Wild Strawberry.
Both Had Dysentery.

Dysentery comes on very suddenly and is one of the worst and most dangerous of all bowel troubles. The pains in the bowels become intense. The discharges occur with great rapidity and are very often accompanied by blood. Unless these discharges are checked the sufferer becomes weak and languid, and very often death ensues. There is only one remedy to use in all cases of dysentery or any other looseness of the bowels and that is "Dr. Fowler's Extract of Wild Strawberry."

CANADIANS ARE JUBILANT OVER THE BREAKING OF THE GERMAN WOTAN LINE.

Canadian Officers in Hospital Cheered on Hearing Bulletin—Prisoners Still Exceed the Canadian Casualties.

London, Sept. 5.—To break the German line has been the goal of every Canadian and this ambition has been satisfied. The Canadians fought at Vimy and Hill 70 on the way to Lens to release the great French coal city from the Germans. Taken from their task to finish the job at Passchendaele, they returned and spent the winter again before Lens. Taken away again to perfect them for this great offensive, they have fought in the battles of Amiens and Arras, and finally yesterday broke the Wotan line.

Jubilant in London. The Canadians in London are jubilant. It is a proud record to be the first to break what was supposed to be the impregnable German line.

DETECTED HEAVY MINE FITTED WITH CONTACT WIRES. Cut Through the Leads—Canadian Infantry Not Long Afterwards Streamed Across Bridge.

London, Sept. 5.—Reuter's correspondent at British headquarters describes the clever exploit of a Canadian officer at the Wotan line battle. In the dark hours of Monday morning he crept out to try to find a crossing over the Sennese. He discovered a bridge, but thought he would investigate before returning to report this valuable find.
