SERVICE

Money Makers and Time Savers for the Merchant and Farmer

To All Car Owners: We have been in business at our Kingston branch for one year, and during that period have had dealings with over three thousand different persons. There are over three hundred more Ford owners to-day in this district than there were one year ago. We have tried to please and give service to the public. We pay large salaries to our mechanics in order to secure the best, and we are determined to give the very best service at any cost to all car owners. We have mechanics who understand thoroughly any make of car. No matter what make of car you drive, we can supply your needs.

We sell all high-grade tires. The "power-maker," a device with which you can saw your wood, do your grinding, pump water, fill your silo with your Ford car. We keep stop-glare devices, anti-freeze, tire accessories, in fact, anything and everything to suit your requirements.

We wish to thank our many customers for their patronage during the past season and wish you all a very Merry Christmas and a Prosperous New Year. We are, cordially yours,
