BIG RALLY FOR VICTORY LOAN

—Lend. Buy Victory Bonds—Was Held in the City Hall on Tuesday Evening.

LIEUT.-COL. A. KIRKPATRICK

TOLD OF WHAT HE HAD SEEN IN GERMANY.

Rev. W. T. Brown and W. F. Nickle, M.P., Urged the People to Do Their Duty and Buy Victory Bonds.

The City Hall was on Tuesday evening the scene of an enthusiastic rally in aid of the Victory Loan. Every seat in the auditorium was occupied and a large number were forced to be satisfied with standing room. This was the first large meeting since the beginning of the campaign, and Kingstons turned out in their hundreds to hear the speeches. While the crowd was assembling the band of the R.C.H.A. entertained the audience with lively musical selections. On the platform there was a representative gathering of the prominent citizens and military men. Mayor Hughes occupied the chair.

Rev. W. T. G. Brown

After Master Arthur Andrews had amused the audience in a rendering of Harry Lauder's "Robin in the Gloaming," Rev. W. T. G. Brown was called upon to address the audience. He spoke eloquently and vigorously, and said that all through this war we have been fighting because we feel that pacifism would be sinful. We have fought in the belief that God is with us. Throughout four years we have given to God the best of our blood and treasure. The old reply of Christ to the Jews, "Render unto Caesar the things that are Caesar's, and unto God the things that are God's," might well apply to Canadians. We have given our men to God, and we must now give our money to the state that has protected us. This is a righteous war, and our men have given of their best. It will be to our everlasting disgrace if we refuse to give our money.

Rev. W. T. G. Brown

In four years the valor of Canada's sons has placed her on a high level. In four years we have seen many oppressed peoples liberated. These things have come about because our men have suffered and given their all. What of the people at home? The war is not yet won. Undoubtedly it will be won. During the past spring and summer Germany had it in her power to strike the fatal blow, but she was restrained and held back. Weakness in our last blow will lengthen the war. It is in our hands to decide whether the blow will be strong or weak. Many are holding back their money because they can get a little more than five and a half per cent. interest on it. Talking plainly, these men are miserable sinners. In time of war we must prepare for peace. Every dollar will be needed for reconstruction. That must be faced for the sake of the men who are coming home. If we get as we ought to give to the Victory Loan we ensure the country's prosperity. Kingston must do its share quickly and well.

Lieut.-Col. Arthur Kirkpatrick

Mayor Hughes then introduced the principal speaker as "Lieut.-Col. Arthur Kirkpatrick, who gave the colonial an opening for some amusing anecdotes. He told several amusing stories of the adaptability of the Canadian troops before settling down to his subject in real earnest. "The Canadian soldier has learned that the word "democracy" means." The proudest moment since I returned has been when some of my old privates come up and say to me, "Glad to see you back," and I return the greeting. "What does this mean?" In twenty months in prison camps in Germany one of the great helps in passing the time was the study of the races presented there. Amongst the crowd were two hundred Russians, and the striking feature about them was the absolute ignorance of the soldier classes. It was hard for Boholavism to get a footing in a country where there is such dense
