In the World of Sport

Sporting Notes

Lieut. George Bickle, former kicking half-back of the Toronto R and A.A., has returned from the front.

Lee Ford will manage the Cleveland Indians again. That comes from Jimmy Dunn, president of the club, and he should know.

The fact that the N.H.L. has decided to pass up the Spalding puck and to use the Art Ross puck will, no doubt, make Jimmy Murphy, the Toronto sporting man, red-hot.

Toronto Beache's hockey league has 75 teams entered in its senior, intermediate, junior and midget leagues. A league of this sort is sure to produce future stars for the Queen City's O.H.A. club.

New York Giants want Earl Smith, the Rochester catcher, but Arthur Irwin says it will cost McGraw \$10,000 to get him. Smith played in Hamilton last season, but was holding down first base, and the fans were not averse to see him in the position where he shines.

Phil Dwyer, the well-known turfman, who died in June, 1917, left an estate valued at \$464,399. His grand-daughter receives the income of \$100,000 until she reaches thirty, when she gets the principal. Two nieces and a nephew get \$10,000 each, and five of Dwyer's wife's cousins get \$2,000 each.

WILLARD PREFERS CARPENTIER FIRST

Wants Rickard to Manage Him, but "Tex" Already Has Frenchman.

Following the news that Promoter Tortorella of New Orleans had decided to offer \$75,000 to Champion Jess Willard to box twenty rounds with Jack Dempsey in the Crescent City early in March, came information yesterday that Willard wants to box under the management of Tex Rickard.

If Carpentier visits America it is understood that he will under contract to Rickard, with the possibility of first point of view, however, a battle between Carpentier and Dempsey, followed by a bout between the winner and Willard would probably appeal to Rickard.

If Carpentier doesn't cross the Atlantic and there is no legalized boxing here in the early part of 1919, Dempsey will have Willard in a corner. Providing Tortorella means business with his \$75,000 proposition, Willard will be forced into a championship battle with Dempsey unless the big title-holder sews himself up in a contract with Rickard.

STARS OF TROTTING TURF

Eighteen Winners Won \$5,000—Nella Dillon Won \$15,914.

The best argument that trotting races are still in vogue is the annexed list of 18 harness horses who each pulled down over \$5,000 in winnings during the season just closed on the Grand Circuit tracks.

Nella Dillon earned \$15,914 during the season, and was closely followed by Ante Guy, Prince Loree and June Red. Of the 198 trotters entering the money winning list, 50 per cent. earned their winter's oats or at least \$400.

Twenty-three trotters won amounts from \$2,000 to \$5,000 while 24 different animals pulled down amounts from \$1,000 up to \$2,000.

Trainer Thomas W. Murphy drove no less than six different trotters that won \$5,000 and over, viz: Ante Guy, Chicout, David Guy, Chestnut Peter, Royal Mac and Petrex, Walter Cox, his nearest competitor drove two of the big winners, Lu Princetown and Peter Vonia, Mike Devitt, Joe Serrill and Ed. Geers are the only drivers beside Murphy who succeeded in driving a single horse to win \$5,000 or over, viz: Joe Serrill, Nella Dillon; Mike McDevitt, Prince Loree, and Ed. Geers, June Red.

Word has been received of the marriage in England on Nov. 15th, of Lieut. W. Fraser, Macbagall, R.A.F., Carleton Place, to Lilian, only daughter of Dr. and Mrs. W. T. Pitts, Nottingham, Eng.

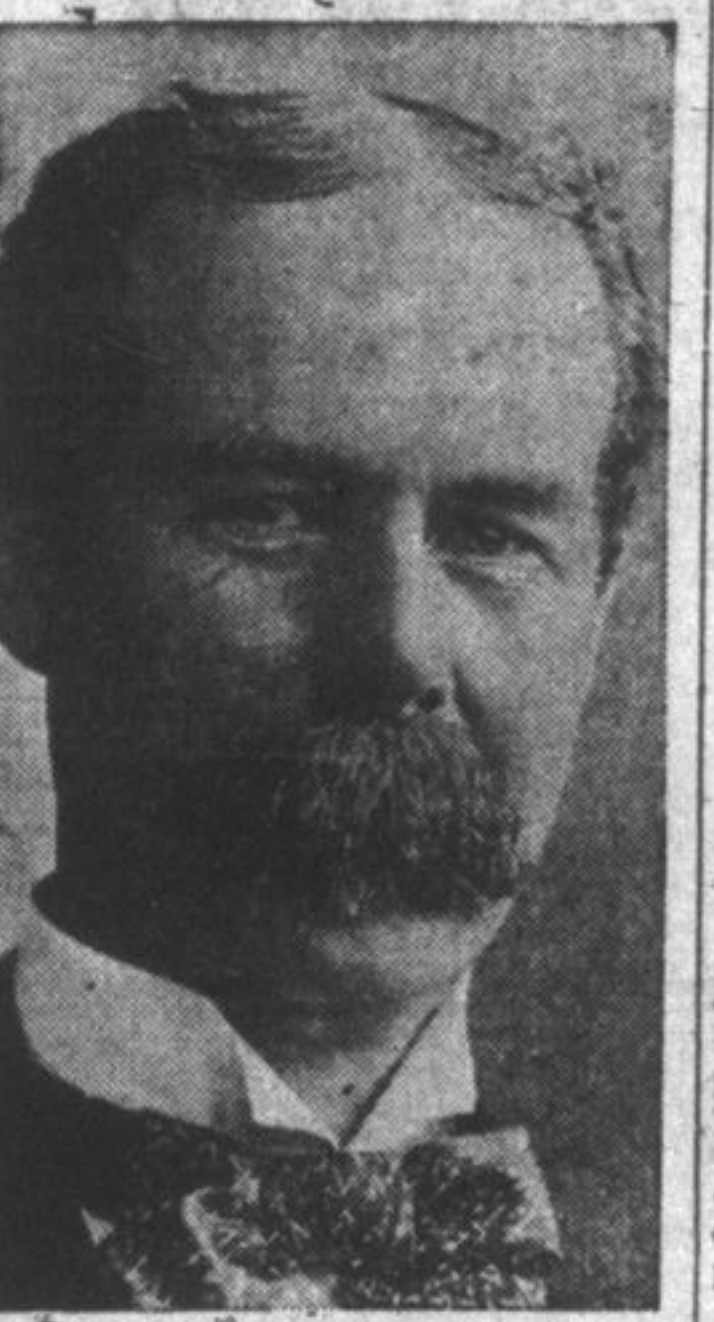

PAL MOORE
He defeated Jimmy Wilde in London Prize Ring.

Racing To Be Resumed.

Official confirmation that racing in Canada, which was discontinued for "the duration of the war," will be revived next May, is admitted by no less an authority than Joseph-E. Seagram, president of the Ontario Jockey Club. That there remains many details to be ironed out goes without saying. However, the mere fact that idle rumor has been supplanted by virile announcement has clarified the atmosphere to such an extent that stout hearts predict the most prosperous season of racing in the history of the parent organization. True, the yamps of the turf—the half-milers—must be "stilled," but unless present plans miscarry the gabot will be no applied as to forever preclude the possibility of a recurrence of the unenviable aroma which permeated the atmosphere during the season of 1917.

W. P. Fraser, secretary of the Ontario Jockey Club, when seen, refused to be quoted in detail, but like Col. Hendrie, who accompanied the general "sec." to the Guelph horse show, was not averse to admitting that "all arrangements have been made to open at Woodbine next May."

SIR THOMAS LIPTON
America's Cup Challenger.

PENALTY RULE FAVORED.

While Forward Pass Is Not Thought Much Of.

The consensus of opinion among hockey critics, who witnessed the test game between the Ottawa and Canadian teams, is that the new penalty rules will be found very satisfactory. Members of the Ottawa team are unanimously in favor of retaining them. The offside pass, however, does not seem to have met with such favor. Slim Smith declared that the area is too narrow, and that the national league will either have to extend "No Man's Land" to make it conform with that of the coast league, or abandon the forward pass. Referee Butterworth and McKinley also expressed similar views.

COBB FREE AGENT; MAY JOIN KILTIES

Col. Ruppert Is Ready to Pay Georgian Huge Salary Next Season.

Tyrus Raymond Cobb is anxious to end his baseball career as a member of the New York Americans, so the baseball world may soon be startled by news of a big cash offer by Colonel Jacob Ruppert for the famous Georgian.

Upon his return from France this week Cobb made a rather significant statement. He said that he was tired of baseball, but that he might succumb to the lure of the game next spring. He then added that he considered himself a free agent, inasmuch as he was given ten days' notice of release by the Detroit club last spring.

It is understood that the contract under which Cobb drew \$20,000 annually expired last fall. Tyrus is a man of independent means now, and a big salary will be required to coax him back into baseball. The Detroit club may not feel equal to assemble such a heavy obligation, inasmuch as the Tigers could not show a profit last season, even with Cobb as an attraction.

If this speaker was worth \$50,000 to the Cleveland club two years ago, Cobb would certainly be worth as much or more to the Highlanders now. He not only is the best "box office" attraction in baseball, but right now he would complete an all-star outfield for Huggins. If placed in right field he would make the fans forget Gilhooley.

MANITOBA ADOPTS O.H.A. OFFSIDE RULE

Will Allow Substitutes, But Made Restrictions on the Soldier-Players.

Some radical changes were adopted in the rules of hockey to be played in Manitoba this season, when the Manitoba amateur hockey association on Wednesday evening decided to have the six-man game, the O.H.A. on-side rule which allows a man to be asked on-side, and no offside off the goalkeeper within ten feet in front of the net. In a match each team will be allowed substitutes to be used at any time during the game, and in addition, a substitute goalkeeper. The substitutions are to be made without interruption of the play and only six men are to be allowed on the ice at one time. The length of periods was not changed, the Manitoba body favoring the old half-hour system. The residence rule stands. It was discussed for a while with a view to favoring returned soldiers.

The only concession made is that a returned soldier's absence on military duty will not affect the continuity of his residence in his "home town" as his previous place of residence is termed.

What Happened to His Sins.

It stepped into the express elevator of a skyscraper and was the only passenger. Presently approached three of the blackest of colored men; two evidently just arrived from the South. They asked the starter a question, evidently with regard to the location of a tenant. The starter pushed all three into the car and said to the elevator boy, "Fifteenth." As the car didn't start right away, one of the darkies, after scrutinizing the car, said to me, with evident surprise: "Be this you ails office Mistah Jenkins?"

One of his companions who evidently had made the ascent before replied: "Dis am no office! Dis am de elevatuh! You jes wait 'till she go up. Be Lordy, dat's nuthin' to what she do comin' down! All you sins jes' rise up befoh you!"

Carving Ivory An Old Art.

In the middle ages the art of ivory carving was highly developed, while everybody knows the work of this kind that comes from India, China and Japan. It is probable that among the ancient specimens from the East a considerable number were made from mammoth tusks found in northern Asia. It is an interesting fact that the ivory carvers of India prefer to work African ivory because they find that its grain is finer than that of Asiatic ivory, while it is less likely to turn yellow.
