NOTES FROM THE Y.M.C.A.

MORE SWIMMING AWARDS HAVE BEEN MADE.

F. J. Wilson has received a Present from an Unknown Friend. Rumors of a Debate With The Fair Sex are Going The Rounds. That the Junior and intermediate members of the local "Y" appreciate the value of swimming instruction, and the need of proficiency in the knowledge of this useful art is evidenced by the continued interest which is manifested. The following is the latest list of those who have been able to qualify and earn the international award button issued by the Health League of America, "Beginners"—William Spooner, Vincent Vernon Richardson, Frank Amodeo, Earl Campbell, "Swimmers' Test"—Edgar Baten, Ken Gimblett, Jack Robinson.

General Secretary Wilson of the local "Y" was recently made the recipient of a handsome "Seafold" Bible printed on best India paper and handsomely bound in morocco. When the bible arrived from the Toronto publishers the secretary wrote to say there was a mistake as he had not ordered, but the reply was that some yesterday party ordered it to be sent to him as a present. Needless to say Mr. Wilson is very grateful to his unknown friend for the very beautiful and desirable gift.

It is certainly fine to note the revival of interest in the good old game of checkers. The tournament is progressing very satisfactorily at the "Y" and the second round will be completed this week. To make the affair more interesting, George Young, secretary of the Military Y.M.C.A. is challenging the winner, who will have no easy job in lauding the award promised by Mr. Young.

Rumors have reached the "Y" that the ladies at the Y.W.C.A. are contemplating a challenge for a debate on a timely topic in the near future. The boys say that they are quite prepared for any surprise.

APPOINTED CHIEF OF POLICE

SERGT. ROBERT NESBITT SUCCEEDS LATE CHIEF BAILLIE.

Constable Samuel Arnel Was Appointed to the Position of Sergeant—Members Given Substantial Salary Boost at Meeting of the Police Commissioners Wednesday Afternoon.

At a meeting of the Board of Police Commissioners, held on Wednesday afternoon, Sergeant Robert Nesbitt was appointed as chief of police, succeeding the late Chief William Baillie.

Constable Samuel Arnel was appointed to the position of sergeant to fill the vacancy caused by the promotion of Sergeant Nesbitt as head of the force. Sergt. Nesbitt has been acting chief of police since the death of Chief Baillie and Constable Arnel has also been acting as sergeant. Both men have had a wide experience in police work, and the appointments have been received with favor on all sides, and both the new chief and sergeant were showered with congratulations on Thursday when the appointments were announced.

The new chief has been identified with the Kingston police force for over thirty years, for the past twenty-five years serving as sergeant. He is a native of Ireland, but went to Liverpool when a boy, and was on the Liverpool police force for several years. He has served the corporation ably and well and merits the promotion he has now received. He has the best wishes of a wide circle of friends.

The newly-appointed sergeant has been a member of the force for twenty years, and for many years has been serving in the capacity of plainclothes man. For the past two years he has been almost continuously engaged in detective work, and in all the work he undertook he has given good service. He is a native of Kingston, and previous to taking up police work was well known in military circles, as for twenty-seven years he was a member of the 14th, P.W.O.R. He holds a long service medal, and had the honor of being the first man chosen in Kingston to attend Queen Victoria's Diamond Jubilee in 1897. He went into the local battalion as a member of the bugle band. He also served in Fort Henry in 1885 at the time of the rebellion.

The new appointments leave a vacancy on the force and a new constable will likely be appointed in the near future. The commissioners had a request from the members of the force for an increase in salary, and in view of the high cost of living the men were given a substantial war bonus.

NAPANEE RED CROSS FAIR

The first part of the programme was an Automobile parade over two hundred auto decorated most tastefully and filled with Red Cross workers paraded Dundas and Bridge streets for over an hour and then the procession disembarked at the Armouries and listened to Col. The Armouries were most beautifully decorated and booths on either side were set up for the display of wares and useful articles.

A nice display of fruits and vegetables were also shown. One exhibit of a perfect model of an airplane was exhibited, the work of a boy of fourteen years of age and nothing could be finer than the workmanship of this toy aeroplane. The ladies of the Red Cross are certain to be congratulated on the success of the fair. They expect to realize over one thousand dollars after all expenses are paid.

SIDLIGHTS ON THE FAIR

SMILING FACES TOLD OF SATISFACTION EXPRESSED.

Main Building Was Jammed With People Early on Wednesday Afternoon—Children Rush For Souvenirs.

Wednesday was certainly a big day at the fair. City and country folk mingled together, and had the time of their lives. Smiling faces greeted you wherever you went. True, the grounds were jammed, but what did it matter if you did stumble over a tent peg or a guy rope in your eagerness to push your way along the famous mid-way, for it was along the mid-way the greatest congestion occurred. The "big show" is taking well. Everyone has the same comment to make about the exhibition, declaring that it is the best yet. Looks as if the directors will soon have to be looking around for new grounds if the fair increases in patronage at its present rate.

"I have been at a great many of the fair falls, but this is without doubt the best," said a man to the Whig. He had warm words of praise for the class of exhibits, and said that they were the finest he had viewed.

Between 3 and 4 o'clock Wednesday afternoon the main building was jammed with people, and every person had a good word to say about the exhibits.

The old saying that it is an ill wind that blows no person good, applies to the "cabbie" and the taxi drivers. Both have been doing a rush of business to and from the fair grounds. The street railway has been handling very large crowds.

It was a great sight to see the old as well as the young enjoy a ride on the ever-popular merry-go-round on the mid-way.

Looks as if the fair will soon have to be extended over an entire week. Can't get too much of a good thing. The children had a great time Wednesday collecting souvenirs in the main building. This is always one of the pleasures at the fair for the "Kiddies."
