Peace is about the last thing the Allies are thinking of. They will talk peace when Berlin is reached.

The American are in the fight to a finish. Their fresh troops are doing splendid service. Did Kingston motorists observe

the request to make Sunday a gas less day? Well, not as you could notice. President Wilson, with character-

istic promptness, tells the world that the Allies will not waste time talking peace. They will smash Germany first and then consider peace terms.

Store-Advertisements Have a Special Service Value to Buyers For the Home Just Now!

We are living in a new industrial era. Conditions of manufacturing and selling are changing con-Essential commodities are to be obtained almost

as readily as in peace times—but values and prices are not the same. Generally speaking prices are higher in all lines

-necessarily so; for materials and labor cost more. Merchants aim to keep buyers informed of changing conditions, of altered prices and of present values of commodities.

Advertising thus plays a more important part in our daily lives than ever before. Housewives must buy wisely-with knowledge of

commodities-with proper economy, but without running the risk of securing poor values through a policy of always buying at the lowest price. Women should not merely read the ads-they should STUDY THEM.
