Easy to Make This Pine Cough Remedy

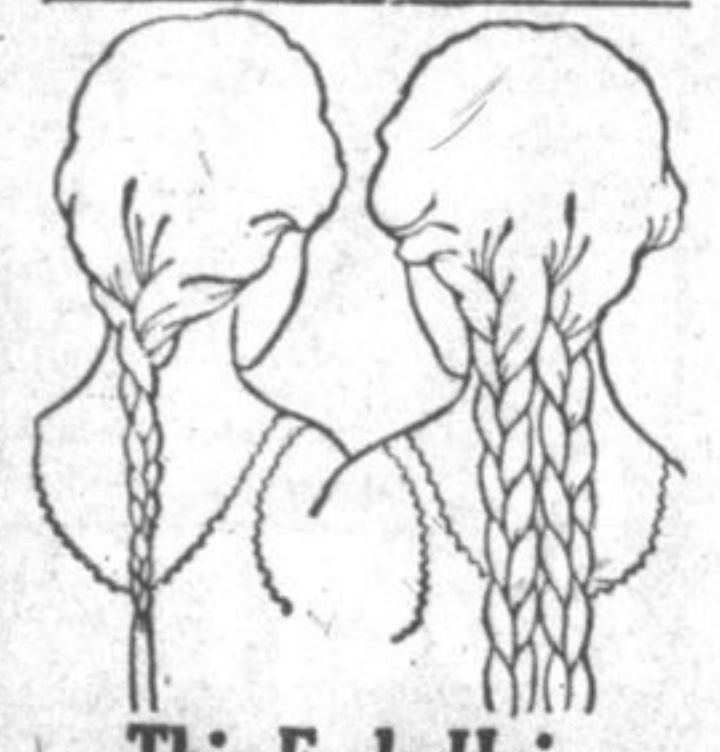

Thousands of families swear by its prompt results. Inexpensive, and saves about 5c.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose. Pine cough syrups are combinations of sugar syrup, either way, you make 16 ounces—more than you can buy ready-made for \$2.50. It is pure, good and very pleasant—children take it eagerly. You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid too for bronchial asthma, hoarseness, or any ordinary throat ailment. Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

OPERATED WHISKEY STILL

SYDNEY LEE CALLED UPON TO PACE A SECOND CHARGE.

Pleading Guilty and Was Fined \$100 and Costs, Whisky Still in Jail—Council Will Ask Ottawa For Remission of Sentence.

Pleading guilty, through his counsel, A. B. Cunningham, to a charge of operating a whiskey still on his premises, without a license, Sydney Lee, butcher, of Harrowsmith, was on Wednesday morning fined \$100 and costs with one month in jail. Just recently Lee was fined \$200 and costs by Justices of the Peace Hunter and Allison, on the complaint of License Inspector William McCammon, who visited Lee's premises and found a still and some liquor. Counsel for Lee is making application to Ottawa to have a remission of the sentence. The charge was laid by the local inspector of inland revenue.

Mr. Cunningham pointed out to Magistrate Farrell that this was the second charge which had been laid against Lee. The first charge was under the Ontario Temperance Act, and on this occasion the accused was fined \$300 and costs. Mr. Cunningham further pointed out that the justice of the peace, who imposed this fine, had taken into consideration all the circumstances of the case—that of the finding of the still and the whiskey. At that time, it was not thought that there would be any further prosecution, and the fine was accordingly paid. Under the circumstances, Mr. Cunningham asked that the minimum fine be imposed, and the magistrate did accordingly.

GANANOQUE

(From Our Own Correspondent)

Dec. 18.—A batch of Gananoque heroes comprising Ptes. William O'ford, Mack Cotton, James Bowman and E. C. McFarlane, and Gunners Martin Nalon and Arthur Dyke, the two latter being first contingent men, who left here with the 3rd Battery of the 1st Brigade in the fall of 1914, and who recently arrived in Halifax on the steamer Olympic, enroute to Europe yesterday afternoon and were greeted and formally welcomed home by Mayor Wilson and a delegation from the town council as well as a large crowd of citizens, including a goodly number of returned men.

The town council met on Monday evening for the preparation of the town's financial statement for the past year. The deficit seems to be increasing to some extent instead of diminishing as the ratepayers would desire.

The funeral of the late James Clark, who passed away on Sunday at the family residence on North street from pneumonia, leaving a young widow, who is also confined to her bed seriously ill with influenza, and two young children, was held yesterday afternoon to Gananoque cemetery.

Letters to the Editor

Mr. Cook Makes Explanation

To The Editor:—I notice in your paper of last evening, Dec. 17th, a complaint was made to the Great War Veterans' Association that a widow with three children working in a local industry had been dismissed from her employment for inadequate reasons. I believe the Dominion Textile Company is the industry referred to; therefore permit me to make the following statements:

The widow referred to has not been discharged, but temporarily laid off, the reason was we were over-producing in this room and, as the woman was the last one to be employed, she was the first one we asked to lay off for a few days or until such time as we had work for this department. This department has been running short time, stopping Saturdays and early during the week days, and we were following our usual rule in laying off employees.

We have absolutely no interest or any prejudice against any organization to which this party may belong or may contemplate joining.

We find upon investigation that this widow has one child and is in receipt of a Dominion Pension of \$48 per month; that she owns a fine piece of property on John street, both the dwellings are rented and she is boarding in one of them; consequently our act by no means made her an object of public charity.

We also find that other employers here had cause to complain of this widow's irregular attendance at work which amounts to indifference. Her father was formerly employed by this company for several years before enlisting and when he returns, his position will be given back to him if he so desires.

Yours truly, Dominion Textile Co., Limited, Kingston, Ont. Branch, William Cook, Superintendent.

The letter pays a high tribute to the splendid qualities of the dead soldier, and extends the sympathy of his comrades to his relatives.

IVORY BRANDS

Those who wish to purchase Ivory Toilet Articles for Christmas presents, etc., are greatly bewildered with the variety of brands stamped on each article. For instance an article stamped French Ivory might be manufactured in United States, Canada or Japan. The original brand stamped Oriental Ivory comes from Great Britain, and each piece is not only uniform in color but will last probably ten years or even longer.

Watertown Educational Authorities Refuse to Accept Cut. Watertown, N.Y., Dec. 18.—Saying that they are unable to maintain the schools at efficiency with a cut in the requisition of \$20,000 made by the aldermen in compiling the 1918 budget, the Board of Education by unanimous resolution, invoked the school law of the state, which makes it mandatory upon the municipality to furnish funds for school purposes not exceeding an aggregate of \$31 per pupil. The board demanded that its requisition be granted as asked and that the \$20,000 reduction be restored as under the per capita aggregate.

ACID STOMACH IS DANGEROUS

Often Followed by Serious Gastric Ulcers, Says Authority. Most Frequent Cause of Dyspepsia and Indigestion, Says Keep Stomach Sweet With Magnesia. "Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are caused nine times in ten by chronic 'acid stomach,'" says a well-known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining and often leads to gastritis accompanied by dangerous stomach ulcers. Don't lose an acid stomach with peptic or artificial digestants that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines. The acid, which caused the trouble, remains in your stomach as dangerous as ever. Instead, neutralize or sweeten your acid stomach after meals with a little hot water and Bisurated Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better to sweeten and settle an acid stomach than a good Magnesia bath. It soaks up the harmful excess acid much as a sponge or blotting paper might in just a few minutes. Bisurated Magnesia is the special magnesia that should be used for this purpose and it can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and not at all expensive.

Why Not Choose a Grand?

ASIDE from the superiority of the Grand over the Upright as a mere musical instrument there is an indefinable something about the Grand which makes it not only a harmonious part of the drawing room, but an integral part of the intimate life of the homefolk. The pride of possession which goes with the acquisition of a Grand is a feeling that is closely linked with the Christmas sentiment; hence the explanation of the fact that more Grands are brought into homes during Christmas time than at any other time of the year. You have probably delayed the purchase of a Piano until after the war. This Christmas—the Peace Christmas—should see a Grand in your home. Come in and see these world-famed makes before fixing in your mind WHICH piano to buy.
