

The Final Phonograph

With the Ultona Sound Box Plays Any Record Made Better.

At the Toronto Exhibition crowds stood around the exhibit of Brunswick Phonographs and were absolutely astonished at the clearness and naturalness of the Brunswick with the Ultona Sound Box, playing Brunswick, Edison, Pathe, Victor and Columbia records with changing to any different parts or pieces. This makes

THE LAST WORD

In phonographs as you have all the records of all manufacturers at your disposal to pick and choose, and your Brunswick will play them better than the machine they were originally made for.

Why?

Because it is made by the old wood working institutions in this country who have been making cabinets for leading phonograph makers for years. They pick out the best ideas from all these different machines and place them in one.

FINAL PHONOGRAPH

For you. Is this not what you want. Come into our store and see and hear this wonderful machine.

Bicycle Champion's Woes. George Watson, Canada's Olympic bicycle champion, is up against it for fair. The Toronto crack was sent down to Ottawa to learn something about musketry and he took his pet bicycle along with him for training purposes so that he would be in good shape for coming events.

Immediately after his arrival in the Canadian Capital he was placed in quarantine along with a number of other boys in khaki because they had come into contact with cases of contagious diseases. By the time Watson gets out, a number of the meets and road races will have been held.

Exhibition Bout. Jack Dempsey claimant of the world's heavyweight championship, will box ten rounds with Jack Moran at Moana Springs, Saturday night, the Reno Athletic Club announces. Moana Springs was Jeffries' training quarters before the Johnson fight.

In the World of Sport

A NEW CLUB ENTERS O.R.F.U. AND O.H.A.

St. Vincent's Club to Play Senior Football and Junior Hockey.

With "Mike" Roden, the Queen's and St. Patrick player, as coach, a new club is making its appearance in the senior series of the O. R. F. U. and the junior section of the O. H. A., viz., St. Vincent's Club of Toronto.

Already they have secured Sergt. "Bill" Box of the Dentist Hockey Club, Charlie Stewart of the same organization, "Duke" McCurry, of La Salle, "Dunk" Munro of University Schools, Wendell Holmes, last year with Parkdale, and McKelvey of Kingston for their football team.

In these players they have the nucleus of a fine team and with Roden in charge of early practices at Trinity College they have made a ten-strike for their debut. For the junior hockey team those in charge refuse to divulge their intention regarding players.

THE SALARY DISPUTE.

Of the Two Teams in the World's Baseball Series.

One year ago when the New York Giants and the Chicago White Sox fought out the world's series the players divided as their share of the first four games \$152,894.48. This meant that each player of the Chicago team received something over \$4,000 and each player of the New York team something over \$2,700.

This year the players will get only \$69,527 as their share of the first four games, a loss of \$83,366 over the world series of 1917.

Under the new arrangement this year it was planned to give each player of the winning team \$2,000 and each player of the losing team \$1,400, with the balance divided proportionately among the players of the three teams in the National League which finish second, third and fourth, and the players of the three teams in the American League which finish second third and fourth.

If this plan is carried out the Cubs and the Red Sox will divide the full pot and still not get the proposed guarantee. Boston has twenty-one players eligible, which, at \$2,000 each, would reach a total of \$42,000. Chicago has twenty-two players eligible, and at \$1,400 the total would be \$30,800, or a grand total of \$72,800.

This means that the players of the other six teams will not get a penny unless the plan of the National Commission to reduce the contending teams and give the winners \$1,200 and the losers \$800 each is carried out.

The Boston and Chicago players strenuously object to this.

It is the old story. Not satisfied with being allowed to play and to make even something extra, the players must fight over the last dollar. Little wonder the fans have lost interest.

A RUGBY SUGGESTION.

Form Military Groups With Kings in One.

Rugby among the soldier athletes is taking a great hold through the season is just beginning to swing into working order. It has been suggested—and will be carried out if possible—to form a military section of the O.R.F.U. The suggestion is that teams from Kingston had district could form one group, teams from Toronto another, teams from Hamilton another, and teams from London and Western Ontario another. Undoubtedly there are many players among the khaki clad lads, and as rugby is not a hard game to learn it would assist many in taking up the fall pastime. The various groups as suggested could play-off for the military title of Ontario. In the fall sports are dead outside of rugby, and the game would give the soldier boys something to think about besides drill and military routine.

Canada's Premier Trotter.

Chilcott (2,04 1/2), with Tommy Murphy up, while the insert is Chilcott's owner, C. A. Burns, of Toronto, who has the honor of owning the fastest trotter in Canada. Chilcott has more than earned his oats the past summer, his winnings so far this season being \$11,235.

RUTH AND MAYS TIED.

For Pitching Honors in World's Baseball Series.

Official figures for the six games played to decide the world's series show that Charley Pick, the Chicago National League club's second baseman, was the batting leader of the players who appeared in every game. His average was .389. He was at bat 18 times and made 7 hits.

Walter Schang, Boston American League catcher, in five games was up nine times and got four hits, attaining a percentage of 44.

The only player to hit more than once for extra bases was Amos Strunk, Boston's centre-fielder, who got a triple in Chicago and a double in Boston.

The tight defence of the Red Sox is indicated by the single error charged against Boston in the six games. This was made by White-man, who dropped a fly ball in Chicago. Chicago made five errors.

Of the pitchers Ruth and Mays of Boston tied for honors, each winning two games.

The Cubs made 37 hits to 32 for Boston. The batting and fielding averages for the clubs are:

Boston—Batting, .384; fielding, .996. Chicago—Batting, .210; fielding, .980.

PRINCE LOREE WINS STAKE.

Cleveland's \$120 Horse Winner of \$10,000 Event.

Prince Loree, purchased two years ago for \$120 by Capt. David Shaw, of Cleveland, Ohio, won the \$10,000 stake for 2.12 trotters at the state fair, Syracuse, N.Y., this week, after one of the most sensational struggles in the history of this eastern class of the Grand Circuit. The winner's share of the purse was \$4,750.

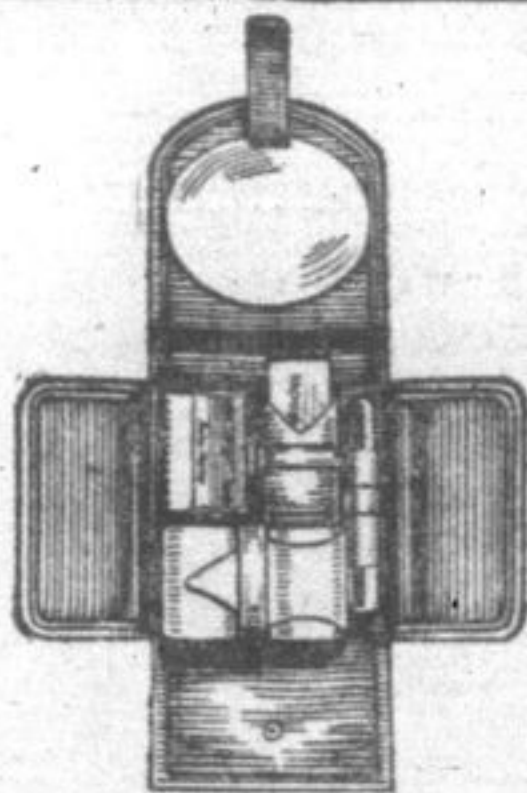

Prince Loree, piloted by McDevitt, won the first two heats in driving finishes. In the third heat the gelding was pocketed at the half-mile, and before he could be extricated Ante Guy, driven by Tom Murphy, raced into the lead and maintained the advantage to the wire.

RED SOX IN LAW SUIT.

Montreal Club Sues Boston for \$1,000 Due From Sale of Smith.

The Montreal Baseball Club yesterday brought suit in equity against the Boston American Club in an effort to get \$1,000 which the Montreal club claims the Red Sox owes for outfielder Paul Smith.

The suit asks that the Boston American club, the National Commission, Ban Johnson, August Herrmann, John Bruce and John Heydler be enjoined from delivery to the Red Sox funds and tickets of the world's series.
