Catarrh of the Stomach is Dangerous

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind, and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure bisurated Magnesia in half a glass of hot water as hot as you can comfortably drink it.
