

YEAR 85, NO. 243

KINGSTON, ONTARIO, SATURDAY, OCTOBER 19, 1918

SECOND SECTION

The Man on Watch

Kingston, is getting more like Napanee in the way of spreading rumors and then wondering why they are not in the newspapers.

The Kingston industries committee will be pardoned for not getting that British Explosive Company to erect its T.N.T. plant here.

And now Ald. Newman rises to remark that it is since daylight saving went into effect that we began to win the war.

Here they go and close the churches just as we were getting a liking for setting out regularly each Sabbath morning to get religion.

Since the churches are closed, what's the matter with starting the old-fashioned cottage prayer meeting

The Lampman has no doubt whatever about diseases being spread far more in trains and street cars than in theatres.

A Hamilton man says whiskey is no good for grippe. What does he know about it? The Lampman prefers first-hand evidence, and it disagrees with the Hamilton view.

The Lampman knows of a Kingston doctor who years ago was such a temperance advocate that he would not order liquor in any emergency. But he got over that and some other Puritan ideas too.

It's an ill wind that blows no one good. Here Kingston will get all the electrical power it wants from the Trent because the Trenton munitions plant blew up. Superintendent Nickle's street cars will no longer have to take snoozes on the rails.

No Kingdom of Heaven for those who charge \$15 a cord for wood, according to Ald. Armstrong. The dealers should remember this and drop the price to the figure that the women dearly love, viz., \$14.99.

Yes, profiteering is not confined to the big guys, according to a west-end resident. People who ask sixty-five cents a dozen for eggs, \$4

The Sale of Gin Pills is Greater than Ever

Gin Pills! You've heard of them, of course, for they are the acknowledged and established remedy for Kidney and Bladder Troubles. Gin Pills have restored hundreds of Canadian men and women to health, strength and happiness. Testimonials received by us from persons in all parts of Canada tell us that Gin Pills have relieved them from the sufferings caused by Kidney or Bladder derangements. These testimonials are from people who have used Gin Pills and benefited by them. In most cases they wrote us saying: "Publish this letter, so that all sufferers of complaints such as mine may know what Gin Pills did for me." Gin Pills remedy; that's why they have so many friends.

Gin Pills have been on the market for years; in fact, we believe there are more Gin Pills sold than any other proprietary medicine in Canada. From Halifax to Vancouver you can buy them in any city, town, village or hamlet. Their popularity has been built entirely on the endorsements of those who have been benefited by their use.

If you are suffering from Pains in the Back, Dizziness, Headache, or a General Feeling of Lassitude, you need Gin Pills. Get a box from your dealer; try them, and if they do not help you, write us and we will refund you the purchase price willingly.

Sold by dealers almost everywhere at 50c a box. A trial sample free if you write us for it.

for a very small turkey and twenty-five cents for a tiny piece of camphor during an epidemic are as genuine profiteers as those who are in the limelight. —THE TOWN WATCHMAN.

New Health For Women

The most fatal years in a woman's life are those between forty-five and fifty. Many of the sex enter this period under depressing conditions through overwork or worry about the home, or through a condition in which the blood is weak or watery and so they suffer heavily. Among the commonest symptoms are headaches, feverish flushes, palpitation of the heart, dizziness, back-ache, depression and other well recognized disturbances of the health which signalizes that the blood requires attention. Women urgently need rich, red blood all their lives, but never more so than in middle-life, when the nerves are also weak and overwrought.

Now every woman can prove the prompt help afforded to her health by renewing and building up the blood. It is a test that any ailing woman can make by taking Dr. Williams' Pink Pills, for these pills make rich, red blood, which in turn stimulates the appetite, strengthens the nerves and restores full robust health. Thousands of women have found in Dr. Williams' Pink Pills new health and strength and with them a new happiness and interest in life.

So if you suffer, avail yourself at once of the splendid home treatment which Dr. Williams' Pink so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

When Canada Promises to Pay

- There is no more certain way of making money than by loaning money at interest. —provided the security is good. —provided the borrower is known to be able to pay the interest as it falls due and to repay the principal on the date specified.

When you loan money to Canada you know beyond all possible question your money is safe—the security for the loan indisputable.

Canada's war debt per capita is the lowest among the nations at war—her wealth per capita, enormous—her resources, so great as to be almost beyond reckoning.

And all the resources of Canada are behind the Victory Loan 1918, which will be open to the Canadian people for subscription within a few days.

Like the Victory Loan 1917, it will be welcomed by all loyal Canadians:—

- as an opportunity of proving that we are determined to fight on to Victory with our dollars, as well as with our men and our guns. —as an opportunity of placing our earnings in what is at once the greatest of causes and the safest of investments.

—as a loan in which there is absolute certainty that the borrower will repay and equal certainty that the interest will be paid every six months.

The security is so strong that none can question it—for it is safeguarded by all the wealth that Canada possesses—by all the developed resources represented by her combined industries and by all the untouched resources of her mines, forests, lands and fisheries.

When you invest in the Victory Loan 1918, you will become the owner of a Victory Bond. That Bond is Canada's signed pledge of repayment—a pledge that Canada is in honor bound to redeem—and, in wealth of resources, abundantly able to redeem.
