

DEATH OF M. S. MADOLE

ONE OF THE LEADING TOWNSMEN OF NAPANEE

Deceased Was An Ex-Mayor and a Prominent Liberal.—He Was Once Defeated on a Re-count.

(From Our Own Correspondent.) Napanee, Sept. 19.—The death occurred on Wednesday morning of Marshall S. Madole, after an illness of several months. Deceased was one of Napanee's most prominent business men, having carried on a hardware business for about thirty years. He was identified with everything for the advancement of the town's interest. Deceased was mayor of Napanee for a term and a member of the school board. He contested Lennox & Addington for the Liberal interests and was defeated by a very prominent member of Grace Methodist church. He leaves, besides his widow, three daughters, Mrs. Reddick, Gertrude and Maysie. The funeral is to take place on Friday afternoon at Grace Methodist church and thence to Riverside cemetery.

Mrs. Harry Fralick and little daughter Jean left this week for their home in Calgary, after three months visit with friends in Napanee and vicinity.

Mrs. Linden Longmore and son, of Timmins, Ont., spent a few days this week with her sister, Mrs. W. Lott, and brother, A. E. Caton.

Mrs. R. N. Merritt is spending a month at her home in St. Catharines. Mrs. E. J. Boyle, John street, gave a Red Cross supper at her home on Tuesday afternoon. About sixty guests were present and over \$30 was realized.

Mrs. Stothers and two children, of Ottawa, who have been the guests of Mrs. F. F. Miller for the past month, returned to her home this week.

NEWSPRINT APPEAL TRIBUNAL ARRANGED

Will Hear Objections to Orders Issued by Mr. Pringle.

Ottawa, Sept. 19.—An order-in-Council has been dealt with by the Government this week constituting the judicial tribunal to which appeals may be taken from orders issued by Commissioner Pringle fixing the price of newspaper. The appeal tribunal will have power to hear additional evidence in the event of either the manufacturers or the publishers objecting to any order issued, but all orders will remain effective until the appeal tribunal has given judgment. The appointment of an appeal tribunal is in line with a recommendation made by Commissioner Pringle in his interim report issued in January last.

The personnel of the appeal tribunal has not been officially announced, but it is understood that it will consist of Judge Archer, of the Superior Court, Montreal; Judge Masten and Judge Middleton, of the Ontario Supreme Court.

WISKIN—BOYLE

A Pretty Wedding Took Place at Belleville.

A very pretty wedding took place on Wednesday Sept. 11th, at the home of Mr. and Mrs. Charles B. Boyle, 238 Foster avenue, when their eldest daughter, Yvonne Helena became the bride of Corporal James Harold Wiskin, son of Mr. and Mrs. James H. Wiskin, of Kingston. The bride looked charming, gowned in white silk and georgette crepe, with pearl trimming and wore a veil with orange blossoms, and carried a bouquet of bridal roses. She entered the drawing room on the arm of her father, while Miss Lavoy played the wedding march. The bridesmaid, Miss Sevilla Johnston looked sweet in a gown of pale green ninnon over silk, with gold trimmings and gold slippers, and carried a bouquet of pink asters. Russell Clarke, of Kingston, cousin of the bride, assisted the groom. A very dainty buffet lunch was served by four cousins of the bride, Misses Lottie and Irene Boyle, Miss Alice Clarke and Miss Alma Rousseau, of Kingston. The house was beautifully decorated with asters, palms and flags. The bride's table was tastefully decorated with a mound of pink silk and tulle, with the bride's cake in the center. The bride received a large number of costly and beautiful gifts. The young couple will reside in Kingston. The officiating clergyman was Rev. D. C. Ramsay, pastor of John Street Presbyterian church.

Wife and Little Boy

SAVED BY Dr. Fowler's EXTRACT OF Wild Strawberry.

Both Had Dysentery.

Dysentery comes on very suddenly and is one of the worst and most dangerous of all bowel troubles. The pains in the bowels become intense, the discharges occur with great rapidity and are very often accompanied by blood. Unless these discharges are checked the sufferer becomes weak and languid, and very often death ensues. There is only one remedy to use in all cases of dysentery or any other looseness of the bowels and that is "Dr. Fowler's Extract of Wild Strawberry."

It will cure where all others fail. It has been on the market for 73 years.

Don't accept a cheap substitute and thus endanger your health. Mr. W. J. Metcalf, Tofield, Alta., writes: "I wish to state that we have used Dr. Fowler's Extract of Wild Strawberry with good results. I will say that it can't be beat. It saved my wife and little boy last summer, when they were very low with dysentery. We always have a bottle of it in the house, and would not be without it if it cost five dollars a bottle."

The genuine "Dr. Fowler's" is manufactured only by The T. Millbury Co., Limited, Toronto, Ont. Price 35c.

SHELLS FAIL TO EXPLODE.

50 to 70 Per Cent. Fired Did Not Explode.

With the United States Army in France, Sept. 19.—Artillery officers estimated recently that at certain stages of the German retreat north of the Marne from 50 to 70 per cent. of the shells fired by the enemy failed to explode. One night after the Germans crossed the Vesle the enemy fired seventy-two shells of large calibre into a wooded tract where American troops were supposed to be quartered, and artillery experts of one of the divisions engaged reported that only four of these shells had exploded.

None of the officers suggested that the German shells were deteriorating generally. There had been day after day of rain during the retreat, and it was believed quite possible that in the withdrawal the Germans had not been able to take the usual precautions against dampness, the result being that many projectiles from some of the big guns failed to do anything more than strike the earth with a thud.

One officer suggested that possibly the Germans had been firing old shells rather than new shells at all, the officers realizing that only a few of them were exploding, but preferring to keep the big guns pounding away merely in an effort to keep up the morale of the men putting up the rear-guard fight.

The average number of faulty shells generally is from two to six per cent.

AND AT HARD LABOR

Father Gets Term For Beating His Son.

Cornwall, Sept. 18.—Police Magistrate Daniels handed out a sentence of eighteen months in the Ontario Reformatory at hard labor to Louis McCormick for beating his 15-year-old son Ernest with a "cat o' nine tails" because the boy had gone for a drive with a younger brother. The evidence showed that the welts produced on the little fellow's body were worse than some floggings sometimes given in jails, and the physician who examined the boy's body declared that what the father deserved was a dose of the medicine administered to the boy.

He who quits the game half thru Will lose success and Friend-ships too.

Who with steam but no control, Will lose, no matter How brave his soul.

Sentenced For Stealing Car.

Belleville, Sept. 18.—Victor O. Veal and William Wall, two youths who claim Toronto as their home, were sentenced to six months in the reformatory for stealing a car, the property of Marshall Peck, of this city. It is alleged the lad rode to this city in a Ford car which was stolen in Toronto.

Buys 1,000 Acre Farm.

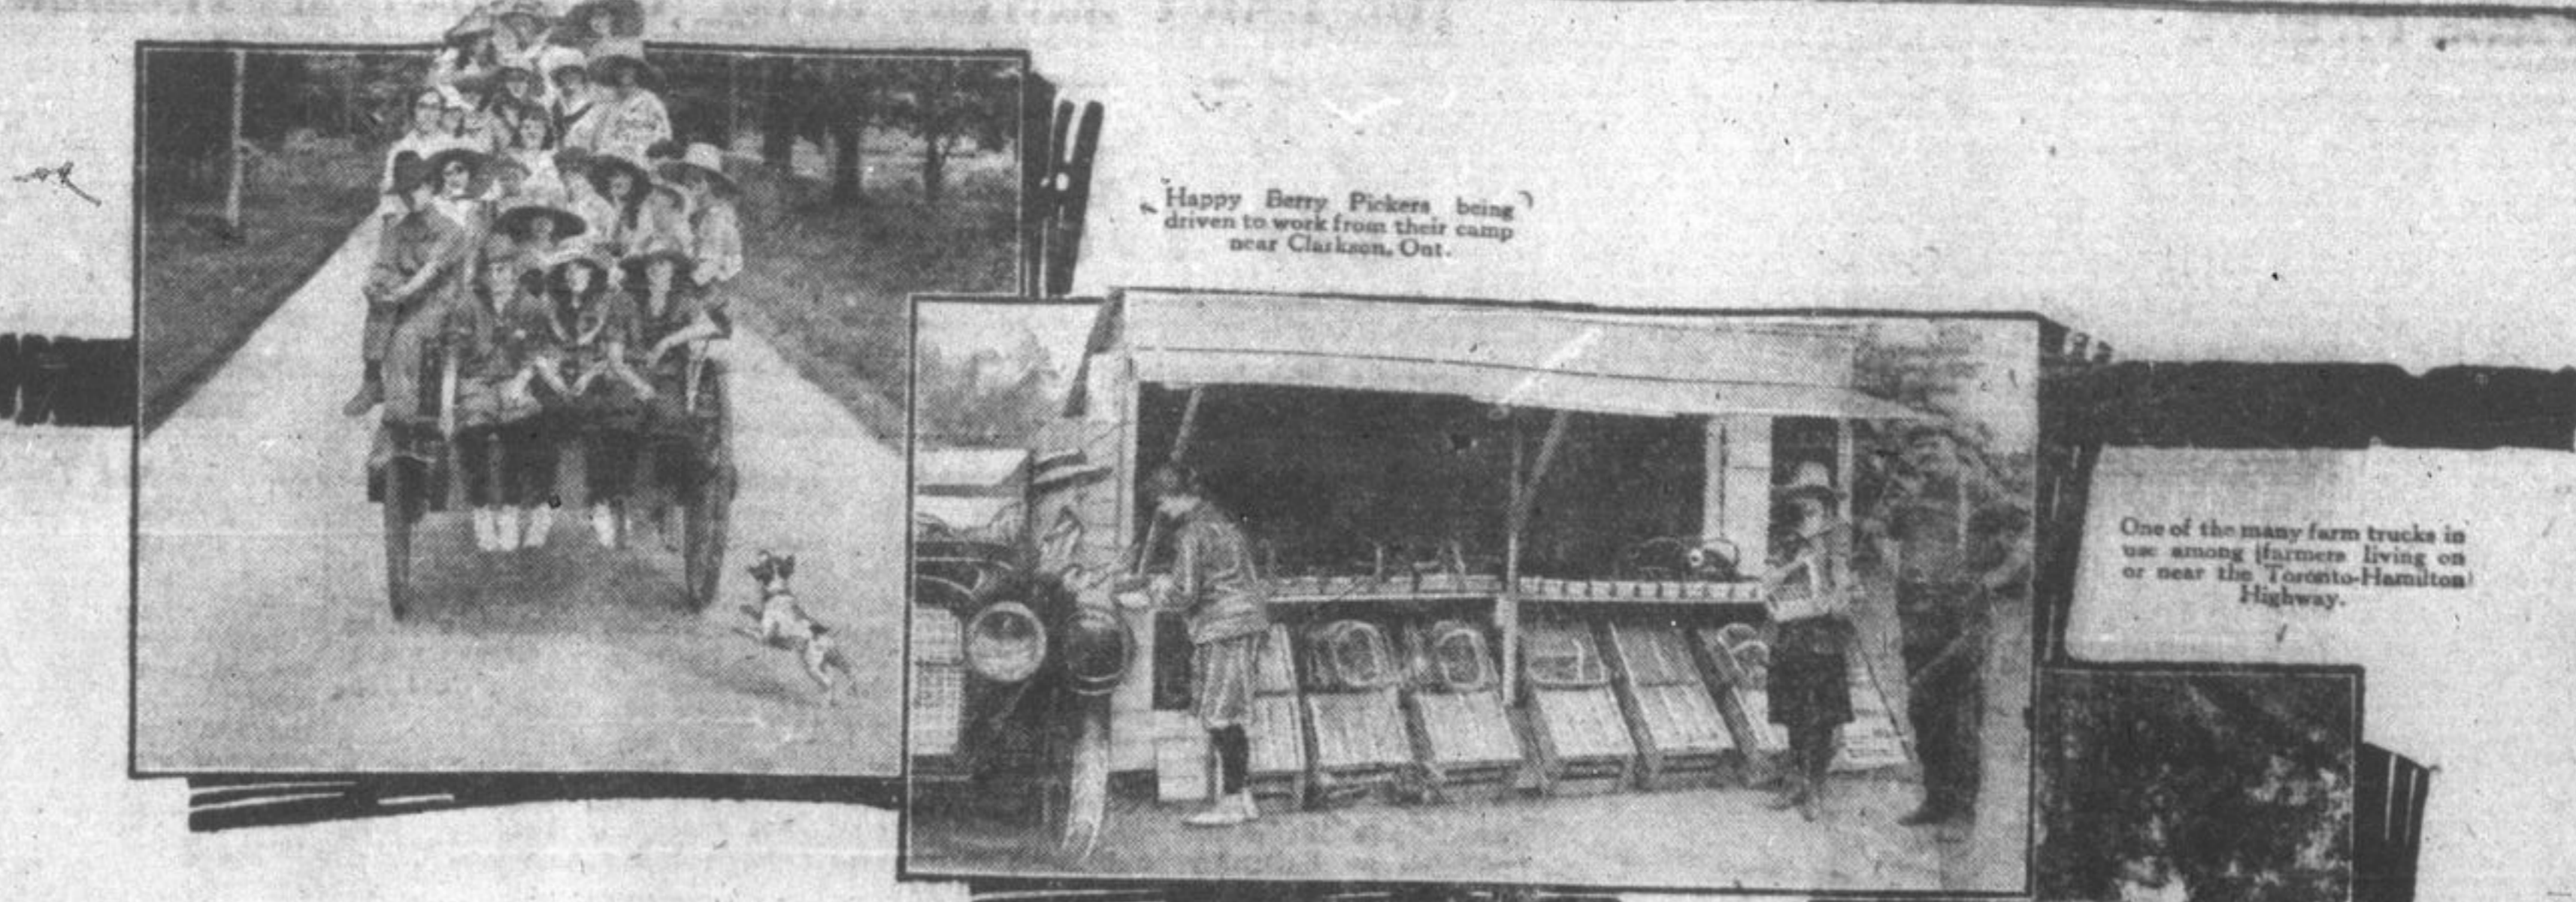

Ogdensburg, N.Y., Sept. 18.—Edward J. Burns and Matthew Callaghan have purchased S. W. Day's Channel View farm, located on the banks of the St. Lawrence river, five miles below Alexandria Bay. The property consists of 1,000 acres, 400 of which are timber lands.

Reichsrath Meets Oct. 1.

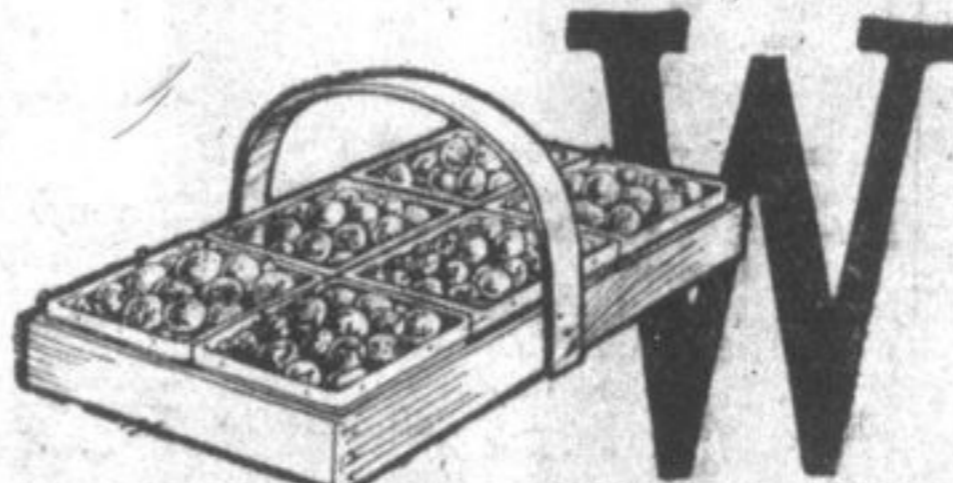

Amsterdam, Sept. 19.—The Austrian Reichsrath will meet on Oct. 1. The Neue Freie Presse says that the Sultan of Turkey will make a visit to Vienna at the end of September.

Dr. J. B. Calkin, the oldest and most widely known educationist in the Maritime Provinces, died on Tuesday in Halifax, in his eighty-ninth year.

It is almost as difficult for some women to get their hats on in the evening as it is for the men to get theirs on in the morning.

CONCRETE ROADS Saving time money and labor Are a great aid to CONSERVATION

WHATEVER speeds up traffic must be a real economy. Whatever delays traffic must always involve waste of time and effort.

Concrete, being the road material of minimum tractive resistance, makes a Pavement on which all types of vehicle can travel quickly, and fits thus into the present necessity of speeding-up on production.

Wherever there is a "Concrete Road, in that locality you" will find farmers and their "help" able to devote more time to the work on bad roads before the Concrete highway came, goes into the vital work of speeding-up the sowing and

of production. The time they save in getting about on Concrete, as compared with the time they wasted gathering of the crops. Saving the Time of Berry Pickers The girls who helped so splendidly in the gathering of our Berry Crop this Summer, can testify to the value of a Concrete Highway along lines of time-saving. To those of them who were able to use the Toronto-Hamilton Highway, it meant many hours saved in transit between their camps and the berry-patches—thus giving them more hours for berry picking than they could possibly have had if their travelling to and fro had been on the old style road. Also, each group of girls was enabled to cover a much wider radius from their camps than would have been possible on an ordinary road.

Saving the Time of the Farmer. This same Concrete Highway has resulted in the opening of many wayside markets, to which motorists come for their fruit and provisions, thus saving much of the farmer's time. Then, too, those farmers who still take their "truck" to market are able, on this highway, to get to market and back in double-quick time. A farmer, situated on this highway, twenty miles from market, can load his motor truck and leave in the morning—be back home for lunch—and make another trip to market in the afternoon. Instead of three uncomfortable team trips per week, which was his average before the Concrete Road was built, he now makes twelve trips in comfort—two trips each working day—by motor truck.

How the Toronto-Hamilton Concrete Highway Saves Money for Mr. R. H. Lush of Clarkson, Ontario. This farmer has sold at his wayside booth this summer, among other fruits, 700 baskets of cherries at an average price of \$1.60 per basket, a total of \$1,120 for cherries alone. Had he shipped those 700 baskets to Toronto (as he had to do before the highway was built) he would have had to pay on his way to Toronto the following items: Commission to Commission House (12 1/2% on \$1,120) \$126.00 Express (at 3c. per basket) 21.00 Cartage at City end (1c. per basket) 7.00 Hauling from Farm to Railroad (1c. per basket) 7.00 \$161.00 He figures that the \$189 which he saved by selling his cherries at his wayside booth represents an extra profit of \$189 on cherries alone—to say nothing of his saving on strawberries, raspberries, apples and vegetables. Besides effecting a large saving on his own fruit and garden truck at prices knowing that he is supplying the motoring public with fruit and garden truck at prices approximately those the wholesale fruit house buys at—and his customers assure him that he is performing a real service for city people in supplying them with fruit in that condition which is only to be secured by buying the product the day it is picked.

CANADA CEMENT COMPANY LIMITED, Herald Building, Montreal.

CANADA CEMENT CONCRETE FOR PERMANENCE

Canada Cement can be secured from over 2,000 dealers, in nearly every city, town, and village in Canada.

237 WOUNDS SUFFERED BY AMBULANCE DRIVER

Hemmingway, With Red Cross in Italy, Assured He Will Recover.

Paris, Sept. 18.—Surely F. M. Hemmingway of Kansas City, who drives an American Red Cross ambulance on the Italian front, holds the record for the number of wounds received by a man in battle. While distributing comforts to Italian troops in their trenches, Hemmingway was struck by fragments of an Austrian shell, which exploded close to him. He lost so much blood that he could not carry the soldiers who were wounded with him to a field hospital. Taken there himself the surgeons found, Hemmingway had received no less than 237 wounds. But the surgeons assure Hemmingway he will recover and the military authorities have congratulated him on his vitality as well as for his bravery in action.

WELL AMBUSHED BUILDING.

Residence Built For Kaiser Discovered on Somme. With the British Armies in France, Sept. 18.—In one of the little woods whose invincible greenery has survived the harrowing of a thousand bushes, building, the most elaborate style of domestic architecture. It was erected especially for the reception of the Kaiser. It stands as authentic proof that the Germans meant to stay on the land they had taken. If he could have stood by the fireplace, the Kaiser would have looked, if the doorway were open, down a passage to a greenery of Christmas trees, which cuts in two the vista over the once-conquered country along the Somme.

AUSTRALIAN WAR LOAN.

Seventh Loan Campaign Off to Good Start. Melbourne, Australia, via London, Sept. 18.—Tremendous enthusiasm marked the inauguration of the seventh war loan campaign. After a naval and military procession, accompanied by three tanks and an airplane overhead dropping leaflets, Acting Premier Watt sold the Lord Mayor of Melbourne the first bond. The tanks toured the populated areas and the Acting Premier was kept busy selling bonds from the top of one. The whole of Australia has been divided into areas and a quota allotted each area. When the quota is reached an honor flag will be raised. It is expected that forty million pounds sterling will be raised easily within a month.

President Wilson signed a proclamation prohibiting, after next Oct. 1st, the use of any foodstuffs in brewing beers except malt and hops. After Dec. 1st brewers must cease brewing altogether.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Relieves CATARRH of the BLADDER and all Discharges in 24 HOURS. SANTAL MIDY. Each capsule contains 1/2 grain of MIDY.

Wood's Phospholine. Tones and invigorates the whole nervous system, makes new blood in old veins. Cures Nervous Debility, Mental and Brain Worry, Insomnia, Loss of Energy, Impairment of the Heart, Protruding Venery. Price \$1 per box, six for \$5. Cue will please, six will cure.
