

# THE NEW REVELATION

By SIR ARTHUR CONAN DOYLE

Author of "The British Campaign in France and Flanders," etc., etc.

In Sir Arthur Conan Doyle another distinguished mind has been added to the ranks of the spiritualists, and his account of the process of his conversion, in experiments extending over a period of thirty years, compels the respect of the most skeptical.

Of particular value is the summing up of the descriptions of life on the "other side." In this time of terrible loss, the question of immortality has become the burning question of the day. For the bereaved seeking comfort, no less than for the scientific investigator, THE NEW REVELATION is an excellent introduction to the subject of spirit communication.

## "Mother's Tender Flowers"

Watch the tongue of your young! Children droop and wither if you permit constipation poison to be absorbed into their delicate systems.

Hurry! Give Cascarets to clean the little clogged-up liver and bowels. Children love harmless Cascarets because Cascarets taste like candy—only 10 cents a box!

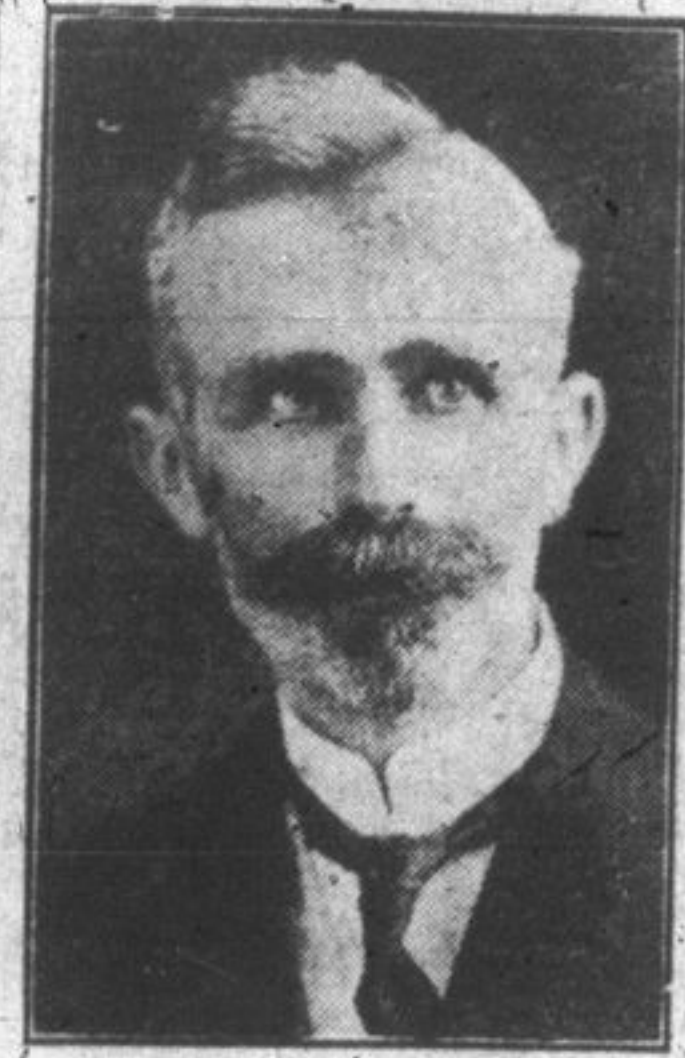

When a child's tongue turns white, breath feverish, stomach sour, mothers can always depend upon safe old "Cascarets" to gently, yet thoroughly clean the little liver and bowels. Cascarets are just dandy for children. They taste like candy and no child need be coaxed to take them even when cross, bilious and sick. Each 10 cent box contains directions and dose for children aged one year old and upward.

## E. HORSEY APPOINTED

COMMISSIONER FOR THE CITY OF KINGSTON.

The City Council Met on Monday evening and Adopted the Finance Committee's Recommendation to appoint Mr. Horsey.

EDWIN E. HORSEY.

Edwin E. Horsey is to be Kingston's first commissioner from now until the first of April, 1919. On the recommendation of its finance committee, the Council on Monday evening appointed Mr. Horsey to this position at \$125 a month, to supply the own clerical assistance and the Council to provide an office for him in the City Buildings. Alds. Corbett and O'Connor moved the adoption of the committee's recommendation. There was no discussion offered upon it, and Ald. Kent, who presided at the meeting in the absence of Mayor Hughes, put the motion, which only carried, however, on a show of hands by a vote of 9 to 6. The Council's session lasted only a few minutes.

In attendance were Alds. Anglin, Armstrong, Black, Clugston, Couper, Chown, Corbett, Hewitt, Kent, Norris, Newman, O'Connor, Peters, Simmons, N. A. Smith and Whitt. Mr. Horsey assumes office at once, and will proceed to deal with the situation here.

### COMING TO KINGSTON.

All Arrangements Completed for Grand Opera.

All preliminary arrangements for the visit to Kingston of the San Carlo Grand Opera Company on Wednesday and Thursday, Oct. 16th and 17th, were completed on Saturday evening between Charles R. Baker, manager of the big organization, and Mr. Branigan, of the Grand Opera House. Mr. Baker came down from Montreal, where the organization has been working for a week, and reported that, even before the box office at His Majesty's Theatre opened for the regular sale of tickets to the eight performances there, more than \$8,000 worth of tickets had been ordered. Indications are that hundreds will be turned away throughout the week in the Canadian metropolises.

Manager Branigan states that the entire company, numbering one hundred people, will come here from Montreal, this total including the twenty eminent stars of the organization, all of whom, under the present arrangement of the repertoire at the Grand Opera House, will be heard here. The San Carlo carries its own symphony orchestra of about fifty players, a large and highly trained singing chorus, and three cars of magnificent scenic and costume effects. The operas finally decided upon for Kingston, and for which tickets will be placed on sale Monday, Oct. 14th, are Wednesday evening, Oct. 16, "Carmen," introducing the eminent dramatic soprano, Ester Ferrabini; Thursday matinee, "Faust," the masterwork of Gounod, the noted French composer, which is now being performed in London, Paris and Montreal; Thursday evening, "Lucia di Lammermoor." Manager Branigan will receive mail orders both from in and out of town up to the time the regular sale opens.

### GIVEN MILITARY MEDAL.

## At the Theatres

(Continued from Page 8.)

"The King's Burglar." Even in a season notable for its many successes, none surpass the popularity enjoyed by the new musical comedy, "The King's Burglar," which will be seen at the Grand Opera House on Wednesday, Oct. 9th, for one night only. This charming musical entertainment is animated, colorful, teems with real humor and has a scopy that will take rank with the best music heard in a play of its kind in recent years. The keenness of the satire with which the divorce question is treated is agreeable, while not offensive; amusing. The melodies throughout the fifteen numbers have a captivating lilt that is more than mere catchiness—in fact every song in the score has about it that rare quality that makes it easy to remember and hard to forget. The characters of the play are above all human and the story they interpret, one that commands attention with the rise of the curtain and holds it until the finale.

### "Hearts of the World."

When "Hearts of the World," the greatest picture of the year comes to the Grand Opera House for three days, commencing Thursday, Oct. 10th, with a matinee daily, the people of Kingston will have the chance of seeing one of the best films ever produced and one that has thrilled audiences throughout the entire country. Although "Hearts of the World" deals with the war, it is really not in any sense a war play, but a love story with the conflict serving as the grim background. Many things that come to the mind when one thinks of war are shown during the action of the photoplay, and such things as the charges of the French soldiers; the great runs in action; the tanks; the thrilling hand-to-hand conflicts and the thrust of the bayonets, are all shown so vividly that they are as good as the actual scenes themselves. Prominent in the cast of "Hearts of the World" are the beautiful Gish Sisters, who made such a name for themselves in "The Birth of a Nation."

### HOPE TO HAVE ENOUGH.

Cape Vincent Has Good Supply of Coal.

The outlook for the coal situation in Cape Vincent is much brighter. Many people who in past years have started their furnaces at the first frost have held off this year until colder weather.

J. Davis, coal dealer, received a shipment on Monday, which completed two-thirds of his winter's supply. Mr. Davis says the allotment is larger than last year, and with only one-third yet to come in the prospects are much better and he does not expect to experience any difficulty in supplying the people's needs this winter.

Many people of the village will remember what hardships they experienced last winter in obtaining coal, and had it not been for the timely arrival of the Hinckley with three hundred tons many of us would have been without coal for many days.

It is now hoped that with everything running as smoothly as at present, that coal enough to last until spring will be in everybody's cellar by the time snow falls.

### DECORATED FOR BRAVERY.

Pte. H. J. Turcotte Gets Military Medal For His Good Work.

Still another Kingston boy has been rewarded for his good work at the front.

George Turcotte, No. 8 Sixth street, has received word that his son, Pte. H. J. Turcotte, has been awarded a military medal.

Pte. Turcotte went overseas with the C.M.R., and was transferred to the Western 8th Battalion. He was wounded in the battle of Vimy Ridge, and was in the hospital for five months. He went back into action in June last.

### Two Fine Portsmouth Cows.

Among the stock exhibited at the Kingston fair, two of the best winners have excited considerable comment. They were the Holstein cows owned by James Henderson and Sons, Front Road, Portsmouth, who secured first and second prizes offered for the best Holsteins. The milk test required a standard of 3.03, but these cows registered, first 4.05, and second 5.02.

## GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it.

Get Hood's Sarsaparilla today. Insist on having Hood's.
