"HAVE A HEART" PLEASED.

A Large Audience at the Grand Wednesday Evening.

Every seat in the Grand Opera House was taken last evening, so great was the desire of local theatre-goers to witness the popular musical comedy, "Have a Heart." It proved to be one of the finest of its kind, and was thoroughly enjoyed. Time and again, the audience called back the artists, and time and again they generously responded. "Have a Heart" is a tuneful hit, full of lifting lyrics and fascinating melodies. Among the musical numbers are some prime favorites that have captivated the popular fancy. The story is built upon the fractured romance of a pair of newly-weds, who elope for a second honeymoon on the eve of their divorce. Such a setting gives opportunity to introduce many a funny situation. Joseph Kane, as Henry, the elevator boy, is a comedian of rare ability, a whole show in himself. He was ably supported by Henry Antrim, as Rutherford Shoemaker, department store proprietor; by Ruth Oswald, as Peggy Shoemaker, and by Jean Mason, as Henri, the French valet. The whirlwind dance by Henry and Rosie Green, as Daddies, the pretty hotel maid, proved popular with the audience, which demanded repeated encores. Charm, vivacity and grace were abundantly displayed in every scene, rendering the comedy a delightful and pleasing one. "Have a Heart" would receive a hearty welcome should it play a return engagement here.

Acting Chief of Police Nesbitt on Thursday morning notified the hucksters doing business on the market place that they must cease offering produce for sale until they had taken out licenses from the Canada Food Board. The acting chief received word from Ottawa that only farmers and persons who raised their own produce could sell on the market without a license. Probably a dozen hucksters have done business around the market place and till they receive licenses they can sell no more.

CONDUCTOIRETTES LEAVING.

Some Will Give Up Positions When Cars Are Laid Up.

Some of the conductorettes will be leaving the employment of the Kingston Street Railway shortly when the ten-minute service is stopped. They have made a name for themselves throughout the country which has become synonymous with courtesy. A bonus is to be granted to the girls before they leave.

Those who will be employed on the car during the winter are wondering what sort of a uniform they will wear. The khaki will be too cold, and it is probable that they will be furnished with blue serge suits.

ENDORSED BY PREMIER.

Catholic Army Hut Appeal a Worthy Cause.

The Catholic army hut appeal is arousing widespread interest, and has received the sympathy and support of the citizens of all classes. Local arrangements for appeal week, from September 1st to the 23rd, have been completed, and the campaign from present indications should be a decided success.

Among the messages of endorsement received is the following telegram from Sir Robert Borden, who saw the work of the Catholic army huts on the battlefields and in the training camps of England:

"Am glad to commend the efforts of the Knights of Columbus raising a fund for supplying the Canadian troops on battlefield with war huts and comforts. The purpose of the fund must command the support of all our people. Am forwarding by first mail my contribution."

Refused Admission to States.

Mrs. Warren, who was refused admission to the United States at Morrisstown, Cape Vincent and Alexandria Bay, N.Y., as she violated the alien labor contract law, has again been refused admission. On appeal to American Consul Johnson, her case was referred to the Central Appeal Board in Montreal, and it is understood that the application for entry has been refused. The reason was that an agreement had been signed for employment, thus violating the contract law.

THEY SECURED PRIZES.

Local Soldiers at Training School Displayed Fine Work.

The soldiers receiving instruction in the vocational schools here contributed some very fine specimens of their work for exhibition at the Toronto Fair. In competition with exhibits from all over the Dominion the local men secured one first prize, one second prize, and three third prizes. Patterns made at Queen's University took the first prize, and two of the men at Most Hospital were given prizes for wood carving and basket work after they had had only two weeks' instruction. Another of the patients secured a third prize for embroidery which he displayed.

Brick Registration.

This is the last day of the registration for military service of Americans between the ages of 18 and 45, and there was a rush at the office of U.S. Consul Felix S. S. Johnson to secure certificates. For the past week the registration has been going on, and it is expected that over two hundred will have registered when the final count is made.
