

OF CANADA HEAD OFFICE - TORONTO We advise the purchase of

Canada's Victory Bonds as a safe and profitable investment in addition

to being a help to your country. Any Branch of this Bank will take your subscription without charge.

KINGSTON BRANCH,

J. F. ROWLAND, Managev.

An Investment Recommended By Every Bank In Canada

The only real difference between twenty \$5 Government bills and a \$100 Victory Bond is, that the Victory Bond pays 51/2% interest. The security is exactly the same. Behind both bills and bond are the total resources of the Dominion.

Leaving all sentiment aside, it would be impossible to find a more desirable investment than the new Victory Bonds.

Canada's army has splendidly finished its share in saving civilization on the battlefield.

Now let us take up the completion of our share of the task.

Canada must still continue for a time to maintain her soldiers; must provide transportation to bring them home; must arrange for their future so that they may again become self-supporting units in a reconstructed world.

Canada must maintain prosperity at home must continue for a time to finance the purchases of food and supplies for Great Britain and our Allies.

Canada must press forward her great shipbuilding programme in order that she may take her rightful place as a great sea-carrying power.

For all these things hundreds of millions of dollars will be required. To demobilize and re-establish our soldiers in civil life alone will take many millions.

Canada's Victory Loan, 1918, will provide the necessary working capital.

Therefore, Canada's Victory Loan, 1918, must be a great over-subscribed success.

Our part, then, is buy bonds and complete our great victory.
