THE VICTORY LOAN OF 1918

WILL FINANCE THE WAR AND KEEP THE ARMY.

In Its Present State of Efficiency As Well Support all the War Industries at Home.

With a war expenditure of a million dollars a day Canada faces the coming twelve months with the greatest confidence that the people are united in their determination to see the thing to a successful conclusion. This war expenditure means \$569,000,000 paid out for the actual prosecution of the war in the field, on the payment and upkeep of our immense army. But there is more than that to take care of. In the past the Government has had to make provision for the marketing of the grain crop, the output of the dairies, the building of ships and the making of munitions for the armies of our allies. Some of these activities are good paying business propositions and the money we spend now will be repaid, but the Government must have sufficient funds at its disposal to enable it to make advances covering the operations of several huge industries.

Just One Year's Cost.

The forthcoming Victory Loan will finance the Government during the coming year. It will total \$500,000,000 if the expectations of the Finance Minister are realized, and every cent will be needed to carry on the war as we have been carrying it on, that is, to the limit of our resources. The war has cost Canada to date about a billion dollars. It is mounting daily, as our forces increase and as the casualty lists grow. The first six months of the year were comparatively quiet on the Canadian Front, but since

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

If Little Stomach is Sour, Liver Torpid or Bowels Clogged.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomachache, bad breath, remember, a gentle "inside" cleansing should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

SATURDAY'S ANSWER: Right side down at left shoulder.

Foch struck, our gallant men have seen much hard fighting. Large numbers have fallen swelling the total of killed in battle to about 33,000 and the total casualties to about 200,000. This is the record of valor of our Canadian troops. It represents a sacrifice, compared with which the subscribing of a Loan of the dimensions mentioned by the people at home, on terms that would appeal to any ordinary business man as excellent is no sacrifice at all.

In asking for half a billion dollars the Government gives out some figures which show where the money thus far loaned has gone to. What has become of the billion dollars expended up to date? Up to the middle of 1918 we had expended on pay and allowances for the army \$531,704,000. This includes subsistence, billeting, rations, and assigned pay. For the maintenance of the troops in France there was another \$114,366,000. Separation allowance claimed \$71,436,000; clothing \$35,449,000, while the bill for boots and repairs amounted to \$10,600,000. For ocean transport the amount expended was \$16,000,000 and for land transport \$17,000,000. Stores, which include furniture, bedding, utensils account for \$14,000,000. Motor trucks, ambulances and other vehicles have cost us \$9,600,000 and mounts have cost us \$8,591,000. Over \$4,700,000 has been paid for machine guns; \$5,500,000 for kit bags and necessities and the same amount for outfit allowances. These items alone bring the total up to \$814,000,000.

A Comparison.

Our monthly war bill is more than we spent for all purposes during the whole of 1878. This year's war bill will be equal to Canada's total expenditure from 1868 to 1880 inclusive. In the first three months of this year the charges on war account almost equalled the total revenue of 1911. This is a heavy burden, but think what is at stake.

Five hundred millions is the price of Victory this year. It is a small thing compared with some of the burdens of our Allies.

HELD FOR EXAMINATION.

In Connection With The Brooklyn Rapid Transit Wreck.

New York, Nov. 4.—In connection with the Brooklyn Rapid Transit wreck, when one hundred people were killed, William Lewis, train despatcher, pressed into service as a motorman, and Samuel Russoff, guard on the train, were arraigned in police court Saturday on charge of homicide and were held for examination on Thursday. The magistrate refused to grant the request made by an attorney for the B.R.T. that the defendants be admitted to bail. Lewis told Mayor Hylan and the District attorney that he went to work at 5 o'clock Friday morning as train despatcher and that at 4.30 in the afternoon he was assigned as motorman on the Brighton Beach line.

CRUISER GOEBEN FLED.

Enver Pasha and Talaat Have Gone Into Hiding.

London, Nov. 4.—It is conjectured that the Goeben has taken flight for Odessa. Enver Pasha, whereabouts are unknown. Talaat is understood to have gone into hiding. The Young Turk leaders, whose agreement to the proposed surrender was obtained before General Townshend was sent to Mudros, did not throw up the sponge without a struggle, but some knowledge of the preparations which have been afoot for some time past to deal with an obdurate Turkey doubtless weakened their resolution.

Niobe Sailor Uncerths 101-Year-old Document at Alexandria.

Melbourne, Paience, 27 Wroxeter avenue, Toronto, a collector of coins, has come into possession of one of the old Bank of Upper Canada \$10 bills dated at Kingston, March 23th, 1819. Sergt. A. Williams, of the Royal Marines, a sailor aboard the Niobe ran across the bill while convalescing in Alexandria, Egypt, after wounds received at the Dardanelles. Knowing that Mr. Paience was a collector he gave it to him on his return to Canada about eighteen months ago.

Ketcheson has received a letter from Mayor Roscoe Vanderwater, O.C. 2nd Battalion, C.E.F., conveying the information that six German guns captured by his battalion had been presented to the city of Belleville by this unit on behalf of Lieut. D. A. Cameron, M.C., Lieut. R. M. Porter, Lieut. R. B. Cooper, Sergt. W. W. Jack, M.M., and Major R. Vanderwater, who is a D.S.O. These war trophies are now on their way to Belleville, and are: One 10-centimetre gun, two 77-millimetre guns, one heavy and one light machine gun, and one heavy trench mortar.

Officers Get Uniforms at Cost.

Washington, Nov. 2.—Ready-made officers' uniforms and cloths for tailor-made articles will be sold by the quartermaster corps at cost after December 1st. The War Department announced to-day stocks will be carried on that date at quartermaster depots in Washington, New York, and other depots as soon as the stock becomes available.

Who is it in France you are most interested in—a husband, a brother, a son, a friend you long to see again? Picture this boy, trudging, tired and sleepy, back from the trenches.

He sees posted up at an army hut a notice of the overwhelming success of the Victory Loan 1918.

He sees the notice posted that more Canadians bought Victory Bonds than in any previous loan, that money to carry on the fight is assured.

He sees that his self-sacrifice, his courage and self-denial are appreciated, that mighty battalions of Canadian money are marching to reinforce him.

Can't you see his tired face brighten?

Can't you see him hitch his pack and shift his gun with renewed resolve?

What a mental bracer this bulletin will be to the Army of Brave Souls who fight that we may be free?

If Canada-at-home will keep constantly before it the picture of Canada-in-France, then every previous record of investment in Canada will be shattered by the message we will send to our army when the Victory Loan 1918 is closed.
