To-morrow-A Bus Ride Helps

In that city, with a population of well over one hundred thousand, here are 14,000 pounds of meat by-

products weekly. This is based on the killing of 1,500 hogs and 450 head of cattle a week. Various at-tempts have been made to popularize them but, for the greater part, they have gone to the grease tank. Think of it. Over 10,000 pounds

of perfectly good meat products sent to be rendered into fats every week in a city with a population of over 100,000. And yet women complain about the high price of meat. The rational way to equalize the marmerry jest and a promise to write his dy? Buddy who made love to all the ket is to use all the meat. The average price would be lowered correspondingly

"Woman Hath Her Reasons, Which Reason Cannot Know"

Ask a woman why she prefers Lipton's Tea, and the probability is she will

answer "because" and let it go at that. There are, however, cogent reasons for this preference. The first is that Lipton's is the only Tea sold in Canada the quality and flavor of which is guaranteed.

We guarantee it because we grow it on our own plantations. We know the quality of our leaf, and we blend it, and pack it ourselves.

No other firm selling Tea in Canada can give this guar-

COME! THE OLD STYLE PAUL

Yes, they're gone! Sad wrecks, aren't they?fit only for the junk pile or the dismal places where the rubbish is shot. Familiar objects, these, in the days when the coopered

or metal pail was in common use. But those days are passing. With the growing use of EDDY'S INDURATED FIBREWARE

HOUSEHOLD PAILS such losses are reduced to a minimum. Wood pulp, shaped by tremendous hydraulic pressure and baked with intense heat, produces the most durable and economical container for liquids and semi-solids. Eddy's wash-tubs, milk pails, butter tubs, etc., not only outlast the old-fashioned articles of metal or woodenware, but actually cost less money. Your dealer has them.
