**35,000 AT FAIR IN TWO DAYS**

There Were 20,000 People on the Grounds on Wednesday.

**THE FINEST HORSE RACES**

EVER WITNESSED HERE WERE RUN OFF.

Everyone Pleased With the Exhibits and the Attractions—The Kingston Fair Has Been a Great Success.

Wednesday was a record day at the fair. A rough estimate placed the number of visitors at 20,000. The number of tickets sold on Tuesday and Wednesday amounted to 35,000. The weather was most favorable to visitors, and the greatest expectations of the management were realized, demonstrating indisputably that Kingston can conduct a big fair.

Visitors from Ottawa and other points outside Kingston expressed great admiration for the manner in which the whole management has been conducted, and of the high quality of the exhibits. The entertainment features left nothing to be desired and the great throngs took full advantage of them.

The crowd extended nearly half way round the race course both inside and outside the track, and at the same time the grounds about the buildings were jammed. The buildings containing the exhibits were constantly thronged all day, and there was no time throughout the afternoon that visitors were not being admitted. Everyone is pleased with the attractions. There is so much to be seen that one visit is not enough. The ingenuity of the show management is remarkable, for different shows are presented morning and afternoon every day at the midway, producing wonderment and fascination.

Some of the finest horse races ever seen on the Kingston track were run. The best time made was 2:16 1-4, and Manulla, a bay mare, 15 years old, owned by George Powell, of Belleville, was the winner of three straight heats. The other three, Mansfield, owned by J. McDonald, of Toronto; Florence Peters, owned by Thomas Riddell, Toronto; and Rex Alfred, owned by Field and Stroud, of Hamilton, each held second place once, but Manulla sustained her reputation as an exceedingly fast mare.

In the 2.40 class Golden Rex, owned by F. LaRoche, of Ottawa, and driven by himself, again took first money. Robert Patch, owned by Robert Orr, of Belleville, got

**When Appetite Fails And Health Declines Follow This Suggestion**

REQUIRES ONLY A COUPLE OF SMALL TABLETS AFTER MEALS TO FIX YOU UP AGAIN

A New Blood-Food Called Ferrozone Sures to Restore You Quickly. Every day comes the good news of wonderful cures with Ferrozone. In Peterboro' it worked marvels for Louis Meehan—put him right on his feet—made him entirely well.

"About three years ago," says Mr. Meehan, "I had the Grippe which left me in a very run-down condition that finally developed into Dyspepsia. I was unable to eat but a few things and had a craving for acid. I gave up treating with the doctors because they did not help me and on the advice of a friend used Ferrozone. It not only cured me of Dyspepsia and Biliousness, but has built up my strength to what it was before I had the Grippe. I can recommend Ferrozone as an ideal restorative."

Ferrozone gives you force, energy, vim.

It strengthens the stomach, cures indigestion, prevents headaches, guarantees good health.

Thousands use Ferrozone—they all feel better; try it yourself—sold in 50c boxes, six for \$2.50, at all dealers.

second place; Dolly Patch, the three-year-old winner of the green race on Tuesday, took third place, and Danger, owned by Dr. Aylea, of Colborne, came fourth. Danger was second in the last heat and showed that he possessed speed. The best time in this race was 2:24 1/2.

Walter Hurdman, of Ottawa, and official judge of horses at the fair, stated that nothing better was to be seen on the Ottawa track; in fact, in some respects, our races on Tuesday were superior. The results were:

**No Balloon Ascension.**  
 The only disconcerting part of the whole fair on Wednesday was the failure of the balloon to make the scheduled ascension at three o'clock. Preparations for an ascension were painfully slow, but at half-past five it appeared that it would be made. One of the men passed the hat around amongst the hundreds who had waited patiently for the event and boys were scurrying all over the grounds trying to find wood to use in the fire. At six o'clock, however, the manager of this part of the event informed Manager Bushell that the ascension could not be made on account of the wind, and as a result thousands of spectators were disappointed. Strict instructions were given by Mr. Bushell, however, that the ascension must be made on Thursday afternoon, and it is probable that the Farleys will make their sensational parachute drop.

**Wednesday Night at Fair.**  
 Immense crowds attended the fair on Wednesday night. In the bright glow of the powerful Mazda lamps, which are illuminating the midway, the jostling crowd which packed the track was a unique sight. Thousands moved in the centre of the amusement features and the interior of the tents were just as filled with a crowd that viewed with astonishment the freaks of nature in the red stalls.

A new feature was introduced, however, on Wednesday night which was received with plaudits. Under the direction of Prof. Hand of Hamilton, whose reputation in producing fireworks displays of unexcelled beauty and brilliance is known throughout the Dominion, a number of various patriotic devices which had become dark in the evening the powder was ignited and a spectacle of unsurpassed beauty was unfolded to the great throngs that witnessed it from the grandstand and the race track. Various patriotic devices which unfolded in the scintillating brilliance and fiery letters were wrought from the arrangement. No more splendid exhibition of pyrotechnics was ever seen in Kingston.

**Of Interest to Farmers.**  
 Although all the exhibits in the Crystal Palace appeal to the farmers of the district, there are a number in which they should take a particular interest. For instance there is the electrical display arranged by the Dominion department of agriculture to show the various stages of fertilization in eggs. An X-ray photograph of the egg greatly magnified is shown on glass plates which are illuminated in the evening. The result is similar to familiar methods of learning by government experts are explaining the stages of development in the egg. The exhibit is very daintily arranged and in the great rush on Wednesday the demonstrators were kept busy answering the questions of farmers who were desirous of learning the latest methods in egg handling.

The Ontario Department of Agriculture has also installed in the centre of the palace an artistic display of grains. The various grains which are the best specimens which could be gathered from the fields of Ontario are arranged in tiers and are attracting the attention of everyone. The decorations, though simple, are well chosen and the beauty of the wheat, the barley and the oats is well seen in the exhibit.

Not less interesting is the exhibit of vegetables which occupies a section of the building. Some of the finest grades of vegetables ever seen in this part of the country have been placed on view by A. W. Sirrett, local agricultural representative, and are attracting the notice of city folk as well as agriculturists.

Finally the Dominion Experimental Farm has installed an exhibit of

**LEMON JUICE TAKES OFF TAN**

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet cooper will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn, and tan disappear and how clear, soft and white the skin becomes. Veal! It is harmless.

**Notes at the Fair.**

Charles Fraser, a professional writer and trap shooter entertained the crowds in front of the grandstand on Wednesday afternoon with a skillful exhibition of trapshooting. Mr. Fraser, who is a returned soldier, having served overseas with the 14th Battalion, is now physical instructor to the Civil Service Club in Ottawa. He has a record of breaking fifteen clay birds in ten seconds.

Never has the fair grounds had so many automobiles on the grounds as on Wednesday afternoon. They were lined up on both sides of the race track, and nearly a thousand were admitted to the grounds. Several of those who complained about the decency of the midway in former years could be seen at the grounds on Wednesday afternoon. It is not thought that any complaint will be made this season.

The grounds were brightly illuminated on Wednesday night. The splendid electrical arrangements were made under the direction of E. Hartrick of the Local Utilities Commission staff.

The 14th P.W.O.R. band, under the leadership of Bandmaster A. E. Hunt, played all afternoon on Wednesday in front of the grandstand. The organization is making great strides in improvement and is now a first class band.

**WEDDED FIFTY YEARS.**

Mr. and Mrs. R. Bird, Toronto, Formerly of Kingston.

Mr. and Mrs. R. Bird, of 174 Heward avenue, celebrated their golden wedding Monday night at their home. Mrs. Bird was born in the county of Limbert, Ireland, and came to Canada with her parents when a baby of about a year. Mr. Bird was born in Oxfordshire, England. He came to this country as a young man between twenty and thirty years old.

They were married in Kingston in 1868, and all of their children were born in that city. Mr. Bird formerly conducted a large restaurant at the Exhibition here, but, owing to two sons being at the war, he has been obliged to close it. There are two sons overseas, Sergt.
