ASSAULTED A CHINAMAN

TWO MEN ARRESTED ON A SERIOUS CHARGE AT NAPANEE

Refused to Pay for Meal in Restaurant and Attacked Celestial When Asked to pay—Were Bounded up Later by Chief Barrett.

(From Our Own Correspondent.) Napanee, Sept. 21.—What appeared to be a daring attempt to commit a serious crime was perpetrated in Napanee Thursday evening, when Jung Hing, proprietor of a Chinese restaurant, was brutally attacked by two soldiers in uniform about 6.45 o'clock.

It appears that these men, who gave the names of Jay Paterson, and Albert Malcolm, went into the restaurant on John street, and ordered an elaborate meal which was served them after which they started to walk out without paying, when asked for payment, Paterson pulled out a policeman's baton, and struck the Chinaman several severe blows across the head, knocking him senseless. The noise of the scuffle attracted the attention of some passers by, and the soldiers hurried away. The police were immediately notified. Chief Barrett responded, and was made aware of what had occurred and set out to look for the two men. He located them on the premises of the Grand Trunk Railway, heading for Kingston, and with the assistance of Charles Walters, local manager of the Hydro Power Commission, the chief placed them under arrest and locked them up to await a hearing. They claimed to be military police-

men from Toronto, and had a pair of handcuffs as well as the club when arrested.

About seven o'clock Thursday evening a team of horses, attached to a wagon, under the charge of two soldiers, broke away near the G.T.R. station and ran down Isabella street, where they collided with a tree, smashing the wagon and harness, but fortunately the men and horses escaped injury.

As the girl is brought face to face with various alternatives, every eventuality of her possible future is revealed to her in the crystal ball. She may choose an operatic career. She may marry a rich suitor, who may remain at home and take care of her family, or she may marry the man she loves. The life she will lead in any one of these careers is shown to her and visualized on the stage. The production and the cast are in keeping with the extraordinary nature of the play.

STUDENTS IN AGRICULTURE.

Registration is Larger Than Expected—Girls and Soldiers In.

Quebec, Sept. 21.—When the Ontario Agricultural College opened up for the fall term yesterday there were nearly 150 students in attendance at the various classes, which is considerably more than was at first anticipated. The registration of first-year students has been larger than was looked for, and there are between 80 and 90 students in the freshman class. Included in the class are three young women who intend to take the full year's course in agriculture, and also several soldiers who are going into farming as a business. This is the first time that women have been allowed to enter the agricultural course at the college, and also the first time that returned soldiers have taken up the work of scientific farming.

KAROLYI WOULD QUIT.

Urges Acceptance of Wilson's Points as Only Peace Route.

Amsterdam, Sept. 21.—Count Michael Karolyi, the Hungarian Opposition leader, has reiterated his declaration that the Central Powers should accept President Wilson's fourteen peace points as the basis for peace negotiations, according to a Budapest despatch to the Frankfort Gazette. Another essential, he says, is for "serious democratic governments" in Austria-Hungary and Germany to take the helm. The reactionaries, he insists, must be sent to the rear. The situation, he adds, also calls for the abolition of the Brest-Litovsk and Bucharest peace treaties. "Thus only can peace come," the Count declares.
