"Are You Using Stale Water?"

Has it ever occurrred to you when buying a bottle of LIQUID SHAMPOO that you are paying for water? Surely you have plenty at home without spending your good money for it.

You can avoid this waste by buying VELNOR SHAMPOO (in concentrated form) and mixing what you need with fresh water from the tap. By doing this you not only save the profit on water but you run no risk of the Liquid being stale or rancid.

It is a real pleasure to shampoo with VELNOR for you have a fresh made liquid that is far better for your hair and scalp than something that has laid around for months.

The use of VELNOR aside from being economical, is harmless and beneficial. It is the purest form in which shampoo can be made, and it will improve the natural color of the hair.

The carton containing six individual shampoos costs but 50c, and will last for months. It never spoils, for you use it as required. Sold by all druggists.

On request we will mail you FREE of all cost a sample containing enough for one shampoo.

THE VELNOR COMPANY,
11 Colborne St., Toronto.

Eastern Ontario News

GANANOQUE

(From Our Own Correspondent.)

Sept. 24.—In the interests of the "Sailors' Week Campaign" a public meeting was held at the Oddfellows' Temple last evening, but as the weather conditions were very unfavorable the attendance was not as large as might have been expected. Lieut. Lindsay Carnegie, of Toronto, organizer for the Navy League of Canada, delivered an inspiring address in aid of the campaign which will be conducted this week. A house to house canvass will be made.

During the past week the campaign here in the interests of the Knights of Columbus' big effort to raise $500,000 for huts for soldiers at the front, which has had T. D. O'Connor's store as headquarters, has realized quite a substantial amount for that purpose.

Mr. and Mrs. Thomas McKendry, William street, have received notice that their son, Pte. McKendry, has been admitted to hospital for treatment for gas poisoning.

Mr. and Mrs. J. Phillips have also received notification that their son, Pte. Edward Phillips, has been gassed and admitted to hospital for treatment.

William Heasler has taken possession of the residence on Hickory street recently purchased from Charles E. Sweet.

Mr. and Mrs. William Fairman have moved into the residence at the corner of Charles and Garden streets recently owned and occupied by Dr. F. J. O'Connor.

At the service on Sunday morning in Grace Church Rev. W. S. Lennon conducted a service in memory of the two members of his congregation who were reported as making the supreme sacrifice, Ptes. C. M. Wright and J. E. Eastwood.

Miss Essie DeLong, King street, who has been spending several weeks' vacation with relatives in the far west provinces, has returned to resume her duties here.

Miss Josephine Bedard, spending the past two weeks with relatives here and in Kingston, has returned to Brockville to resume her duties as supervisor at the Eastern Hospital.

The Late Mrs. A. Rice.

Westport, Sept. 24.—Mrs. Armrette Rice, an elderly resident of Westport, died at the home of her son, Amos Rice, Sunday morning. Mrs. Rice was seventy-five years of age and had lived here practically all her life, where her death was heard of with deepest regret. Surviving are two sons, Amos Rice and Nelson Rice, one sister, Mrs. John Mars, Westport, and two brothers, E. Jones, Tulow, Man., and Justice Jones, Westport.

The remains of the late Thomas Hart, who died in Smith's Falls, of heart failure, were buried at Belleville.

ODESSA CASUALTIES

Charles Timmerman Has Returned Home to Montreal.

Odessa, Sept. 23.—Mr. and Mrs. John Denyes have received the sad news that their grandson, Meacham Denyes, only son of Mr. and Mrs. Malcolm Denyes, Milton, had been killed in France, Sept. 2nd. For some time he had been employed packing munitions. The particulars of his death have not yet been received. He went as a volunteer about two years ago.

Mr. and Mrs. M. F. Schermerhorn were notified from Ottawa last Monday that their son Ross had been admitted to the hospital with gunshot in his right limb. He went as a volunteer at the beginning of the war four years ago last August, and previous to this, had been gassed while acting as messenger on his bicycle.

Mrs. Sidney Denyes received word that her son, Dr. Jerald Denyes, had been wounded in his right arm and admitted to hospital in France.

Among those who have returned from attending the (Central) Ottawa fair are Mrs. Orange Babcock, Alfred Babcock and Earl Silver, Mr. and Mrs. Charles Decker and son Fred, Kingston, spent the week-end with Mr. and Mrs. James Boyce. Miss Georgie Ettinger, Kingston, and Miss Christina McKay, Goeur d' Alene, Idaho, who have been guests of Mr. and Mrs. George Watts, left for their homes last Saturday. Charles Timmerman, who has been spending the past two weeks at home, has returned Montreal.

The annual Thanksgiving services in the Salvation Army barracks were held Saturday night and Sunday. Many from other places attending. The sale of vegetables and other gifts is to take place Monday night. A baby boy arrived to make his home with Mr. and Mrs. Joseph Lawlor.

SOUVENIR FROM FRONT.

A Cornwall Soldier Sends Home An Iron Cross.

Cornwall, September 22.—Mrs. Gowdy has received from her son, Sergt. Leonard Gowdy, of the 38th Battalion, an iron cross in a leather case with black and white ribbon, presumably that of a German officer, as it has a silver rim. On one side is "F. W. 1913," and on the other "1914." No explanation was given as to the history of the cross, but it was probably taken from a prisoner or a dead Hun.

Miss Margaret Tobin, formerly of St. Lambert, Que., announces the marriage of her daughter, Margaret K. (Greta), to Orville A. Jarvis, Regina, Sask., son of Mr. and Mrs. E. Jarvis, Smith's Falls. The wedding took place quietly in Winnipeg.

The death took place on Saturday at Mallorytown of Charles A. McDonald, a well known resident. He was eighty-seven years of age. He was the father of George McDonald, G.T.R. conductor.

READY FOR THE BIG FAIR

(Continued from Page 1.)

"Bob" Bushell, the genial manager, is supervising the countless details in his own expeditious way, and claims that the Weather Man is in league with him to make the exhibition live up to its slogan, "Bigger and better than ever."

Although arrangements were made for the opening day to be especially observed as mothers' and children's day, the school children were not given a half holiday. It was arranged to give the children a half holiday to-morrow, so a record crowd of the little folk can be looked for at the fair on Wednesday.

The Horse Races.

The following horses were entered for the races on Tuesday afternoon:

Green Race.

Baron Brino, by T. Gallivan, Kingston; Alvera, by Frank Eves, Kingston; Pomeriene, by M. Howell, of Bath; Mona Prince, by Dr. Allen, Perth; Joe Patchin, jr., by J. Bannister, Kingston; Dolly Patch, by J. R. Henderson, Trenton; Toddlem, by E.R. Taylor, Napanee; Blondine, by N. Polk, Kingston.

2.35 Class.

Penalty, by W. S. Reynolds, Kingston; Ruth Medienne, by R. Brightman, Picton; Golden Rex, by E. R. LaRoche, Ottawa; Harry K., Field Stock Farm, Hamilton; Danger, by Dr. L. Alyea, Colborne.

Notes of the Fair.

There was a busy scene in the Crystal Palace Tuesday morning when a Whig reporter made the rounds. The sound of the hammer was much in evidence. The hall was well filled, and they were busily engaged in getting the exhibits in order, and it was expected that everything would be in shape for the afternoon.

As usual, the ladies' work is to be a special feature. A large space has been allotted for this part of the programme.

Cataraqui Chapter, I.O.D.E. have arranged a very nice booth, which is decorated with Chinees lanterns and flags. The exhibit of dairy products is a splendid one.

One very fine exhibit which was being arranged for was that in the centre of the main building, consisting of a sample of grains grown in Ontario.

There is also to be shown work done by the returned soldiers from the Mowat and Queen's hospitals.

In the display of vegetables is numbered a fine contribution from Rockwood Hospital and the penitentiary.

The addresses to have been given this afternoon have been postponed till Wednesday afternoon.

Boyd Garage Exhibit.

Situated at the front entrance inside the Crystal Palace is an exhibit of Reo and Gray-Dort cars, which are being demonstrated by the Boyd Garage. The former automobiles are handsome specimens of motor manufacturing and are accepted as the gold standard of values. This is a guarantee of strength and excellence. The fact that no improvements to the staunch engine have been made in the construction for the past four years and that thousands of the cars are in use throughout the Dominion is indisputable evidence of its reliability. The appearance of the car is most alluring, and those on exhibition are beautifully furnished in fine leather upholstering and are fitted with the latest devices.

The Gray-Dort cars are also attracting favorable attention, and their sturdiness is a subject of no little comment among those who know of their dependability. Though a small car it has the reputation of getting a person around without fear of mechanical difficulties. The motto of the manufacturers is, "The Quality Goes Clear Through," and they have lived up to their slogan, as is testified by thousands of satisfied owners in all climates and in sections of the country where the roads are not of the best.

The especial feature of both cars, which is being emphasized by the local agent, George Boyd, is their all round dependability, a result of the careful and painstaking construction at the factories.

Harvey Milne's Display.

One of the neatest displays in the main building, and one which called forth much praise by all who viewed it, was that of Harvey Milne, dealer in bicycles, auto tires, and automobile oil. Much pains were taken in the arranging of the exhibit. There is a very pretty background, showing the picture of a girl and boy riding a wheel, with some timely mottos, "Ride a bicycle," "This is the Life," and "It Is Time to Ride a Bicycle." Six bicycle tires are used in displaying the name of the dealer.

Mr. Milne has been in the business for several years, and is no stranger to the public. In his exhibit he is featuring Cleveland and Hyslop bicycles. Now is the time to get a good bicycle in preparation for next year. Mr. Milne has a good line at reasonable prices. Give him a call when you are taking in the fair. He keeps the very best stock of automobile tires and oils.

Fine Exhibit of Harness.

An exhibit in the main building which is attracting much attention is that of M. J. Dolan, the well-known harness maker, whose place of business is at 219 Princess street. This wholesale harness and saddlery firm has a record extending over seventy-two years, as Mr. Dolan's father conducted the business before him the business being established in 1848. The stock is of the very best, and the firm carries a full line of turf goods. A "dummy" horse fitted out was a special feature of the firm's exhibit. If there is anything you need in this line of trade M. J. Dolan is the man who is on the job and ever ready to do a good job.

The firm has a reputation of turning out first-class work. Visitors to the fair should not fail to see the exhibit, as it is one worthy of special note.

COMMODORE TOM.

The World's Greatest Educated Pony.

Persons visiting the fair will do well to see Commodore Tom, which is without doubt the world's greatest educated pony. As well as all ordinary tricks, it does many other stunts and tricks that are marvellous, such as playing musical instruments, ringing bells and playing tunes just like a person. This pony will keep you laughing throughout the whole performance. The pony was a feature in Lowes' Theatre, Toronto last season. Be sure to take the children to see him when at the fair grounds.

Letters to the Editor

Appeal of the Blue Cross.

Kingston, Sept. 24.—(To the Editor):—As the Blue Cross intends making an appeal to the public for financial aid next Thursday at the fair, will you kindly grant us space in your paper to explain the purpose for which this fund will be used?

The Blue Cross is the war department of the Kingston Humane Society, formed for the purpose of supplying comforts for wounded horses and mules, and is under the leadership of Miss Going. The membership is composed of about 100 boys, who meet every week, roll bandages, and make up spagnum moss dressings, which are forwarded to Lieut.-Col. Walsh, A.D.V.S. They have already sent twenty thousand bandages and many boxes of dressings. Three ambulances have been forwarded to the front by our society for the transfer of wounded animals to veterinary hospitals.

Lieut.-Col. Walsh, in a letter recently received by his family, has this to say in regard to the Blue Cross: "It is doing splendid work for the horses and mules, and the Kingston branch has done exceptionally well. Horses being sent from the front to the hospital are always supplied with a nice, clean dressing and bandage, which adds greatly to their comfort. Our system of looking after suffering animals is as follows: When a horse or mule is sick or wounded he is sent to the nearest mobile veterinary section—if unable to travel an ambulance is brought to the animal. On arrival at mobile veterinary section he receives his second dressing; then when we have a sufficient number we ship them to a veterinary hospital somewhere on the line of communication. Here they receive their final treatment, and when cured are immediately turned over to the remount department, which again issues them to the various units in need of them. I may say that we have one Canadian veterinary hospital in France which will accommodate nineteen hundred horses, so you can form some idea of the magnitude of the work. In the division of which I am now in charge there is a hospital which holds seven hundred animals.

"We also have a school for the training of men in making dressings and the use of different medicines. They are called veterinary sergeants, and receive a certificate when they have completed a successful course. Again we have another school for "farriers" (horse-shoers), which is very necessary now. All of this will give some idea of how the horses are handled over here."

Spagnum moss, which in some respects is better than absorbent cotton, is gathered by the boys around the marshes in certain sections of the country, and brought home, dried, and used in the dressings. The cotton of which the bandages, etc., are made is becoming, like most other articles in these days, very expensive, and we need money badly in order to carry on this humane work, consequently our appeal on Thursday.

—J. R. C. DOBBS,
Sec.-Treas. K.H.S.

The Zionist Council of Greater New York has announced a demonstration at Carnegie Hall next Sunday night to celebrate the liberation of Palestine by the British forces.

The Allies under Japanese leadership have put the Bolsheviki and Germans out of business in the Omar province of Siberia. Two thousand Austro-Germans were taken prisoner.

Mr. and Mrs. Geo. Patterson and Dr. and Edward C. Moloney, of the British Chemical Co., Trenton, entertained a party of eighteen people from out of town from Ottawa, Montreal and New York, at duck shooting this last week-end. They bagged eighteen brace.

Lieut. Rolph McKeil, born and received his education in Gananoque before moving to Guelph with his parents, Mr. and Mrs. George R. McKeil, was killed in an airplane accident in Scotland on Sept. 6th.

E. Taylor has bought the farm, Main street east, Athens, owned by the late William Johnston, I.P.S.

Miss Hester May, Napanee, has taken a position as teacher of Hayburn public school.

G. Flood has purchased the Mulvena property, Athens.

NEW CLASSIFIED ADVERTISING RATES

Owing to the greatly increased cost of newsprint, ink, labor, etc., the British Whig has been obliged to advance its advertising rates somewhat. A sincere effort has been made to minimize the advance as much as possible. The increase now announced applies only to classified advertising, and then only when it is charged. When cash accompanies the copy, the following old rates will prevail.

One Insertion (25 words or less)	.25
Three Insertions (25 words or less)	.50
Six Insertions (25 words or less)	$1.00
One Month (25 words or less)	$2.00

Over 25 words, 1c a word first insertion, and ½c a word for each subsequent, consecutive insertion.

If advts are to be charged, the rates will be double those above quoted.

The cost of sending out a man to collect small accounts today amounts to more than the total revenue derived from such advertising. Hence the increase.

If We Could Save 1/7 the Coal Consumption in Ontario—

IF we could even leave the range cold for one day per week, we could divert many thousands of tons of fuel to more needed uses.

Every home can help in performing this patriotic economy by using Hydro electric power, owned by the people of Ontario.

IRONING DAY MAY BE COAL-LESS

by the use of the Hydro electric iron, backed by Hydro power. It will mean not only co-operation with a war government, but a less tiring day, a successful ironing easily done.

Hydro irons are the best. Made from plans which call for the elimination of every weakness. They cost but $4.50 and we are so sure of their strength that we guarantee them for 5 years of use.
