**NEW CLASSIFIED ADVERTISING RATES**

Owing to the greatly increased cost of newspaper, ink, labor, etc., the British Whig has been obliged to advance its advertising rates somewhat. A sincere effort has been made to minimize the advance as much as possible. The increase now announced applies only to classified advertising, and then only when it is charged. When cash accompanies the copy, the following old rates will prevail.

One insertion (25 words or less) . . . . . 25  
Three insertions (25 words or less) . . . . . 50  
Six insertions (25 words or less) . . . . . \$1.00  
One Month (25 words or less) . . . . . \$2.00  
Over 25 words, 1c a word first insertion, and 1/2c a word for each subsequent, consecutive insertion.

If notice are to be charged, the rates will be double those above quoted.

The cost of sending out a man to collect small accounts today amounts to more than the total revenue derived from such advertising. Hence the increase.

**GANANOQUE**

(From Our Own Correspondent.)

Oct. 7.—Adjutant Thomas A. Burton, divisional young people's secretary, conducted the service at the Salvation Army hall for the week-end. Sunday evening an impressive memorial service was held for the late Pte. F. J. Gittings, killed in action at the front on Aug. 8th. Pte. Gittings was a captain of the Salvation Army and was in charge of the local corps for some time previous to his leaving for overseas. Protection Lodge No. 51, L.O.L., of which he was a member, headed by the Salvation Army band, paraded to the Salvation Army hall and attended the service for their late brother.

During the past week waterworks and sewer connections were put in, electric lights installed and a telephone added to the equipment of the Gananoque Expt. parsonage on James street. The latter will put the pastor, Rev. Mr. Hollingsworth, in touch with his congregations at Bethel, Eden Grove and Maple Grove.

Since the request for the Sunday conservation of gasoline, Gananoque has lived up to its reputation by complying with the edict. Very few cars have been in the streets on Sundays since the edict went forth.

Union services of the congregations of St. Andrew's and Grace churches were held morning and evening yesterday in the latter church, when Rev. C. E. Kidd, pastor of the former church, took charge. There will be union services again next Sunday in charge of Rev. Mr. Kidd.

Robert Kernahan has been appointed as express man for the town and entered on his new duties the beginning of this month, as successor of James V. Amo.

Rev. W. S. Lennon, pastor of Grace church, is attending the quadrennial session of the Methodist general conference in Hamilton.

Gordon Wilson, spending some time here with his mother, Mrs. D. A. Wilson, Brock street, resumed his studies in medicine at Toronto University.

Mr. and Mrs. C. W. Zaring, who were among the first arrivals last spring to open up their summer homes for the season, have left for their home in New York City, after spending the past four months at their bungalow, "Sultus," on Hay Island.

H. F. Ward, station agent of the T.I.R., spent a few days in Campbellford during the past week and was accompanied back to town by Mrs. Ward and children, who had made an extended visit there.

Ralph B. Britton spent a few days in town with relatives. In company with his wife and child, who had spent the summer at Mudluta Island, the summer home of Charles E. Britton, he left the latter part of the week to resume his duties in New Britain, Conn., where he has been located for some time past.

**TURKEY THE PRIZE FOR WINNING ARMY**

**Germans and Austrians Making Frantic Efforts to Place Ring Around Bulgaria.**

London, Oct. 7.—The Germans and Austrians, the Daily Mail says, are making great efforts to place a ring around Bulgaria in order to hold the railroad to Constantinople. Men are being drawn from thirty-four German and twelve Austrian divisions in Russia, but the divisions generally are poor in quality and weak in numbers.

Germany can use railroads and the Black Sea to throw troops quickly into Constantinople, their chief aim, the paper adds, being to maintain land communication with Constantinople and to prevent the Allies from getting in touch with Rumania.

Constantinople is at the mercy of the guns of the battleship Goeben, and the forts at the Dardanelles are manned by picked Germans.

The Turkish attitude, concludes the Daily Mail, is one of helpless expectation, and Turkey will be the prize of the army which wins the race for the railroad.

**Large Puff Ball.**

Perth, Oct. 7.—While out strolling on the outskirts of the town last Thursday Mr. and Mrs. W. H. McIntyre came across that certain kind of vegetable which is commonly known as "puff ball." At first sight Mr. McIntyre did not know what it was, but upon a closer inspection he soon discovered it to be the ordinary puff ball. He and Mrs. McIntyre brought it to their home, and after taking its measurement, it proved to be one of the largest ever known to be found in this section of the country; it was 46 inches in circumference, 18 inches in diameter and weighed seven pounds. It shone like a first cousin to the mushroom.

**Cheese Factory Closed.**

Brockville, Ont. 7.—The cheese factory at Jasper is closed because the patrons secure more money for their milk by sending it to Brockville firm. They now deliver the milk to Jasper station. The farmers are receiving \$45 a ton less (fifteen cents freight on each eighty-pound can). That would be equivalent to \$41.25 net per ton for the milk or a little over two cents per pound.

**He Is All Right Again.**

Smith's Falls, Oct. 7.—G. F. McKinnon, Smith's Falls, has received notification that his son, Lieut. Harold McKinnon, was wounded on September 27th, and was in hospital at Boulogne. He was wounded slightly in the leg but was quite all right. Lieut. McKinnon was practicing law in Smith's Falls before going overseas.

In England a candidate stands for office, but in this country he has to lump himself and run.

**WEATHER FAVORS FOCH.**

London, Oct. 7.—The weather at the front has undergone a promising change, and Marshal Foch may have another five weeks before the German army is allowed to settle down in winter quarters. But it is thought probable there won't be any settling down this year. Unless the winter is exceptionally severe, the Allied policy will be to give the Boche no rest, thus spoiling his plans for a reinforced spring defense.

Mrs. Phoebe Holden Greig, widow of the late Rev. Prof. Greg, D.D., passed away recently in Toronto in her eighty-seventh year. She was a former resident of Belleville, where her husband was at one time pastor of John street Presbyterian church.

**DOCTORS PAID TRIBUTE**

To the Long Services of Two Sisters of Hotel Dieu.

Last Thursday evening the Roman Catholic doctors of the city paid tribute to the valuable services rendered through fifty long years to the medical staff of the Hotel Dieu by the Rev. and Venerable Sisters Smith and Mary Augustine. In the operating room of the institution, which was appropriately decorated for the occasion, on behalf of the staff and in the presence of the Rev. Mother and Sisters of the community, Dr. Phalen addressed the reverend jubiliarians. He eloquently referred to the early days of the Hotel Dieu, the trials, the difficulties, the struggle, but most of all to the faithful perseverance of the good sisters in their devotion to God and to suffering humanity. Then he contrasted the old building in Brock street with the present Hotel Dieu; so spacious, so well appointed, so complete in every particular, for the great service that it is daily rendering to the city of Kingston and to the surrounding country. He closed his address with most sincere respects to the sisters who presented the kind old nurse with a purse of fifty dollars in gold.

Dr. C. E. O'Connor, in an impressive manner, referred to the great work of fifty years as a religious hospitalier, emphasizing the great spiritual consolation, as well as the physical comfort, that these benevolent sisters had always extended to their afflicted sick.

At the request of the Rev. Mother Farrell, Dr. Ferguson O'Connor responded on behalf of the recipients. He reviewed the many tributes of honor and devotion that have been paid by the community of the Hotel Dieu, the Archbishop and clergy of the diocese, as well as by representatives of sister institutions. It was a source of great satisfaction for these aged sisters to see in the present fiscal year the complete fulfilment of the early aims of the foundresses of the institution, and now this mark of appreciation of their own and the communities' efforts, coming from the staff together with the presence of every member of the staff, is the crowning event in the series of ceremonies that have marked another milestone in the history of the Hotel Dieu. In the name of the Rev. Sisters Dr. O'Connor thanked the staff.

There were present Drs. Phalen, C. E. O'Connor, C. A. Morrison, Robert Hanley, Isabella Conville, W. Chisholm, J. F. Quinley, E. Crowley, F. J. O'Connor, J. A. Kearney and S. Hanley.

**Tidings From All Over Told in a Pithy and Pointed Wax.**

British casualties published in official lists during last week totaled 36,622.

War-time economies practiced by wealthy New Yorkers, resulted on Friday in the appointment of Federal court of two receivers to take over Delmonico's famous restaurant, which has been operated under the same name and family management for approximately 100 years.

London's Board of Health decided that closing schools as a means of preventing the spread of Spanish influenza would be a mistake as it would mean that pupils would be free to roam the streets in the wet cold instead of being in warm, dry rooms.

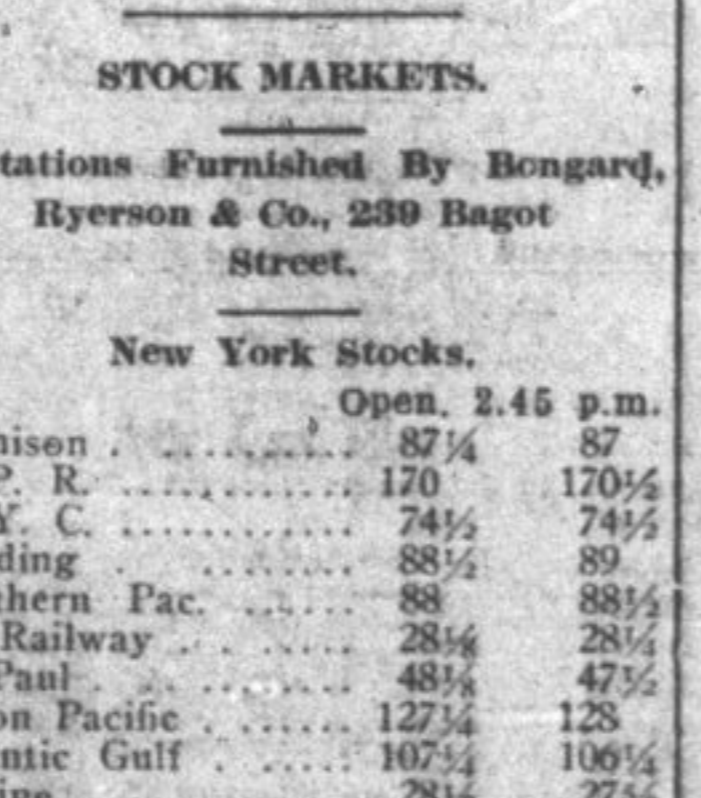

Rev. Dr. Herbert Symonds, vicar of Christ church cathedral, Montreal, will shortly leave for overseas with a party of half a dozen clergy and social workers from Canada and the United States, who will conduct a series of lectures on "Canadian Citizenship" among the soldiers in order to prepare them for their return for civil life.

**METHODIST MEMBERSHIP**

Shows a Big Increase, And Is Now 388,210.

Hamilton, Ont., Oct. 7.—Rev. C. D. Baldwin, the official statistician, presented his report to the General Conference of the Methodist Church. The total valuation of the properties under the control of the Methodist Church of Canada is \$44,178,371, an increase during the quadrennium of \$2,338,791. Of this \$31,090,276 represents the aggregate value of churches. Against this there is an indebtedness of about \$5,000,000. During the quadrennium there was raised for all purposes the sum of \$24,624,518.

The membership of the church in 1914 was 368,992; in 1918 it was 388,210, an increase over the preceding year of 5,168, and of 19,218 for the quadrennium. During the four years 82,664 persons were received into the church. The number of ministers and probationers is 2,739, a decrease during the quadrennium of 110. The number of ministers who died during the same period was 199. There were 142 new churches and 129 new parsonages.

**TO PUNISH GERMANS FOR DEVIATION.**

Paris, Oct. 7.—The French Government has issued a solemn warning to Germany and her Allies that the devastation of territory from which they retreat will be punished inexorably.

The warning says: "The German people who share in the crimes will bear the consequences with the authors, and that those who order the devastation will be held responsible morally, penalty and pecuniarily."

It is added that France is now discussing with her Allies the steps to be taken.

**TO SMOKE OR NOT IS BURNING QUESTION**

**Half Million Earnest Smokers Are Coming Home From War.**

Hamilton, Oct. 7.—To smoke or not to smoke is still a live question at the Methodist General Conference. It may not come up openly for further debate but the delegates discuss it among themselves. The Methodist church will be making a serious mistake if it seeks to magnify smoking into a cardinal sin," said a prominent prelate from across the line.

"It must realize that it will have had a million men coming back from the war before long and nearly every one of them is a smoker. If it hopes to do anything with those men it will be foolish to fly at them with a lecture on smoking to start with. Those men have no doubt found some solace in their smokes while they pass through the hell of this war."

**So serious has the epidemic of Spanish influenza become in Hamilton, there is a possibility of the schools and other places of public gathering being closed. Nine deaths have been recorded in two days.**

**Notice!**

Owing to the prevalence of Spanish influenza in the city, and the necessity of guarding against its spread, it is strongly urged that the citizens avoid public assemblies, and as the disease is transmitted by secretions from the nose, throat and bronchial tubes, the frequent use of a spray or gargle, consisting of permanganate potash, of a strength one part to two thousand of water is recommended.
