AS AGE CREEPS ON

As age creeps on, vital force gradually decreases, until, when a man or woman is around 50, the kidneys and bladder need assistance to keep them in perfect working order.

Rheumatism, neuralgia and backache are common complaints of those getting on in years. It seems to be the custom to expect these afflictions—conclude they are simply the inevitable results of old age, and that there is no remedy for them.

There is a remedy—Gin Pills—and there are hundreds of people who can prove that the remedy is good.
