In the Automobile World

Useful Hints For Motorists

The question of what spares to take in the new car are difficult. This is on reasonably extended tours is one often due to the new clutch, which that bothers most motorists. Here are a few useful spares that are frequently forgotten. Extra bulbs for the car and not thoroughly familiar the headlights ought always to be carbied. A few dry cells may be invalu
This is procedure, for determining what is, or rather what is not, a glaring headlight. There is no guesswork about it; no opportunity for the local policeman or justice of the peace to expect the headlights ought always to be carbied. In what objectionable clare is for clare. quently forgotten. Extra bulbs for the car and not thoroughly familiar the headlights ought always to be carried. A few dry cells may be invaluable in emergency. Two or three pairs of pliers instead of the custom-pairs of pliers instead of the custom-should certainly be carried. If the rasping of the second gear cannot be avoided and it is fear-nounced by the Secretary of State unnounced by the Secretary of State unformation.
