THE PORTSMOUTH COUNCIL

RECEIVES COMPLAINT ABOUT WALK TO MOWAT HOSPITAL.

Voted \$50 to Navy League—Prison Convicts Too Busy Farming to Complete a Walk.

At a meeting of the Portsmouth Council held on Monday night a letter was received from Medical Superintendent Hopkins, of the Mowat Memorial Hospital in which he complained about the unfinished condition of the conder path running from the village to the hospital. He stated that he realized that there must of necessity be some delay in the undertaking of such work these days, but that he felt that it was a hardship on the men who had been serving overseas to have to walk in the road.

A letter was also received from Warden Creighton of the penitentiary, regarding the construction of the walk, which had been undertaken by convict labor. He said he regretted very much that the work had not been finished, but pointed out that the prisoners had been very busy getting in the crops and the supply of coal.

The council decided to take the matter up with the Inspector of Penitentiaries.

The canvass in Portsmouth on behalf of the Canada Navy League amounted to \$50. The council voted another \$50 to the fund, making a total of \$100.

The council decided to make temporary repairs to certain walks, as it is too late in the year to construct concrete.

The resignation of John Hannah as constable for the village was received and accepted. The vacancy will be filled at the next meeting of the council.

Recruiting figures just received from Ottawa show that since the beginning of the war there have been 581,559 volunteers for overseas service in the Dominion, and that the Toronto Military District leads with 126,772, which is slightly better than giving one-fifth of the whole Dominion. Other Ontario districts have also made creditable showings. No. 2, Kingston, gives 43,236, and the London district gives 43,277. This shows that the Province of Ontario has given close to half the volunteers to date.

At the Theatres

At the Grand.

The Grand presented an exceptionally fine bill last evening in the form of the Vitagraph five-reeler, "The Wild Strain," and this wonderful film had Nell Shipman in the titular role. Everybody remembered her for her work in former pictures, "Cavanaugh" and in her latest release she excelled anything else she had ever done. A strong supporting cast also played a prominent part in this production, and the scenes were mostly laid in the west, and some of them had the atmosphere of the circus that gave the whole picture an interest of enthusiasm about the sawdust ring that no person can resist. Don't miss "The Wild Strain," when it will be shown for the last time to-night along with the other films on the programme which were the Pathe News a screamingly funny comedy, an O. Henry story and other good reels. An act of top-notch vaudeville consisting of Allen and Gray with their nifty nonsense rounded out a good evening's entertainment.

At Griffin's.

Enid Bennett, the pretty and popular Australian screen star, delighted a large audience at this theatre last evening in "The Keys of the Kingdom." This picture is an altogether unusual feature, unusual as to story as well as to the high character of its production. Miss Bennett has a role in which her beauty and dramatic talents find wide scope for exploitation. The story has to do with the devotion of a young girl for her father, who, weakened by dissipation, has deserted his wife, returning just as the latter is about to die. The mother entrusts the keeping of the father to the young daughter, the part played by Enid Bennett, and just how well the girl carries out her mother's wishes is very interestingly told in the play. Miss Bennett has opportunities to prove her ability as a comedienne, while her talents as an emotional actress are clearly depicted.

Another attractive feature of our programme is William Russell, star premiere of motion picture adventure, whose innumerable combats with hard-fisted ruffians ashore and afloat have made his fame as "Fighting Bill." He has a splendid setting for his talents in a new production, "Snap Judgment," which was received with much enthusiasm by the audience last night.

This picture is built on a story of mistaken identity, and leads to a maze of humorous and adventure that ends in romances. It is punctuated with thrills, sparkling with fun and enjoyably different features. In addition to these two splendid feature pictures, an unusually interesting chapter of "A Fight for Millions" and a Sunshin Comedy are shown, making the programme one that is sure to win unstinted praise from all who witness it either to-night or to-morrow.
