A LIEN WRIT IS SERVED

ON UTILITIES COMMISSION BY KINGSTON CONSTRUCTION CO.

Electrical Pump at Waterworks Saves \$1,930.14 in Coal in Four Months - Saving Will Be Greater When Electrical Consumption Increases.

At the Utilities Commission meeting Monday afternoon, General Manager Folger announced that the Commission had been served with a lien writ by the Kingston Construction Company for \$2,812.94, due in connection with its gas tank contracts.

The Commission passed upon the street railway power agreement that had been held in abeyance for some months.

Mayor Hughes directed the attention of the Commission to the desire of the City Council to know if steps were going to be taken towards securing a purer water supply.

Commissioner Elliott said he was not going to move a resolution praising the work of Chairman Chown, because he knew the chairman would not desire it, but he felt free to say that the work of the commissioners during the year had been most harmonious.

NOT EXCEEDING MARGIN

OF MILK PROFIT ALLOWED BY ORDER-IN-COUNCIL

Report Made to City Council—The Kingston Milk Dealers Are Entitled to Prices They are Charging.

The committee, consisting of R. E. Burns, Joseph O'Neil and M. P. Reid, appointed to investigate the cost of milk to the distributors and the conditions under which it is bottled and sold, reported to the city council that it found that the change made by the Canada Food Board in its sitting of Nov. 7th, that the distributors in Kingston are exceeding the gross margin of profit allowed by order-in-council, is not sustained by the investigation.

While the order-in-council makes no allowance for cost of processing milk as compared with delivery of milk direct from the dairy, the commission stated it was of the opinion that in the interests of the consumer such treatment should be encouraged by allowing the distributor who uses the process at least the cost of the process in excess of the price demanded of his competitor.

Many a meek little girl who has no opinion of her own before courtship, develops into an autocrat shortly after marriage. If you would be classed as a good fellow, all you have to do is to applaud your fool friends. No man is born with a silver spoon in his mouth, but lots of men die with gold in their teeth. Industry and prosperity are spelled differently, but they mean about the same thing.
