SHE SUES FOR PAYMENT INCIDENTS OF THE DAY

OF AN INSURANCE POLICY HELD BY HER BROTHER.

Action by Miss Edith Dixon Against the Canadian Order of Foresters—Case Will Shortly Come Up for Trial.

An action has been brought against the Canadian Order of Foresters by Edith Dixon, Verona, in which she claims \$1,000 in payment of an insurance policy on the death of her brother, Pte. William Dixon, killed at the front. Her case is being handled by Nickle, Farrell & Day. The Order, through their lawyers, have entered a defence and plea has followed. The defence is a unique one, of great importance and interest.

In Section 69 of the constitution and laws of the order which was in force at the time of the admission of William Dixon in November, 1914, but all been in force since then, it was stipulated that no benefit shall be payable on account of the death of any member while engaged in naval or military service of any country except in the defence of the British Empire, or any part thereof, and that should death result while a member is engaged in such military or naval service of any country except in defence of the British Empire or any part thereof, the beneficiary or beneficiaries shall not be entitled to receive the insurance or other benefits but all benefits shall be forfeited to the order.

From the proofs of death furnished it appears that the death of the said William Dixon occurred while he was engaged in military service in the European war, which has been carried on for the past four years, but the said William Dixon did not engage in said military service in defence of the British Empire or any part thereof, but on the contrary from, on, or about the 8th day of January, 1918, up to the time of his death was engaged in said European war, which was carried on in defence of the British Empire or any part thereof, but the said war arose and the said William Dixon engaged therein in defence of Belgium, because of the violation of the neutrality of Belgium by the German empire, and the violation of treaties between the German empire and Belgium, and Great Britain declared war against Germany before Germany declared war against Great Britain for the said reasons, and Great Britain and her colonies have, during the past four years, engaged in the said war for these reasons. Therefore, the Canadian Order of Foresters claims that under Section 69 of their constitution and laws, the plaintiff is not entitled to receive the insurance money claimed.

Also, the High Chief Ranger of the Canadian Order of Foresters issued a circular to all subordinate courts of the order, including Court Piccadilly, No. 333, of which William Dixon was a member, advising the officers and members thereof that in case any members of the order who joined after the 1st of August, 1914, should enlist, they ceased to become members of the order.

This case, which will shortly come up for trial, is certain to evoke a great amount of interest, for in it is involved a principle which will affect thousands of insurance policies, and will involve millions of dollars. Owing to the unique nature of the defence, it will probably be looked upon as a test case.

POULTRY ASSOCIATION.

Will Have an Exhibition on Jan. 21st, 22nd and 23rd.

At a well attended meeting of the Kingston Poultry Association, held last evening, it was decided to put on a poultry show on Jan. 21st, 22nd and 23rd, 1919. The president, C. S. Anglin, occupied the chair, and a free discussion as to whether to hold a show was participated in by a number of the members, and it was finally decided by a large majority to go ahead.

R. J. Bushell was greatly in favor of holding the show, and his optimism, seemed contagious and within five minutes between \$50 and \$40 was subscribed by the members present to set the ball rolling. Last year's birds were among the finest seen anywhere and the prizes exceedingly generous, but it is fully expected the coming show will greatly exceed that of last year.

Among the matters decided was to give every returned soldier a pass into the show.

BOYS PRAISED GUILTY.

Threw Stones and Smashed Window at St. James' Church.

Three lads were arraigned before Magistrate Farrell in the Juvenile Court, on Friday morning, charged with smashing a window in St. James' church. The offense was committed about five o'clock on Sunday afternoon. Sergt. Samuel Armitage rounded up the youngsters, and they all pleaded guilty when brought before the magistrate.

The parents of the boys were also present at the hearing of the case. The window was a very valuable one and the case was enlarged for a week in order that arrangements might be made for the payment of the damage, which will have to be met by the parents.

Has Released Several Sunken Vessels East of Kingston.

The Donnelly Wrecking Company has had a very busy month. The steamer William Johnson reached here Friday morning after releasing the steamer Stewart W., which went on Scow shoal, nine miles east of Alexandria Bay, where the steamer Keystone was sunk. The vessel was towed to Ogdensburg on Thursday to be docked. Its shoe, propeller and rudder were damaged. The Stewart W. had 1,600 tons of coal for Quebec.

The Donnelly Company patched and pumped out the barge John Gaskin, sunk in the Soulages canal two weeks ago with 43,000 bushels of oats for the Imperial Government. After lightening it 20,000 bushels, the barge was pumped out and taken to Montreal. Its cargo will be reconitioned by drying.

The tug Frontenac and steamer Johnson last Monday released the steamer Omaha, ashore at Leitchman's point at Waddington, N.Y. After releasing that vessel part of the wrecking crew was sent to the tug Mary, which was sunk three weeks ago below Iroquois, and which will be floated in a couple of days.
