NEW CLASSIFIED ADVERTISING RATES

Owing to the greatly increased cost of newspaper, ink, labor, etc., the British Whig has been obliged to advance its advertising rates somewhat. A sincere effort has been made to minimize the advance as much as possible. The increase now announced applies only to classified advertising, and then only when it is charged. When cash accompanies the copy, the following old rates will prevail.
One Insertion (25 words or less) .25
Three Insertions (25 words or less) .50
Six Insertions (25 words or less) \$1.00
One Month (25 words or less) \$2.00
Over 25 words, 1c a word first insertion, and 1/2c a word for each subsequent, consecutive insertion.
If ads. are to be charged, the rates will be double those above quoted.
The cost of sending out a man to collect small accounts today amounts to more than the total revenue derived from such advertising. Hence the increase.
