

Best's Prescription Service

Is unequalled in this district. A capable dispenser at your service from early morning till midnight, means so much to the sick. Your doctor realizes this, and is depending more and more on us—just as we expect him to do.

The slogan "Take it to Best's," we want to be the watchword of the sick.

Best's

The Satisfactory Drug Store. OPEN SUNDAYS.

To Free Your Skin Of Hair or Fuzz

(Boudoir Secrets)

No toilet table is complete without a small package of delatone, for with it hair or fuzz can be quickly banished from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about 2 minutes, then rubbed off and the skin washed, when it will be found free from hair or bluish. Be sure you get genuine delatone.

Keeley Jr., M.O.D.O.

Those people (and they are many) who dread the ordeal of an eye examination are agreeably astonished to find that, as made by us, it causes no pain, discomfort, or inconvenience.

And We Use No Drugs.

Keeley Jr., M.O.D.O.

226 Princess Street

At Carleton Place, the coroner's jury, which enquired into the deaths of George Good and Benjamin Banks before Coroner Metcalfe, Almonte, found that the tragedy was directly due to carelessness.

THE PRINCE EDWARD FAIR

AT PICTON AGAIN PROVES A SPLENDID EXHIBITION.

Thousands Were in Attendance—Picton Has a Model Fair Because There is Unanimity of Effort.

(By Our Own Reporter)
Picton, Sept. 19.—The annual fair of the Prince Edward County Agricultural Society was held on Tuesday, Wednesday and Thursday, and it would seem hardly possible to conceive of a county fair as being more nearly a model one than that closing to-day in Picton. On Wednesday, when the Whig's representative made the journey via the steamer Brockville, all roads seemed to lead to Picton. All the bay ports, commencing with Stella, contributed large quotas of passengers, and while the steamer was passing Adolphustown Landing, twelve automobiles and a number of carriages were waiting their turn to get across to Glenora on the ferry boat. Arriving at Picton the streets were filled with automobiles, while there seemed an endless procession of people toward the fair ground. W. J. Carter, one of the directors, and an active business man of the town, estimated there must have been between 6,000 and 7,000 people and 500 automobiles on the ground.

The first day's opening exercises were most elaborate. The procession to the agricultural park was described by those who saw it as a magnificent spectacle, in which there were numerous floats and 1,600 school children, gathered from all over the county. The procession was headed by the 48th Highlanders' band, of Toronto, under Lieut. John Slatter. The opening address was delivered by Hon. George S. Henry, Minister of Agriculture for Ontario. Space forbids a detailed account of the numerous interesting events, but mention must be made of the baby show held in the Picton armories on the evening of the first day, at which 1,200 people were in attendance. These are some of the premiums for the best young hopefuls: Two sets of steel cribs, with springs and mattresses, value \$15 each, and three prizes of a \$10 gold coin contributed by Nelson Parliament, M.P., with smaller prizes valued at \$5 and \$2.50, while every baby who did not secure a prize in the printed list was given a solid gold baby pin and badge. Among the afternoon events of the first day was a baseball match between Picton and Belleville, in which Picton was victorious.

On Wednesday (the second day)

Sun Burned Skin

You want a healthy summer tan. But sometimes you get it too quickly and then there is a few days of suffering.

The application of Dr. Chase's Ointment takes out the stinging and burning and leaves the skin delightfully soft and smooth.

Because it is equally effective in relieving stings of insects and ivy poisoning as well as chafing and skin irritations it is invaluable in the summer camp.

CANADIAN NEWSPAPERS WILL PRACTICE WHAT THEY PREACH

Amount of Paper Used Will Be Reduced to Minimum in Keeping With Big Thrift Urge.

The Canadian press is well to the fore in the campaign to promote the saving both of materials and money. John M. Imrie, manager of the Canadian Press Association, mentions it as an interesting coincidence that on the very day that the Thrift Campaign was launched in the newspapers of Canada the news print paper committee of the Canadian Press Association sent out to all papers a long list of suggestions by which paper may be saved, and a resulting saving effected in labor, materials and transportation.

Canada uses a large quantity of news print, but much less per capita than does the United States. In this country the consumption is 13,000 tons per year per million of the population; whereas in the United States the consumption is 18,000 tons per million people. In the United States the War Industries Board recently issued an order reducing the consumption of news print in that country. No such action has been taken in Canada as yet; but the news print paper committee felt that every economy possible in the use of paper should be effected, notwithstanding the fact that, even after the new regulations have gone into effect in the United States, the per capita consumption of paper in that country

will be much higher than it is in Canada.

Eliminating Unnecessary Copies.

The ideas for economy suggested to publishers are of two kinds. First, the discontinuance of wasteful practices in building up circulation that have been manifested themselves through the keen competition of certain dailies to get circulation at any cost. Along this line many suggestions have been made with a view to eliminating wasteful circulation, without crippling the newspaper.

Another line of policy relates to the size of newspapers. Recommendations have been made for reduction in size ranging from five per cent. in the case of small papers, to sixty per cent. in the case of large Sunday editions using over 350 columns of reading matter, comic features, etc. This would mean the eliminating, or reducing, of many comic and other features and the condensing of news reports into shorter form. In other words, the competition between papers would then be one of quality rather than of quantity of matter printed.

The Canadian press in adopting these suggestions is following up its campaign to promote saving by practicing it.

GOSSIP HEARD ON THE SIDE

WITH SOME TIMELY COMMENT IN A DAY'S ROUND.

Citizens Pleased Over Announcement That Street Railway Will Give Ten-minute Service Trial This Winter—Who Will Be Mayor in 1919?

Citizens are greatly pleased over the announcement made by the street railway company that a ten-minute service will be given a trial this winter.

"Nothing but a big snow storm would stop some people running their autos," a citizen was heard to remark.

The Portsmouth Philosopher says he is strongly in favor of "gasless" Sundays for the autos, as the cars have been kicking up much dust at Hatter's Bay.

The Weatherman is working overtime this week with his watering can so Old Sol can have full sway at R. J. Bushell's fair next week.

"Milkless days" will be next in order for many families if the farmers give the prices the boost they are talking about.

Save gasoline, and it may save you a fine in the police court.

Chorus of citizens: "Sure, we are all going to the Kingston fair next week."

Williamsville girls have no complaints to make about the shortage of gas.

A school boy expressed himself to-day to the Whig as follows:
Poor Kaiser Bill
Should get a lead pill,
For win this war
He never will.

"Kingston the Good," is the title this city now claims, and justly so, for a whole week passed without a session of the police court. During this time not one drunk or a complaint of a serious nature came before the notice of the police. Surely this is a record any city might well be proud of. To the Ontario Temperance Act must be given the lion's share of the credit.

Who will be Kingston's mayor in 1919? Election day is just three months off. Get in the race early.

Daily memos for citizens—Boil the water, conserve gas, save fuel, save gasoline, go easy on the sugar, give all you can to patriotic appeals, boost your own town, don't be a "knocker," and above all, watch your step.

Lieut. William K. McGregor, son of the late D. F. McGregor, Eganville, and Mrs. McGregor, reported missing since July 28th, is a prisoner of war.

A well known Toronto journalist and editor of the C.-holic Register died suddenly on Wednesday.

THE WOLFE ISLAND FAIR.

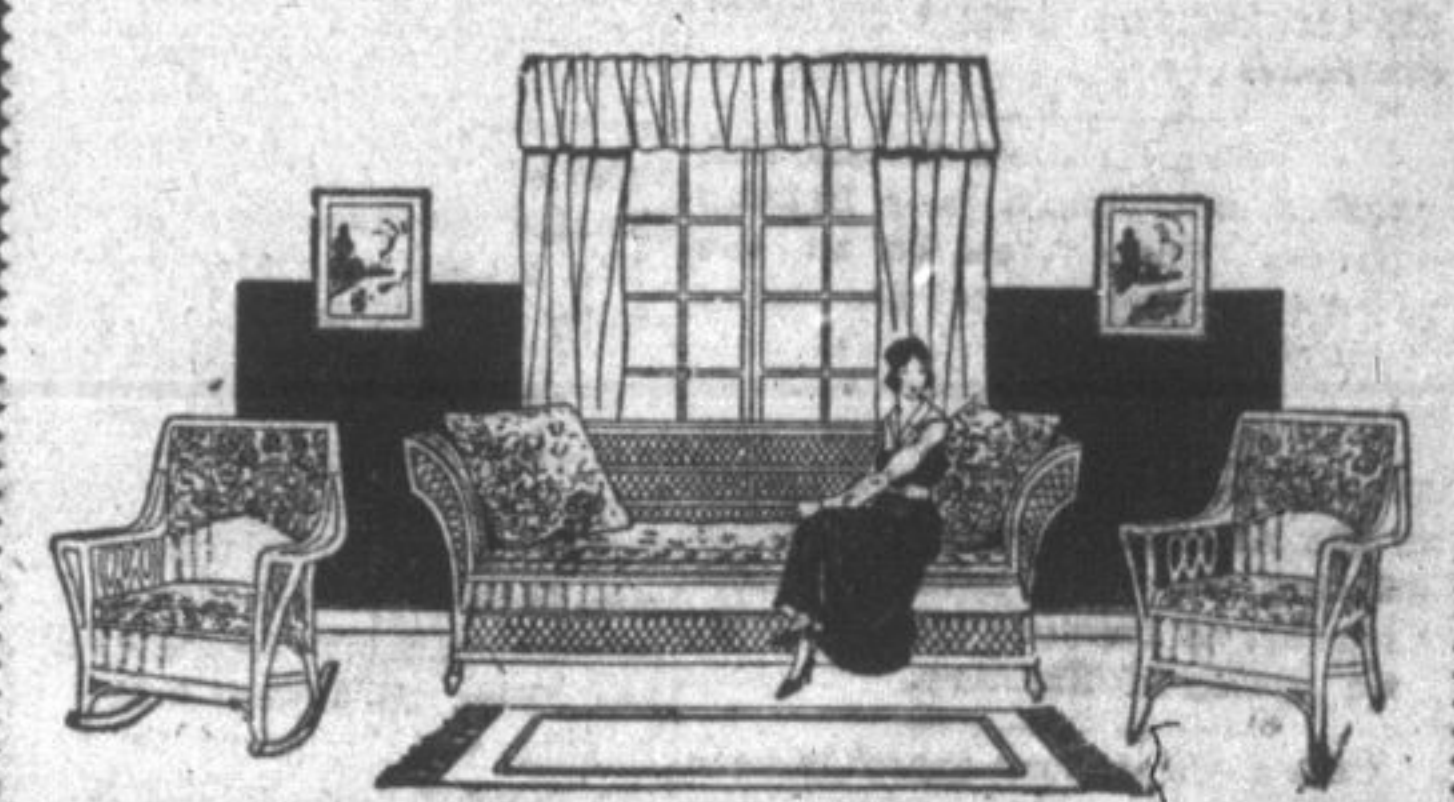

Was Spoiled on Wednesday Afternoon by the Rain.

The weather turned out so bad on Wednesday afternoon that the programme for the entertainment of the visitors to the Wolfe Island fair was seriously interrupted. The 2 p.m. boat for the island was crowded and carried the Army Medical and the Army Dental baseball teams. Both have played high class ball all summer and a match between them was eagerly looked forward to. When the boat touched the island landing, however, the rain was coming down steadily, and it continued throughout the rest of the afternoon. A "trial of speed" was also expected, and some of the horses reached the race course but had to leave for shelter. Among the disappointed visitors were R. J. Bushell, secretary of the Kingston Fair Association, and J. F. L. Sproule, president of the Frontenac Farmers' Co-operative Association. The shelter and hospitality of the hotel was very much appreciated.

The officials who conducted the fair deserve great credit, likewise the farmers who contributed to the skill, patience and energy to produce so splendid an exhibit, for it was a most creditable one in every way. It is reported that, despite the weather, the finances are very satisfactory. This is in no small measure due to the efficient manner in which the secretary-treasurer, George Rattery, discharged his onerous duties.

To Ask Higher Fare.

Winnipeg, Sept. 19.—The Winnipeg Electric Railway will shortly make application to the city council for an increase in street railway fares and the amount of the increase will be based largely upon any developments that take place in regard to the 50 per cent. wage increase asked by motormen and conductors.

September is the month of home coming and the preparation of comfortable surroundings for the winter. We have our new stock now of Living Room Furniture on our floors, and at a moderate cost, we can help you make your home attractive.

We still have a very large stock of Rugs, Linoleums and Furnishings, which we have been holding for considerable time. Our prices are considerably below the wholesale price to-day.

Victrolas and Victor Records, a full stock on hand.

FORMERLY OF OTTAWA.

Lieut. W. F. Ferguson Was Killed in Action.

Ottawa, Sept. 19.—Lieut. William F. Ferguson, aged thirty-four, son of the late J. P. Ferguson and Mrs. Ferguson, formerly of Yonge and Mills, Ont., was killed in action Sept. 3rd. He was formerly train despatcher for several years for the Grand Trunk in Ottawa.

Lieut. Ferguson enlisted in February, 1916, in the 156th Battalion, as signalling officer. He went to France in December, 1917, with an Eastern Ontario battalion. He was wounded on February 23rd of this year, but after two months rejoined his battalion. Ten years ago, September 3rd, he was married to Maymie E. Bolin, daughter of Mr. and Mrs. F. Bolin, Lyn, Ont., who is living at 514 Coover street at present with her parents.

By a queer twist of fate he met his death on the tenth anniversary of his marriage.

Drove Over Sidewalk.

There is trouble for carters who drive over the sidewalks. On Wednesday Constable Samuel Arnie summoned a carter for driving over a walk with two tons of coal. Many complaints have been received about carters damaging the walks in this way, and if the practice is not stopped many more summonses will be issued.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

After three years service with a Canadian Siege Battery, Lieut. Charles MacDowell, one of four soldier sons of Mrs. James Richardson, Maitland, and brother of Major Thain W. MacDowell, V.C., D.S.O., has been wounded.
