbishop's Palace Johnson street, on Tuesday morning the wedding took place of Sergt. William Muirhead of the R. C. H. A. and Miss Alice Egan, of Westport. Father McDonald officiated. The bride was attended by Miss Delma Gogain, of Notre Dame, N.B., and the groom by the bride's brother, Charles Egan, of Westport. The groom's gift to the bride was a gold wrist watch; to the bridesmaid a gold pendant, and to the groomsmen gold cuff links. The wedding party had dinner at the Victoria Cafe. The newly-weds left on the afternoon train for Toronto and Niagara Falls. On their return they will take up residence at 263 Queen street.

#### Boys Were Fined.

Magistrate Hunter presided at the juvenile court Tuesday morning. Two young lads, who wandered out to Cataract because they had nothing to do during the holidays, raided the orchard of Mr. Keys and knocked down a lot of apples. They didn't want the apples because they had an orchard at home. The agent of the Children's Aid Society was present. The magistrate admonished the boys, and a fine of \$2 and costs was imposed.

The weather on Monday was: Kingston, 84; Toronto, 85; Ottawa, 82; Calgary, 80; Winnipeg, 76.
