Price 25c per bottle, six for \$1.50. Sold by all druggists or mailed in plain pack on receipt of price. Write for particulars to THE WOODS MEDICINE CO., TORONTO, ONT. (Canada)

Paper Controller About to Order Cutting Off of Unpaid Subscriptions

A public hearing in Ottawa last week in connection with paper conservation, the Paper Controller for Canada intimated that regulations about to be issued would include one to the effect that:

Publishers of daily newspapers must cease sending their newspapers to subscribers three months in arrears unless subscriptions be definitely renewed and all arrears fully paid.

The reason for this regulation of the Paper Controller is that it is the practice of some publishers to send their newspaper until ordered stopped, and this practice frequently means a failure to collect anything for subscriptions in arrears, in which case there is a virtual waste of paper. It is to prevent paper waste that the new regulation has been decided on.

The manufacture of paper consumes labor, wood, coal, chemicals and transportation facilities, and every ton of paper saved means just so much more labor, raw materials, chemicals, fuel and transportation available for urgent war needs. For these reasons the Government insists that paper shall be saved, and proposes that only those who pay for their publications shall receive them.

Under these regulations the British Whig will have no choice in the matter of dealing with subscriptions in arrears for over three months.

You need the British Whig, and we want to continue sending it to you. So, if your subscription is in arrears, please pay up at once to prevent a discontinuance of your subscription.

EXCITED OVER WAR NEWS

VIOLATED SPEED LAWS ON THE LA SALLE CAUSEWAY.

Hitched Up in Hurry to Get to City to Celebrate, and Gave No Thought About Anything Else.

When Walter Corkey heard the good news on the morning of November 11th about the armistice having been signed, he forgot all about speed laws. He was at his home in the country when the joyful tidings came to him, and he immediately hitched up old Dobbin and headed for Kingston. His one ambition was to hit the old town as speedily as possible, as he knew there would be something going on. And there was, all right. Going over La Salle causeway, he made old Dobbin gallop as fast as he could, thereby breaking the law which says that horses must walk over the causeway. He was caught in the act, and as a result was summoned before Magistrate Farrell on Tuesday morning charged with speeding.

Through his counsel, T. J. Rigney, the accused pleaded guilty, but with a smile Mr. Rigney remarked that Corkey was on his way to the city to celebrate the war news.

"And if he was celebrating, no doubt he will not mind paying a fine," replied his counsel, but he was backed on a fee of 87 cents and on to Corkey for his John Gilpin "stunt" over the bridge.

William Toohar, a middle-aged man, shook so much when in the witness box that those who happened to be in the court room thought he would shake to pieces. He was charged with being drunk, and his appearance showed that he had been hitting the pace. He said he got a bottle of Scotch whiskey from a workman as he came out of one of the local factories, but that he did not know the man's name. In addition to the whiskey, the accused also carried a couple of small bottles of lemon extract. This is what the boys put in their two per cent. to give it the much desired "kick," but in this case the accused said he bought the extract for a friend of his who was employed as a cook. However, this part of his story did not look very good to the magistrate, who on investigation found that one bottle had been well sampled.

Toohar was fined \$10 and costs, and was led out of the room still shaking like a leaf.

WILL NOT ABANDON STEAMER KEYSTONE

Capt. William Leslie Is Confident He Can Raise the Vessel.

A report appeared in the Ogdensburg Journal to the effect that the attempts to raise the S. S. Keystone sunk near Brockville, had been definitely abandoned owing to the death of Senator H. W. Richardson and the likelihood of a slump in the value of vessels with the conclusion of peace.

Captain William Leslie, who was engaged in the salvage of the sunken steamer all summer, was interviewed respecting this report and he stated that it is not correct. It is his intention to renew operations next season, as he is positive that he will succeed. The contract is not affected by the death of Senator Richardson.

GOOD THING FOR CITY.

Hamilton Firm Writing for Space at Kingston Industrial Fair.

The Kingston industrial fair is growing with leaps and bounds. On Tuesday R. J. Bushell received the following letter from the Borom Bros., Ltd., of Hamilton:

"We have had considerable experience in fairs and exhibitions, and we know they are a very good thing for the city wherever they are held. We will be very glad to have you accept our application for next year for the same space. If you will send contract forward, we will be pleased to sign it, provided, of course, that we are in a position to take this fair up next year as we have done in the past five at Toronto. Thank you for the kind wording of your letter, and if we can be of any assistance we would be very glad to have you communicate with us."

Specks Floating Before His Eyes

HOHENZOLLERN LOSSES MEAN PROFITS HERE

When specks start to float before the eyes, when everything turns black for a few seconds and you feel as if you were going to faint, you may rest assured that your liver is not working properly.

The essential thing to do in all cases where the liver is slow, lazy or inactive, is to stir it up by the use of a medicine that will clear away all the waste and poisonous matter from the system, and prevent as well as cure all the trouble arising from this accumulated mass which has collected in the system.

Keep the bowels open by using Milburn's Laxa-Liver Pills and you will have no liver trouble of any kind. They will clear away all the waste and effete matter which has collected and make the liver active and working properly.

Mr. John R. Morrison, Grand River Falls, N.S., writes: "Seven months ago I was troubled with a sour stomach, and had specks floating before my eyes. I took five vials of Milburn's Laxa-Liver Pills which cured and cleaned my blood before my length of time. I told my friends about it and they got some, and they, too, find themselves different since they took them. I recommend your pills very highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

NO TRADE WITH THE HUNS.

(Continued from Page 1.) again become powerful commercially.

The question for the people of the Allied nations to answer comes clear and plain. Are the Germans to be permitted to again build up such a power as that which has just been broken. The answer lies in the actions of the people of Britain of America, of Canada. How often during the war we heard the cry, "No trade with the Huns." These words must be acted upon and not used as a mere catchword. Canadians, if you are to be worthy of your sons, if you are going to ensure that their work is to mean lasting peace, you must have neither truck nor trade with the Huns.

The trade mark "Made in Germany" must never again be seen on our markets. Let the Germans trade with themselves or with their former colleagues in crime. We have no need to trade with them. During four years of war, when Canada had no trade with the Huns, our country prospered and grew wealthy beyond the wildest dreams we ever had. It is to Canada's commercial advantage to see that German goods are barred from our markets.

Then there is another reason for banning dealings with the Huns. Our boys will soon be coming home, and with them will come the survivors of the twenty-eight hundred who have been prisoners in Germany. They will tell us of the brutal savagery of their captors. They will be living examples of the way in which they were starved. They will tell how their wounded comrades were bayoneted and clubbed to death. They will tell of the fiendish tortures to which they have been subjected. Their stories will rouse the people of Canada to such a pitch of anger that a wave of indignation will arise against the Huns which they deserve. May that wave of indignation strengthens the resolve of Canadians to maintain firmly their attitude of "no trade with the Huns." See to it, Canadians, that there shall be no possibility of a wave of prosperity in Hunland. You can do it by an absolute boycott of German goods. To you in the future as in the past will be applied the words:

"If ye break faith, we shall not sleep—in Flanders' fields."

ELECTION A MISTAKE DECLARES ASQUITH

As Soldiers in Field Will Be Unable to Express an Opinion.

(Canadian Press Despatch.) London, Nov. 19.—Herbert H. Asquith, former Premier, in delivering an election speech at Caxton Hall, Westminster, last night, said that when the whole future international development of the world was in the crucible it was both a blunder and a calamity that the country should be plunged into the turmoil of a general election. He said his own greatest holding an election was greatly strengthened by the fact that the men most entitled to express an opinion on the reconstruction of affairs—the soldiers in the field—would be unable to vote.

The House of Commons which will be brought into existence, he said, will be of such a nature as to lack the right authority.

Grange Dance in City Hall.

"The Grange Dance" conducted by Mrs. Cohen in the City Hall on Monday night, was a splendid success in every way. Fully 125 couples were on the waxed floor. Milburn's stringed orchestra provided the music. Nothing was lacking in the way of refreshments and the enjoyment continued until 2

WILL ERECT A MEMORIAL

PORTSMOUTH COUNCIL WILL HONOR FALLEN HEROES.

The Matter Discussed at Meeting Held Monday Night—Meeting of Villagers Will be Held Shortly to Receive Suggestions.

A suitable memorial will be erected in Portsmouth in memory of the gallant boys of that village who paid the supreme sacrifice overseas. The matter was under discussion at the regular meeting of the council held on Monday night, when it was decided to hold a meeting of the villagers at an early date to receive suggestions.

Just what form the memorial will take is not known, and the council did not take any action along this line, as it is desired to get the opinion of the people of the village.

The clerk was instructed to ascertain the names of the boys from the village who were killed in action. The clerk will also secure the number of enlistments from Portsmouth. It is understood that twenty-five per cent. of the population enlisted.

Reeve James Halliday presided at the meeting, and all the members were present with the exception of Councillor Redden.

A by-law was passed confirming the appointment of Constable Doyle and Tax Collector McMaster.

Portsmouth ratepayers by paying taxes on or before Wednesday 20th inst can save 2 per cent.

Canadian Financial Institutions to Benefit by Discovery of Ex-Kaiser's Possessions.

Vancouver, B.C., Nov. 19.—Several banks and trust companies, one of the latter defunct, will probably benefit by the discovery that William Hohenzollern, ex-kaiser of Germany, is the real owner of many valuable mines and forests in British Columbia. These were largely purchased by Count Alvo von Alvensleben for his late majesty shortly before the outbreak of the war. Count von Alvensleben cut quite a figure here before the war, made a number of investments and borrowed a large amount of money. He gave out that he was acting for Emperor William of Germany, and the financial institutions that did business with him had no doubt of the fact.

When the war broke out the count disappeared and was later interned in the United States. His investments could not be traced and many people declared that he was an impostor and had never represented the German emperor. Now, however, that his investments have been uncovered, the property may be confiscated, and the count will be had to financial institutions that in good faith loaned money to Count Alvensleben. The result may considerably benefit creditors of the Dominion Trust Company which failed under distressing circumstances in 1914. It is also said that one of the big chartered banks will recover three hundred thousand dollars which it wrote off as a dead horse at the outbreak of the war. It must be remembered in justice to these financial institutions that all dealings with the agent of the emperor occurred before the outbreak of the war.

RUSH FOR DIVORCE

Forty-nine Applications, Over Half From Toronto

Ottawa, Nov. 19.—The close of the year has seen an unprecedented rush for divorce. Forty-nine applications have been filed to be considered next session by the Senate divorce committee. Every week sees a new batch and by the time parliament assembles the total is likely to reach seventy-five. The largest number considered in one session previously has only been thirty-three. Over half the applications are from the city of Toronto.

The question of divorce reform is likely to be considered at the coming session.

The prairie provinces are claiming the right to their own divorce courts and there is a strong feeling that the consideration of divorce should be taken out of the hands of parliament and made a judicial matter. The chief opposition is from Quebec.

TIDAL WAVE DOES IMMENSE DAMAGE

Between Quebec and Three Rivers—Two Vessels in Precarious Position.

(Canadian Press Despatch.) Quebec, Nov. 19.—A tidal wave which swept up the River St. Lawrence last night did immense damage to villages and towns between Quebec and Three Rivers. It was caused by the heavy storm of Sunday and Monday.

Caught in the terrific windstorm that raged in the Gulf last night, two vessels are in precarious positions. An unknown schooner was swept ashore at Fox River, Gaspé, and is a total wreck, her crew swimming ashore, while the steam barge J. A. Tremblay last night was sending out flash signals which read: "Help, need immediate assistance."

Damage to Shipping.

(Canadian Press Despatch.) Halifax, Nov. 19.—Widespread shipping damage is due to the severe storm that swept over this section last week was reported today upon the restoration of communication with points along the maritime coast. In addition to the steamship Cascapeadia, which was abandoned and set on fire by her crew after drifting helplessly in the storm off Cape Race Sunday, the steamer Lake Manitoba and two schooners met with mishaps. The Lake Manitoba, of 3,674 gross tons, was being towed to Halifax to-day by a Governor cruiser.

Queen's University Notes.

A movement is on foot amongst the returned soldiers attending Queen's to form some kind of club in order to band together the veterans of the university. A meeting, to which all returned soldiers have been invited, will be held, the object being to form a club to be known as the Queen's University Overseas Club.

A start is being made to put sports of a grand footing at Queen's. A meeting is to be held this afternoon at five o'clock for all interested in hockey. The hockey situation will be discussed, and officers for the season will be nominated.

May Leave Government

Winnipeg, Nov. 19.—It is reported here that Hon. Arthur Meighen may leave the Government and go to the C.P.R. as general counsel.

SCROFULA AND ALL HUMORS GIVE WAY

There are many things learned from experience and observation that the older generation should impress upon the younger. Among them is the fact that scrofula and other humors, which produce eczema, boils, pimples and other eruptions, can be most successfully treated with Hood's Sarsaparilla.

This great medicine is a peculiar combination of remarkably effective blood-purifying and health-giving roots, herbs and salts, which are gathered especially for it. Hood's Sarsaparilla has stood the test of forty years.

Get a bottle today—now—from your nearest drug store. Always keep it on hand.

Come in and hear it.
